SPACIOUS GLIDE-OUT DINETTE

2.5 CU.FT. REFRIGERATOR

A young boy in a red sweatshirt is shown from the chest up, holding a stick with a marshmallow over a campfire. He has his eyes closed and is taking a bite. In the background, a white folding trailer with an awning is parked in a grassy field.

**1967**

Over 36 years ago, in 1967, The Coleman Company, Inc. began manufacturing a full line of folding trailers in Somerset, PA.

**FLEETWOOD**  
**World's Best Campers!**

Fleetwood Folding Trailers & Caravan EXT & Micro-Lite Travel Trailers

**1979**

Over the years, innovative features and designs made our folding trailers the number one selling camping trailer in North America... a position that we've held for nearly 25 years.

**1989**

In 1989, Fleetwood Enterprises, Inc., already the leader in the RV Industry, purchased Coleman Recreation Vehicles, Inc. Fleetwood manufactures top selling motor homes, fifth wheels, and travel trailers and is also known worldwide for manufactured housing. With the additional knowledge and focus of Fleetwood Enterprises, the folding trailer bar was raised, improving all of our products to a level of quality and distinction unmatched in the industry in both product value and customer satisfaction.

INTRODUCING TWO NEW MODELS FOR 2004

*(Continued from front panel)*

## 2000

In 2000 Fleetwood Folding Trailers began manufacturing the Caravan™ expandable travel trailers, which has now grown into a full line of travel trailers including the Micro-Lite brand. Because of our continued growth and a market share reaching nearly 50%, a new Lamination Facility was established to meet our growing demand for walls and tops.

Our Somerset facility is the largest (towable) RV plant in North America, with over 10 acres of manufacturing space under one roof and capable of producing well over one hundred trailers each day. Of the more than 700 associates working here, many have decades of experience in producing the best camping trailers available anywhere in the world.

## TODAY

This year we removed the Coleman® name from our products, and although this recognition has been an important part of our business, the fact still remains... we are the same production plant, with the same people, making the same trailers. We will continue our tradition of providing our customers the most innovative, highest quality, and safest camping trailers in the industry along with the best warranty buyer protection available.

\* Some accessories and options may be dealer installed.  
\*\* Totalized option weights will decrease the Cargo Carrying Capacity. Consult Owner's Manual for accessory weights.  
† Storage tank models equipped with hot water have reduced cargo capacity because of hot water heater location.  
‡ Refrigerator, furnace, cassette toilet, hot water and outside shower are factory installed options.

Verify the towing capacity of your tow vehicle. If you don't know, or aren't sure, you can check your owner's manual or ask at your automotive dealership. Be sure to match its tow rating to the Gross Vehicle Weight Rating (GVWR) of your trailer, not Unloaded Vehicle Weight (UVW). Include the weight of water, additional accessories, clothing, food and gear. To help Harwood Folding Trailer customers estimate their total weight, our Gross Vehicle Weight Ratings reflect the maximum weight of the trailer when fully loaded for camping. In some cases the relationship of weight and wheelbase length between your tow vehicle and trailer may require an anti-sway control and/or weight distribution hitch. Please consult your Harwood Folding Trailer dealer for advice.

© 2008 Harwood Folding Trailers. The maximum gross weight capacity of a single slide should be carrying no load except for a maximum of 100 lbs. per slide.

• Gross Vehicle Weight Rating (GVWR) is the maximum permissible total weight of the vehicle.

• Unloaded Vehicle Weight (UVW) is the weight of the trailer as manufactured or modified (excluding the factor which separates the tow vehicle from the trailer, "dry weight").

• The Gross-Carrying Capacity (GCC) is the weight of the trailer when fully loaded for camping.

# FEATURES TO ENHANCE YOUR ADVENTURE

## See Why There Is No Comparison!

Compare and you'll see why Fleetwood® Folding Trailers are your absolute best value.

**One-Piece Aluminum Screen Door**  
is easy to set in place and is extra wide for easy access, plus has an automatic spring return so you can't accidentally leave the door open.

### Exclusive Stepper™ Door

Patented design on Destiny DLX, Grand Tour & Elite Series provides an exceptionally wide and sturdy step for easy access to the trailer. It also features a non-slip FlexTread™ surface and lockable storage compartment.

**High Pressure Outside Stove**  
Grand Tour & Elite Series provides more BTU's for cooking at higher altitudes or windy conditions. (Destiny SE & DLX and Highlander Series offer an optional RVQ gas grill.)

**BackSaver™ Bed Supports**  
on Grand Tour & Elite Series make set-up easier... no stooping or bending necessary. Simply engage the support at the bumper, lift bed end slightly and the support locks in place automatically. (Destiny SE & DLX and Highlander Series features permanently attached self-storing bed supports.)

### Tenting

Exclusive Sunbrella 302 acrylic tenting is used on all models, providing superior breathability allowing humidity and cooking odors to escape, while keeping rain out. Sunbrella 302 will not crack, mildew or dry rot, plus it's hypoallergenic. Strong and durable CamperTex vinyl tenting is used in conjunction with Sunbrella 302 on the

Destiny SE & DLX models. Each model features a five section tent design that allows for easy and economical replacement if a section should ever become damaged. The tenting is assembled using a special water resistant cotton thread with double needle stitching, and lap-felled/heat sealed seams, guaranteeing a secure, water tight tent that won't unravel, fray or leak.

### Exclusive Self-storing Dolly Jack & Safety Lock Chains

Dolly jack features a permanently attached wheel and will

not interfere with tow vehicle's tailgate or rear mounted spare tire. (Highlander Series features center mount jack.) Safety lock chains provide a positive locking connection between the trailer and tow vehicle.

### Exclusive Swing-Level® Galley Design

Destiny DLX, Grand Tour & Elite Series provide a residential height galley that sets into place easily when fully stocked. The exclusive cantilever upper galley stays parallel to the floor when positioning, preventing its contents from spilling or tumbling upside down. (Destiny SE Series offers a full storage fold-over galley and the Highlander Series provides a fully set-up, stationary galley.)

### Trailer Foundation

All models feature a full perimeter rugged tubular steel frame that provides a solid foundation, and protects trailer wiring inside from road debris while

towing. All models feature the EZ lube axle for easy maintenance, and a slipper leaf spring suspension system that distributes the trailer load evenly over the entire frame. Each trailer comes standard equipped with electric brakes, five lug nut wheel attachment...and if you ever need to change a tire, a lug wrench is included as standard equipment.

### Lift System Exclusive

Every model features a stainless steel lift system with needle bearing pulleys and aircraft quality cables.

that won't corrode or bind. The lift arm design extends through the trailer sidewalls channeling rain water through the lift arm and out onto the ground, not into the trailer.

# ACCESSORIES TO PERSONALIZE YOUR ADVENTURE

## Customize Your Space!

Fleetwood® Folding Trailers offers a variety of high-quality accessories to customize your living space. Each is designed to enhance your camping comfort and enjoyment.

### Screen Room

Featuring fine mesh screening and full perimeter skirting. (See page 3 for optional canopy, shown separately.)

### Canopy and Sun Shade

Grand Tour & Elite Series feature the exclusive AlumiTite™ Composite Roof that provides an awning rail on both sides of the trailer to accept optional canopy and Sun Shade. (Sun shade not available on Destiny or Highlander Series! See back cover for optional Yakima components that easily attach to the AlumiTite™ roof rack system.)

### Exterior Bunkend Hideaway

Provides out-of-the-way weather protection for bikes and extra camping gear.

### RVQ Gas Grill

Perfect for outdoor barbeques. (Not available for Grand Tour & Elite Series.)

### Handy Portable Fan/Light Combination

For added ventilation & night time reading.

### Mirrored Vanity Mate

Provides convenient storage for tooth brushes, toiletries, paper towels and other daily necessities.

### Deluxe Add-A-Room

Featuring fine mesh screening, privacy panels, clear vinyl rain flaps and heavy-duty zippered sections for easy set-up and take-down. (Not available on Destiny SE Series. Canopy must be purchased separately.)

### Trailer Cover

Provides protection to help keep your trailer looking good year round.

### Camper Caddie

This handy soft-side detachable and roll up wardrobe makes trip preparation quick, easy and provides loads of personal storage.

### Buddy Seat

Great for relaxing with a friend around the campfire or a quiet stream.

### Sporty Aluminum Wheels

Only available as part of the Optional Value Package on Highlander Series. (Factory installed.)
