FOUR WINDS

The First Family of Fine Trailers & Fifth Wheels

Four Winds

2000 models.
The new Four Winds Lites are a great way to travel into the new millennium without sacrificing comfort for convenience. Our new lightweight, off-road vehicles are designed to provide you with the same quality appliances and features as our bigger brothers, and include the same quality materials and craftsmanship as today's most popular mini-vans and utility vehicles. So you may already be driving the vehicle you need for towing. You won't have to sacrifice comfort or convenience to get the Lite's towing advantage. Our Lites are specially designed for towing with many of today's most popular mini-vans and sport/utility vehicles. Don't be fooled by lengths up to 30 feet. And with weights up to 8000 pounds, you'll never feel like you're in a light-weight vehicle.
Four Winds kitchens are spacious and convenient, designed for easy living.

True classics in every sense, the Four Winds travel trailers and fifth wheels display all the quality and value that have made the Four Winds such a legend. Whether you choose a trailer or fifth wheel, standard or slideout model, you'll find a Four Winds for 2000 that is just right for your family's lifestyle.

Our years of experience and our constant attention to our customers have taught us what you want in an RV and we've put that knowledge into designing the finest selection of floorplans we've ever offered. So whether you're looking for a trailer designed to accommodate your every want and need with superior design, construction, high-quality appliances, beautiful cabinetry, plush, luxurious fabrics and fine furniture, there's simply no other tall...
Wind Laminate: When you want the best, the Four Winds 2000 will meet your expectations. The interiors of these trailer superstructures are designed with the latest in laminate technology. The laminate provides maximum strength and durability, while also making them easier to maintain. The materials used are designed for efficient use of space, providing a clean and minimalistic feel. You'll enjoy the comfort and style that these trailers offer. The Four Winds are built with the most modern vehicle components, giving you the most exciting vehicles we've ever offered.
2000 SUPREME

Quite simply the finest vehicle we've ever built, the Four Winds Supreme carries the Four Winds name to a new, higher level of excellence. The laminated sidewalls are, of course, strong and easy to maintain, while aluminum framing gives it even greater strength without adding excess weight. Add the fifth wheel and you have a trailer you can be proud of for years to come. Inside, we've set standards for a long time to come by using the very best features, like these...
Lies this outstanding collection of great features
At the core of every Your Winds trailer and fifth wheel
