REMEMBER YOUR FIRST LOVE

2010 AMERICAN EAGLE
2010 Eagle 45B shown with Amaretto Stone interior décor & Regency Cherry solid wood cabinetry.
Love at first sight.

One glance and it all comes rushing back... the look you can't take your eyes off of... suddenly your heart is soaring. American Eagle's irresistible style, performance and luxury make it easy to fall in love again, for the very first time.

Step inside and embrace the loving details... exquisite woodwork, romantic ceiling lighting (with dimmers, of course), the rich leather sofa, and tastefully designed furnishings. With its roomy work surfaces and optional, full-sized refrigerator, the gourmet kitchen holds all the ingredients for your culinary fantasies. After dinner at the romantic dinette, slip the dishes in the dishwasher and relax. Love was meant for this.
Home is where your heart is.

Bask in the glow of the beautifully appointed vanity and rejuvenate in the spa-inspired shower. With Kohler faucets throughout, you’ll be forever enchanted. And at the end of the day, your Sony wide screen TV will win your heart as you relax in the opulent comfort of your private master retreat.

CABINETRY CHOICES†

†  Interior décors and/or woods may be subject to change. Printed fabric samples above are representations of actual fabrics and may be limited due to standard printing technology. For actual samples, see your American Coach dealer.
Not all available options are shown. See your American Coach dealer or visit our website at www.AmericanCoach.com to see all available options. Seatbelt configuration may vary depending on options chosen.
1. **GVWR (Gross Vehicle Weight Rating)** is the maximum permissible weight of this fully loaded motor home. The GVWR is equal to or greater than the sum of the (UVW) unloaded vehicle weight plus the (OCCC) occupant cargo carrying capacity.

2. **GAWR (Gross Axle Weight Rating)** is the maximum permissible loaded weight a specific axle is designed to carry.

3. **GCWR (Gross Combined Weight Rating)** is the value specified by the motor home manufacturer as the maximum allowable loaded weight of this motor home with its towed vehicle. Towing and braking capacities may be different. Refer to American Coach and chassis manufacturer's manuals for complete information.

4. Length measured from front bumper to rear bumper (excludes accessories).

5. Excludes safety equipment and awnings.

6. Motor homes feature a body-width over 96" which will restrict your access to certain roads. Before purchasing, you should research any state and/or province road laws which may affect your usage.

7. Tank manufacturer's listed water capacity (WC). Actual propane capacity is 80% of water listing as required by the safety code.

* UVW and OCCC are found on the label containing the federal certification tag in each RV.

† The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependant on the weight of the towed load. Consult with hitch receiver manufacturer for further information.

2010 AMERICAN EAGLE
Technology this groundbreaking requires an expert team. That’s why American Coach and Spartan decided to join forces - to create a rugged, modular chassis system for an incomparable driving experience. Since 2004, the American Coach line has been built on the Liberty Chassis, an integration of superior American Coach framing technology and the Spartan Chassis modular system, providing the strength and structure for a ride unrivaled in the luxury coach industry. So even coupled with a high-performance diesel engine, you’ll enjoy the lowest levels of vibration for the smoothest riding coach on the road. Consider it our salute to integrity.
