(Optional Full Body Paint Shown)

The time is right, you've made the decision and now you've discovered what so many satisfied DRV owners proudly proclaim . . . "We Love Our DRV Luxury Suite"!

DRV promises and delivers on what today's extended-stay travelers and full-time fifth wheel residents demand most. Efficient designs, with an abundance of quality features, reliable innovative engineering and comfortable, beautiful interior decors.

Whether your preference is Elite Suites, Mobile Suites, Full House, or perhaps one of the many new 43' semi-customizable suites, you can be confident that you've chosen the very best.

We sold our 2007 36TK3 Mobile Suite and recently picked up our 2012 38TKSB3 Elite Suite that was built to our needs. We had a great factory tour and it was very informative and friendly. The Elite Suite is everything we imagined and more. It's very comfortable and we've received many compliments so far, and looking forward to traveling back to Florida for the winter months. We would recommend this unit to anyone who wants quality and innovation.

— Bob and Lou in Ontario Canada

I felt compelled to write and express my appreciation for our 2012 38RESB3 Elite Suite. My wife and I had a 2006 36TK3 Elite Suite which was so luxurious and now the new 2012 Elite Suite is more than we imagined in luxury. We chose the Elite Suite again because of the attention to detail and the factory working with us on some custom modifications. We really enjoy the new floorplan and we feel like we are at home. Our fifth wheel is equipped with the Trail Air Pin Box and Center Point Suspension, along with straight liner towing. This is the best pulling 5th wheel we have owned.

— Dale and Wanda in Columbia, MO

We have lived full-time in our Mobile Suites 36TK3 coach for just over two years and have thoroughly enjoyed the home-like amenities in our home on wheels. The "R" values have made for exceptional comfort in both summer and winter. "Dollar for Dollar" we don't think there is a better fifth wheel currently on the market.

We Really Love Our Level-Up™ Leveling System

(Patent Pending)

A revolutionary advancement in engineering available on DRV luxury suites.

Optional one-touch auto leveling.

- Finger tip control of switch at exterior panel
- Levels accurately every time - in just seconds!
- Powerful dependable hydraulics
- Automatically finds level to within a tenth of an inch
- No more driving up onto blocks
- No more bending and stooping

"My Level-Up™ system, installed on my Mobile Suite by DRV, is unbelievable and has cut my set-up time in half. Now I can pull in, level the unit side to side, unhook and level front to rear just as easily. I appreciate the added stability of having six stabilizer legs, rather than just four. The power of the hydraulics is really impressive."

EMERGENCY ROADSIDE ASSISTANCE

Advanced MOR/ryde Pin Box System with rubber shear spring works to absorb towing shock for more comfortable, stress-free travel. This system smooths in-cab ride by greatly reducing back-and-forth chucking and jerking.

3 1/4" thick sidewalls with two moisture barriers and R-16 insulation results in increased efficiency of heating/cooling, and better sound insulation qualities.

5/8" T/G exterior plywood is glued and screwed to the aluminum floor framing, then bolted to the steel frame.

Aluminum sidewall is bolted to the floor.

High strength aluminum trussed roof rafters accommodate extra thick R-25 roof insulation system.

Our frames are engineered to accommodate the largest capacity water holding tanks in the industry. (See specifications for capacities)

Our powerful hydraulic system is integrated into the frame providing for smooth, reliable operation of power expansions and leveling jacks.

Conveniently located multi-function hook-up center.

15" frame depth provides incredible strength as well as space for R-29 floor insulation.

Automotive type 12V A/C wire along with heavy wiring provides all the power to live comfortably in your Suite. A centralized command center allows ease of operation.

Heavy duty industrial front and rear hydraulic jacks are installed at a 5° angle to provide for maximum stability.

Automatic Level-Up™ option featured on page 26.

Water distribution manifold system for even water flow throughout the Suite. Conveniently select individual lines for easy maintenance.

Screened storm door with removable upper and lower acrylic panels.

Easy-twist nylon fastener.

Heavy duty industrial hydraulic pump powers the leveling jacks and sliderooms with independent controls.

DRV installs an optional TrailAir® Tri-Glide air pin box. Trailair utilizes noise, vibration and harshness testing to engineer a smoother ride and better handling.

MOR/ryde "IS" Independent Suspension System delivers smoother towing, eliminates bouncing, broken leaf springs and more.

Shown with optional Trailair® Center Point Suspension with Straight Line Tow and Haul System. Kodiak® Disc Brakes standard on all suites.
