Going Places... Going Places...
Discover the Dutchmen difference when you choose a 2004 Sport travel trailer, fifth wheel or expandable. Loaded with features and constructed with Dutch craftsmanship, the 2004 Dutchmen Sport is your best value when it’s time for your next recreational vehicle.

With innovative floorplans ranging from 18’ to 38’, Sport is sure to offer the right floorplan for your family. From the frame up, Sport’s features set it apart from the crowd. Wood sidewall framing 16” on center, fully-decked, walk-on rubber roof, I-beam steel chassis, aerodynamic profile and radius corner tinted windows are some of the standard features on the 2004 Sport.

The Sport Interior is a step above the competition. Residential cabinet doors, Congoleum flooring, luxurious designer decors, and brand name kitchen appliances are a few of the features that make Sport your best RV value.

The Rocky Mountain Elk Foundation

is an international wildlife habitat conservation organization with a mission of ensuring the future of elk, other wildlife and their habitat. Now in its 18th year, the Elk Foundation already has conserved or enhanced more than 3.8 million acres – an area 50 percent larger than Yellowstone National Park – of habitat for elk and other wildlife. The organization boasts a record 138,000 members, 115,000 supporters and 30,000 volunteers. Working together in an ambitious 5-year campaign called “Pass It On,” the Elk Foundation and its many supporters are on track to conserve an additional 2 million acres by 2005, restore elk to long-empty native ranges, and ensure an elk country legacy for future generations. To learn more, visit www.elkfoundation.org or call 1-800- CALL ELK. Dutchmen makes a donation with every RME purchase – new owners receive a 1 year free membership to the Rocky Mountain Elk Foundation. Available in Lites, Classics and SRVs.
