Life’s too short to be limited by expectations. That’s the spirit behind the new Encounter by Coachmen. It’s packed with far more than you’d expect from a Class-A gas-powered motorhome. More power. More luxury. More amenities. The only thing about it that isn’t more? The price.
BE THE ENVY OF THE HIGHWAY IN THE NEW ENCOUNTER.

Beauty and brawn. The Encounter combines both into one elegant, well-oiled machine.

Its full-body paint job will turn heads as you coast down the highway. Its crowned, laminated fiberglass roof will give you unparalleled protection in the toughest conditions. And its 22,000-lb. Ford chassis is strong enough to ensure durability while still allowing for the kind of amenities you’d normally only get in a diesel motorhome.

In short, Encounter is everything you’d expect in a high-quality motorhome—and more.

Features:

- Full basement featuring pass-through storage for oversized gear and equipment
- Upgraded, heavy-duty, double power step for more secure entry
- Upgraded power-heated exterior chrome mirrors
- Side cameras with color monitor and frameless tinted windows
- Optional outdoor 32” LCD TV with DVD player
WELCOME TO THE GREAT INDOORS.

We’re all familiar with the great outdoors. But the galley of the Encounter is truly a wonder to behold.

Grandeur. Beauty. Charm. It’s all right here, starting with an optional snap-stone tile floor that looks beautiful and provides a consistently level floor and grout line. Also available is a stainless-steel appliance package—a perfect complement to the elegant surrounding environment.

Every last detail—from the two-tone dinette cushions to the quilted, two-tone driver and passenger seats—adds up to an indoor experience that is unquestionably great.

Features:
• L-shape sofa with hide-a-bed pulls out to sit in front of the electric fireplace (37SA)
• All-new cabinetry features new trim work and slide-out fascia
• Full glass tile backsplash
• Optional stainless-steel appliance package and tile floor (featured in photos)
• Solid-surface kitchen countertop
ELEGANCE EVERYWHERE YOU LOOK.

Elegance: In the end, it’s what sets Encounter apart from its peers.

You may think you need a diesel to experience the highest level of luxury available in a motorhome. But once you step inside Encounter, you’re likely to change your mind. And once you compare costs, you almost definitely will.

The Encounter gives you everything you could want in a high-end motorhome—except for the high-end price.

Features:
• Upgraded designer headboard above bed
• New cabinetry above headboard features stylistly pronounced center cabinet
• A 32” LCD TV with DVD player conceals hidden storage compartment in the bedroom
• Fiberglass shower with glass door
• Convenient power sources mean you’ll always be connected to the world

Encounter 37SA shown above
Available in three floorplans, three interior wood color selections, and three fabric selections, you can customize the Encounter to suit your personal needs and style.

The end result? A motorhome that makes you feel right at home, no matter where you are.

GVWR (Gross Vehicle Weight Rating): The maximum permissible weight of the unit, including the unladen vehicle weight (UVW) plus all fluids, cargo, optional equipment and accessories. For safety and product performance, do not exceed the GVWR.

GCWR (Gross Combined Weight Rating): The maximum total weight of the loaded unit, plus a tow vehicle. This includes the weight of both the unit and tow vehicle, fuel for each, all other fluids, cargo, occupants, optional equipment and accessories.

**Important Note:** All capacities are approximate, and all dimensions are nominal. Coachmen motorhomes are designed to allow for a wide variety of uses, extended trips with two people or short trips with multiple people. Accordingly, each unit allows ample room for sleeping, seating, fluids and cargo. While the customer is the beneficiary of this design, the customer also bears the responsibility to select the proper combination of passengers, cargo, load, and tow vehicle without exceeding the chassis weight capabilities. Consumer may need additional braking capacity to tow loads greater than 1,000 pounds.

Seat belts should always be worn for passenger safety. Seat belts are provided at most locations to allow convenience in selecting which seat to occupy. However, it is not intended that all seating positions equipped with a seat belt may be occupied while the vehicle is in motion, without regard to other weight factors.

All Coachmen motorhomes are designed to ensure that the number of passengers allowed while the vehicle is in motion will always at least equal the stated sleeping capacity. Though extra seat belts may be provided, for your safety and the proper operation of your vehicle, limit your passengers to the number allowed by the Net Carrying Capacity of your vehicle.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Coachmen reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Coachmen dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision.

Travel easy”™ is the security of knowing that help is an easy phone call away.

---

Forest River Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible because of the following reasons:

1. Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.

2. Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!

3. Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian dealer is a professional at meeting these requirements.

4. Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!
