Introducing:

Skamper Lite

By Aero Mfg., Inc.

AND Kodiak
The 2000 model year has arrived, and with it comes the totally enhanced Skamper Lite Travel Trailers. This unique product is designed to meet the ever-growing demand for a lightweight, economical travel trailer. While our goal is to make a lightweight unit, we also want to ensure that our product still offers all of the comforts and conveniences found on larger and heavier travel trailers. That is why for the new model year we have added features like ducted A/C, pass through storage, and walk around queen beds. We are also adding several new FW floor plans. The 524RLSS and soon to be released 530RLSS will allow dealers to attract customers that once thought they couldn't tow a super slide FW. These new models feature a rack & pinion super slide. Skamper Lite have been designed to provide abundant storage throughout the coach. We will be introducing Travel Trailer's with super-slide in the near future as well. When comparing the Skamper Lite to the competition it will be easy to see why our product is the best choice for improving your bottom line. We offer the best pricing, most features and fastest growing floor plan selection in the market, so sign up now and be prepared for a more profitable 2000.

There is a new addition to the Skamper Lite family, KODIAK! This new and innovative product is the “Next Generation” of expandable travel trailers. The expandable travel trailer market has been one of the fastest growing segments in the RV industry over the past several years. With the introduction of the KODIAK, this trend is sure to continue. What distinguishes this product from the rest of the competition is not only its construction, but also its dimensions. By creating an eight-foot wide expandable travel trailer we are able to offer larger beds, holding tanks and plenty of interior room. Your customer will no longer feel as if they are settling for less living space when they decide to purchase this type of product.

The K160’Highlites include: 25gal.fresh, 25gal. blackwater, 35gal gray water tanks, 14”radial tires, 58 x 92 dinette, 58 x 80 front bed, 48 x80 rear bed, solid oak framed cabinet doors, and much, much, more…

So be sure to sign up Today to begin carrying the most innovative product in the expandable market, KODIAK by Skamper-Lite.
