- Spare Tire
- 1.9 cu. ft. 3-Way Refrigerator
- 16,000 BTU Furnace

FLOOR PLAN

Mojave Sleeps 4

Mojave shown in "You Want a Piece of Me Yellow" exterior.

To Our Customers

To make sure that you get the maximum satisfaction out of your recreational vehicle purchase, there are several things you should know:

1. Learn all you can about the folding trailer you're planning to buy. Don't rely on word of mouth. Get the facts about the actual trailer length, width, unloaded weight with options, Gross Vehicle Weight Rating, and cargo carrying capacity. These are usually available in the manufacturer's sales literature or from the Cargo Carrying Capacity Label located in each trailer. Be sure to check this information **before** you decide which unit to buy.
2. Verify the towing capacity of your tow vehicle. If you don't know, or aren't sure, you can ask at your automotive dealership. Be sure to match its tow rating to the loaded (not dry) weight of your trailer. Include the weight of water, additional accessories, clothing, food and gear. To help Fleetwood folding trailer customers estimate this total weight, our Gross Vehicle Weight Ratings reflect the maximum weight of the trailer when fully loaded for camping. Be sure the weight of the tow vehicle plus the weight of your trailer do not exceed the Gross Combined Weight Rating of the tow vehicle.

Taking these simple steps before you buy will help ensure that your trailer and tow vehicle combination is just what you wanted.

Happy Camping!

SPECIFICATIONS

Gross Vehicle Weight Rating (GVWR)	3,500 lbs.
Gross Dry Weight	2,170 lbs.
Hitch Dry Weight*	225 lbs.
Maximum Carrying Capacity**	1,300 lbs.
Open Dimensions (Length x Width)	21' x 8' 7"
Closed Dimensions (Length x Width)	16' 5" x 7' 5"
Closed Height	5' 1"
Opened Interior Height	79"
Front Bed (Mattress Size)	77" x 48"
Rear Bed (Mattress Size)	77" x 66"
Dinette Sleeping Area	65" x 42"
Cabinet Storage	42 cu. ft.

To locate a dealer near you, visit our website, www.fleetwoodrv.com, or call 1-800-444-4905. We can also be contacted at Fleetwood Customer Relations, P.O. Box 7638, Riverside, CA 92513-7638.

* Hitch weights are dependent upon how the trailer is equipped with options, on-board cargo and tank fluid levels. Actual hitch weights may be higher or lower than shown. It is recommended that the tow vehicle and hitch for your trailer have sufficient capacity to accommodate actual usage.

** Maximum Carrying Capacity is based on 1,100 lbs. inside the trailer & 200 lbs. on front gear deck. Weight does NOT include the following weights subtracted from the total:

- Weight of 20 gallons of fresh water at 8.3 lbs./gal. = 166 lbs.
- Weight of LP gas at 4.2 lbs./gal. X 2 tanks = 40 lbs.

IMPORTANT—PLEASE READ: Product information, photography and illustrations included in this publication were as accurate as possible at the time of printing. For further product information and changes, please visit our website at www.fleetwoodrv.com or contact your local Fleetwood dealer. Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. Fleetwood has designed its recreational vehicles to provide a variety of uses for customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e. occupants, equipment, fluids, cargo, etc.) to ensure that the vehicle's capacities are not exceeded.
