1) Smaller travel trailer models, 1300T through 2310T, have been designed with an aerodynamic profile for reduced wind drag when towing. Models 2500T and larger have a more conventional front profile.

2) Rugged all wood drawers with steel center guide and positive travel locks provide ample storage.

3) Dead bolt locks are your assurance of security—no need to worry about unwanted entry.

4) Fully insulated walls, ceilings and floors help keep the temperature just right—whatever the weather.

5) Skampers' built-in power converter provides plenty of power for all 12 volt systems and even has an automatic battery charger.

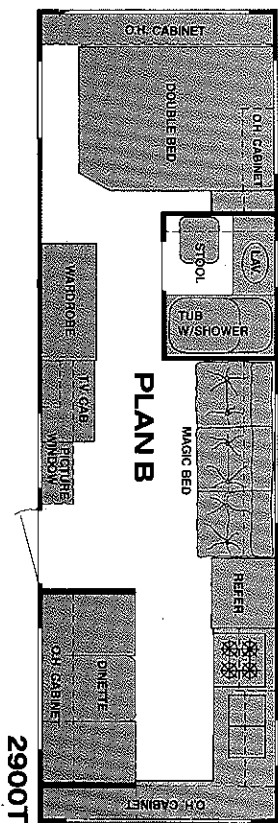

6) The extra large oven will accommodate your favorite baked dishes.

- 4) LP bottles, 20 or 30 lb., are built into a compartment to protect the system from the weather.
- 5) A decorative flush mounted clock is included in the luxury group of Models 270F and larger.
- 6) Lockable outside storage compartments provide better storage for bulky items.

Moulded bath sinks are easily cleaned and larger than many competitive brands.

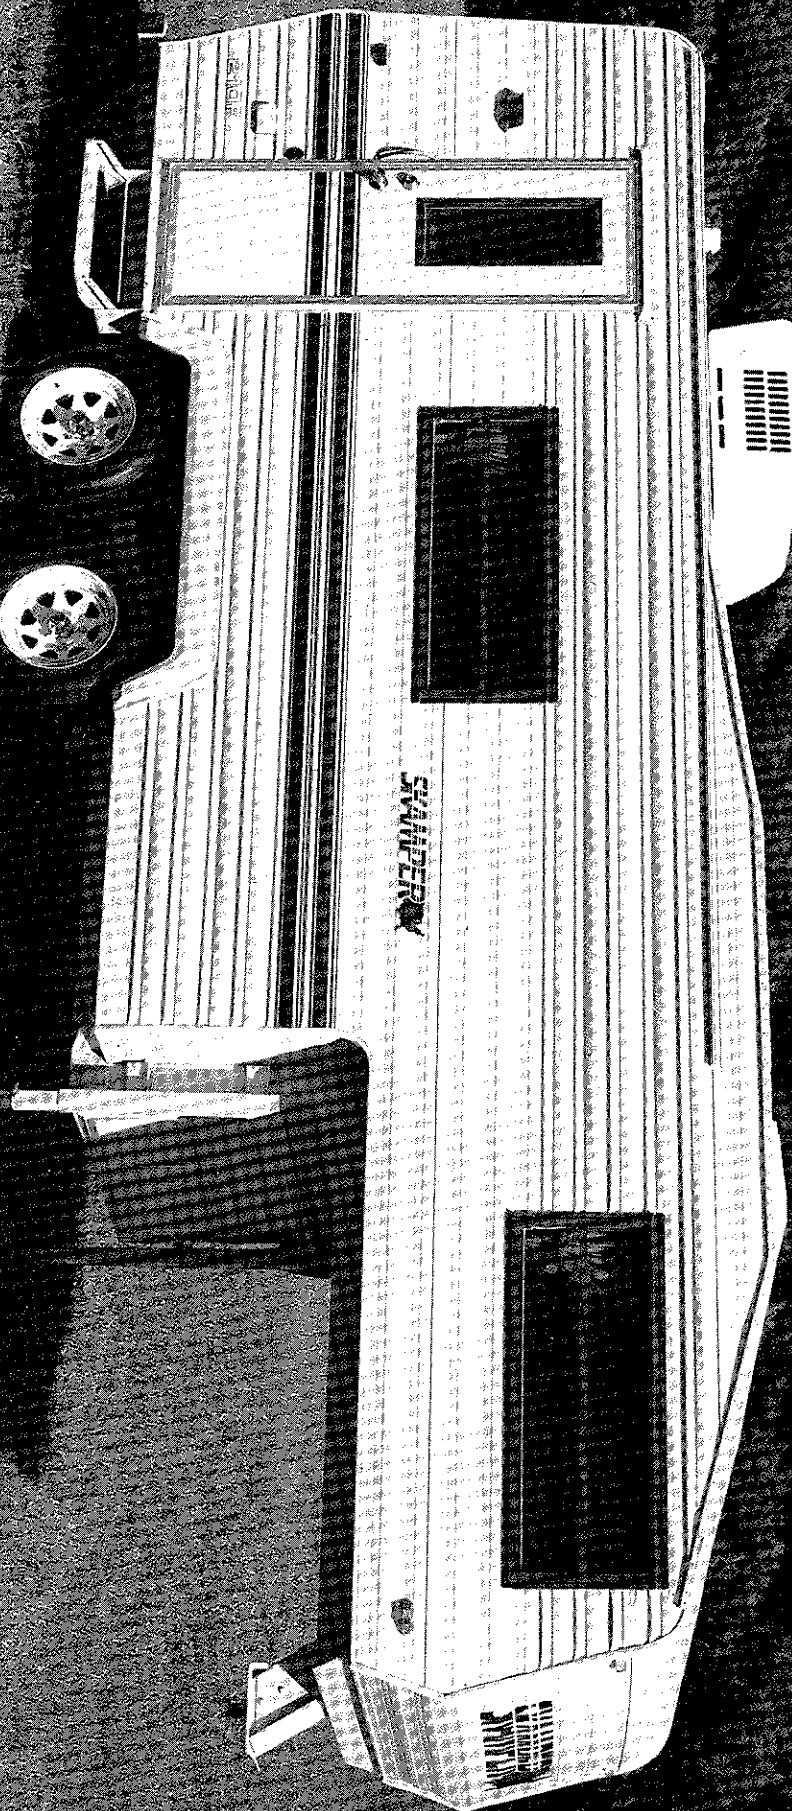

Luxury group options also include a power roof vent in the bathroom.

"Magic Beds", standard in several models, quickly convert to an excellent one-piece sleeping area.
