On the surface, Vince Lombardi is simply the name of one of the greatest football coaches of all time. In football folklore, however, the name Lombardi is synonymous with all the qualities and characteristics required to become a winner. Intangibles such as dedication, pride and a winning attitude.

At American Coach, we adopted the Lombardi style and philosophy, and made it our game plan for the future. Coach Lombardi loved what he did for a living. So do we. You’ll see it reflected in all our people. All our products. And, everything we do.

You’ll even witness it, firsthand, at the team rallies as a new American Coach owner. Because you are the most important member of our winning team. Without you, the game is lost. That’s why you can rest assured we’ll do everything in our power to keep you in uniform and on our playing field.

We invite you now to experience the thrill of victory, the pride of ownership and the genuine sense of belonging you’ll discover as an American Coach owner. Welcome to the team. Welcome to American Coach.
