THE WORLD'S FINEST FIFTH WHEELS SINCE 1968

The 2009 Cameo 36FWS with the industry's only full-wall slide-out. Featured in Breckenridge décor with Glazed Maple wood, the spacious kitchen, easy refrigerator access and walk-through bath are just a few of the features that RVers look for, while the household names such as DuPont Corian and Samsung electronics are the brands RVers trust.

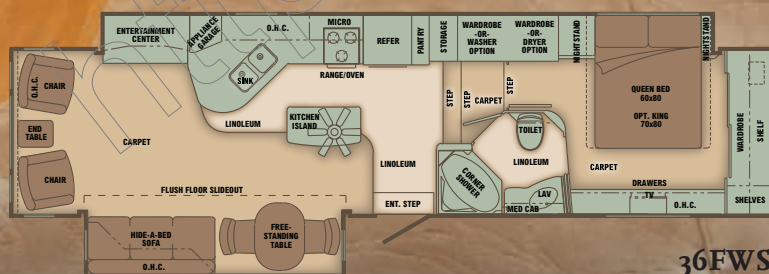

[WWW.CARRIAGEINC.COM](http://WWW.CARRIAGEINC.COM)

For 40 years Carriage has been building full-time friendly fifth wheels that are built to last. We are proud of our heritage and the picture inserts with this brochure provide a look back at old units and our 40-year old history. We are proud of our past yet continue to be an innovator toward the future.

36FWS

Our 37RE3, featured in Espresso décor and Cherry wood, also showing our optional split-level island with bar stools. The Samsung LCD TV rises up or down from the rear entertainment center with the push of a button to stay concealed when the view from the large rear windows demands to be seen.

THE LARGEST BATHROOM VANITY IN THE INDUSTRY!

THE POCKET DOORS ALLOW TOTAL PRIVACY IN THE BEDROOM, WHILE THE WINDOW OVER THE BED ALLOWS FOR AN INCREDIBLE CROSS-DRAFT WHEN DESIRED.

This page features our new 37KS3, which with the bathroom vanity as part of the slide-out allows for the most spacious bath deck in the RV industry. The sink also has more space than most houses, and storage is abundant throughout the entire bedroom. Shown in Breckenridge and Cherry.

The 35SB3, here in Cherry wood and Rosemary décor, revolutionized side baths in our industry when introduced 2 years ago. With the dimming halogen lights, wood-trimmed window boxes and private bathroom, you walk in and feel right at home...on the road.

## Roof Construction - R16

### CARRIAGE "H-SEAL"

**FEATURE:** Two seals double the chance at sweeping away moisture and debris while sealing off the elements twice as much as our competitors.

**BENEFIT:** Two seals are better than one. Our seals are also made of a denser material that will seal tighter than the competition.

### ALUMINUM ROOF TRUSSES 16" ON CENTER, WITH A 5" CAVITY AND A 3" CROWN

**FEATURE:** Household construction with household fiberglass insulation.

**BENEFIT:** 16" centers and 1/2" decking allow for a walkable roof, while the insulation maximizes the AC efficiency. Lighter weight than wood/Steel trusses with no chance of rotting or rusting. Also breathes the best, with no condensation buildup.

### ALUMINUM STUDS WELDED ON 16" CENTERS

**FEATURE:** We design and build our walls to have a superior strength and durability. Every aluminum stud is welded on 16" centers.

**BENEFIT:** This construction technique provides improved support for interior overhead cabinets, reduces the damaging flex that may occur in walls built with studs randomly placed and minimizes the possibility of cracks in the sidewall material.

## Floor CONSTRUCTION - R-24

### MAIN FLOOR:

### SUB FLOOR:

### OUR SLIDE MECHANISMS ARE WELDED TO THE TOP OF OUR BOX-TUBE FRAMES

**FEATURE:** No "holes" are cut into mainframe that will weaken the structure of your coach.

**BENEFIT:** With a more superior frame than the competition, Carriage's frames become the strongest, after the competition torches 2, 4, 6, or even 8 holes to get their slide mechanisms to extend out past their frames.

### Mor/Ryde SUSPENSION SYSTEMS

**FEATURE:** This system adds over 2 inches of vertical travel and more closely matches the suspension of the tow vehicle.

**BENEFIT:** Better ride quality, a 30% improvement of smoothing out road abnormalities, making it easier on you and the contents of your coach.

## OWENS CORNING FIBERGLASS INSULATION

**FEATURE:** Spun fiberglass insulation is recognized as the premium insulating material in both the residential and RV industries.

**BENEFIT:** Fiberglass insulation traps dead air more efficiently than styrofoam insulation and breathes easier than styrofoam, increasing insulation capabilities.

## SIDEWALL CONSTRUCTION - R-8

### CARRIAGE EXCLUSIVE WARRANTY. THE BEST WARRANTY AVAILABLE PERIOD

**FEATURE:** 2yr/5yr warranty. This is the best warranty in the RV industry.

**BENEFIT:** no exclusions for full timers. Unlike our competition, we want you to enjoy our coaches year-round.

### WE DESIGN AND MANUFACTURE OUR FRAMES

**FEATURE:** In-house frame shop allows us to build a frame for a floor plan, not the opposite.

**BENEFIT:** We offer a stronger frame than the standard I-beam or C-Channel frame our competitors use. We also have the confidence to offer an exclusive 5 or 7yr frame warranty. The BEST warranty in the RV Industry.

### Mor/Ryde PIN BOX

**FEATURE:** rubber equalizer built into the king pin.

**BENEFIT:** Eases the front-to-back chatter and "porpoise" motion typically found pulling a fifth wheel.

### WE DIDN'T PATENT IT, WE PIONEERED 40 YEARS OF 80°+ DEGREE TURNING

**BENEFIT:** Tight turns when necessary but without sacrificing insulation in the R-16 front cap
