The 2009 Carri-Lite 36XTRM5, still the only true 5-slide out fifth wheel in the marketplace. This coach, featured in our Cherry wood and Aspen decor package, maximizes storage and kitchen workspace while still allowing a huge entertainment center/desk and plenty of open space to host friends.
For 2009 Carriage has added 2 plush recliners to the 36XTRM5 and every sofa comes with a queen air mattress hide-a-bed. Note the stainless steel deep bowl kitchen sinks at left and the DuPont Corian countertops. Carriage brought household names into the RV market and continues to apply trustworthy brands to your home on the road.
A gorgeous shot of our 2009 36MAX1. Carriage introduced the industry's first and only full-wall (30' long!) slide out to the market less than a year ago to amazing results. The process has given Carriage the ability to offer motorhome type floor plans in our luxury fifth wheels. This first edition, the MAX1 has everything; a walkthrough bathroom (when slides are in, bed access!), massive entertainment center with storage, and a gourmet kitchen. A side-by-side washer and dryer even fits into the slide for maximum laundry abilities when travelling. Shown in River Canyon decor and Cherry wood.
By popular demand, Carriage gives you its Emerald Edition Carri-Lites once again. The Emerald package has both elegant and user-friendly features in it (complete list on back page) and this picture shows some of the items like Dupont Zodiac Quartz countertops, the 12 cubic foot refrigerator, and the inset picture shows the dramatic exterior Emerald paint scheme. This unit shows our 36SBQ with Sedona decor and Glazed Maple wood.
An incredibly spacious and open concept, our 36SBQ floor plan helped revolutionize side bathrooms in the RV industry. The open living quarters and kitchen helps this coach stay a perennial best seller to full-timers.

Featuring both an electric stove with flush-mounted burners and a convection microwave oven, the kitchen of all 2009 Carri-Lites is made for cooking and storage. A swivel faucet and deep bowl stainless steel sinks make food prep a breeze. Shown with optional dish drawer.

Roof Construction - R16

CARRIAGE “H-SEAL”
FEATURE: Two seals double the chance at sweeping away moisture and debris while sealing off the elements twice as much as our competitors.
BENEFIT: Two seals are better than one. Our seals are also made of a denser material that will seal tighter than the competition.

ALUMINUM ROOF TRUSSES
16” ON CENTER, WITH A 5” CAVITY AND A 3” CROWN
FEATURE: Household construction with household fiberglass insulation.
BENEFIT: 16” centers and 1/2” plywood allow for a walkable roof, while the insulation maximizes the AC efficiency. Lighter weight than wood, Aluminum trusses with no chance of rotting or rusting. Also breathes the best, with no condensation buildup.

2” x 2” ALUMINUM STUDS WELDED ON 16” CENTERS
FEATURE: We design and build our walls to have a superior strength and durability. Every aluminum stud is welded on 16” centers.
BENEFIT: This construction technique provides improved support for interior overhead cabinets, reduces the damaging flex that may occur in walls built with studs randomly placed and minimizes the possibility of cracks in the sidewall material.

Floor CONSTRUCTION - R-24

MAIN FLOOR:
Carpet/Linoleum
1/2” Carpet Pad
Plywood 5/8”
Owens Corning Insulation
2 x 3” Welded Aluminum Main Floor
Polyflex Vapor Barrier

SUB FLOOR:
Open Air Space
Second and Third Layers of Owens Corning Insulation
12” Double-stacked Box Tube Steel Main Frame
Second Polyflex Vapor Barrier

OUR SLIDE MECHANISMS ARE WELDED TO THE TOP OF OUR BOX-TUBE FRAMES
FEATURE: No “holes” are cut into mainframe that will weaken the structure of your coach.
BENEFIT: With a more superior frame than the competition, Carriage’s frames become the strongest, after the competition torches 2, 4, 6, or even 8 holes to get their slide mechanisms to extend out past their frames.

Mor/Ryde SUSPENSION SYSTEMS
FEATURE: This system adds over 2 inches of vertical travel and more closely matches the suspension of the tow vehicle.
BENEFIT: Better ride quality, a 30% improvement of smoothing out road abnormalities, making it easier on you and the contents of your coach.
OWENS CORNING FIBERGLASS INSULATION
FEATURE: Spun fiberglass insulation is recognized as the premium insulating material in both the residential and RV industries.
BENEFIT: Fiberglass insulation traps dead air more efficiently than styrofoam insulation and breathes easier than styrofoam, increasing insulation capabilities.

SIDEWALL CONSTRUCTION - R-15
Gel-Coat Fiberglass
Luann Backer
1 x 2” Box Tube Aluminum
Owens Corning Insulation (R-7)
Astro-foil
Decorated Interior Wall Board

CARRIAGE EXCLUSIVE WARRANTY. THE BEST WARRANTY AVAILABLE PERIOD
FEATURE: 2yr/5yr warranty. This is the best warranty in the RV industry.
BENEFIT: no exclusions for full timers. Unlike our competition, we want you to enjoy our coaches year-round.

WE DESIGN AND MANUFACTURE OUR FRAMES
FEATURE: In-house frame shop allows us to build a frame for a floor plan, not the opposite.
BENEFIT: We offer a stronger frame than the standard I-beam or C-Channel frame our competitors use. We also have the confidence to offer an exclusive 5 year frame warranty. The BEST warranty in the RV Industry.

CARRIAGE TRAVEL CLUB
