2005 Kodiak Ultra-Lite Expandables and Travel Trailers

Take Life to the Extreme!

Industry Leading Ultra-Lite Technology
For active families on the go, Kodiak Expandables add sleeping space without the additional length and weight of traditional travel trailers. The ultra-lite design and aerodynamic profile make Kodiak a dream to tow. Plus, the interior of Kodiak is packed with high-end features, including designer décor, large kitchens with abundant storage, expansive living spaces and comfortable sleeping areas. So, when it is time for your next travel trailer, choose Kodiak, your best value in ultra-lite expandable travel trailers.

A feeling of home starts in the kitchen. Residential accents like raised panel upper cabinet doors, tasteful designer décors, spacious double-bowl composite sink with high-rise faucet, 3-burner range with optional oven, large storage areas and tons of countertop space make Kodiak your best value.

Kodiak models feature a spacious bathroom. A Fiberlink™ bathtub, and medicine cabinet are standard. An ABS shower surround and skylight above the shower are available as upgrades.
Kodiak Expandable's bunk ends are self-supporting. This revolutionary system suspends the 60" x 80" queen bed from the wall of the trailer. Kodiak does not require exterior tent poles to support the bunk ends. Plus, each bed has a 1200 lb. capacity, the highest capacity in the industry!

Optional heated bunk mattresses are available on Kodiak to help keep you warm on those chilly nights.

Kodiak Expandable's bunk ends are self-supporting. This revolutionary system suspends the 60" x 80" queen bed from the wall of the trailer. Kodiak does not require exterior tent poles to support the bunk ends. Plus, each bed has a 1200 lb. capacity, the highest capacity in the industry!

Key-locking “Easy Latch” tent doors eliminate the use of unsecured, crank-style door hardware. Simply unlock the tent door, push the release button, open the cam arm and drop the door into the open position.

Kodiak's Expandable's comfortable 60" x 80" queen bed bunk ends include a 5" thick mattress, zippered room darkening shades and a privacy curtain. A bunk light end fan is available as an option.

Kodiak expandables are built exclusively with premium Cavlar 2000, the best vinyl tent in the industry. Cavlar 2000 is a 15 ounce vinyl fabric that resists mold and mildew and wicks away condensation. Plus, Cavlar 2000 is made with UV protector that prevents damage and fading from the sun, and has a three year materials warranty.

*Axle weight, dry hitch weight and unloaded vehicle weight (UVW) are base weights of units without options. Each unit includes a weight label which lists specific weight information for that unit.

Vehicle Loading - Every effort has been made to provide the greatest number of options for the recreation vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices so that they remain within the manufacturer’s specified chassis weight limits. Do not overload the recreation vehicle.

Net carrying capacity (NCC) determined by subtracting unloaded vehicle weight (UVW) from gross vehicle weight (GVWR) and includes fluids, options and cargo. Liquid capacities and weights are approximations only.

Warning: This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner’s manual for complete loading, weighing and towing instructions.

The interior of the 2005 Kodiak is our best looking ever. The designer décors with luxurious fabrics, raised panel upper cabinet doors, and residential vinyl flooring make the Kodiak your best choice when it comes to expandable travel trailers.

Both Kodiak Expandables and Travel Trailers are available with the optional spray and wash station, featuring hot and cold water and a retractable, quick disconnect hose with sprayer.

**THE INDUSTRY’S BEST WARRANTY**

**By Far!**

We’re so confident in the design and construction of our products that they are covered by Thor’s Limited Warranty program.

**Your warranty includes:**

- One Year Bumper to Hitch Limited Warranty
- Two Year Structural and Appliance Limited Warranty

*See owner’s manual for complete warranty details.

**AUDIOVOX two-way radio system includes four radios and a 12V charger base station. (optional)**

**235 shown in Adage Blue**

**INDUSTRY LEADING ULTRA-LITE TECHNOLOGY**

INDUSTRY'S BEST WARRANTY...
CHASSIS
Kodiak Expandables and Travel Trailers feature the Norco European style, ultra-lite weight chassis. Kodiak is the first company in the industry to use European style frames in ultra-lites!
1. Folding entry step - low step height for easy entry.
3. Al-Ko torsion "independent suspension" axles - the smoothest ride in the industry.
4. All tanks mounted in frame. Lowers the center of gravity, and saves valuable interior storage space.
5. 46 gallon fresh water tank with Quick Drain feature. Tank design prevents water from standing in tanks during storage. The largest fresh water tank in the industry!
6. Optional enclosed underbelly protects tanks and floor from the hazards of the road.
7. Norco ultra light weight chassis with lifetime powder coat over E-coat paint finish.
8. (2) 30 lb. LP tanks with optional ABS cover (Kodiak Expandables). (2) 20 lb. LP tanks with optional ABS cover (Kodiak Travel Trailers).
9. Integrated heavy-duty safety chains.

WALLS
5-ply aluminum framed laminated construction.
10. Tubular aluminum welded frame reinforced around door.
11. Tinted radius corner windows.
12. Insulated baggage doors with key locks and finger locks.
13. ABS fender skirts.
14. Decorative wall board.
15. Lauan wood backer.
16. High density structural foam insulation.
17. Lauan plywood backer.
18. Smooth fiberglass with premium graphics package.
19. Pass-through storage compartment (where available).

ROOF
5-ply aluminum framed laminated construction.
21. Tubular aluminum welded framed roof, reinforced at A/C.
22. Lauan wood backer.
23. One-piece EPDM rubber roof with 12 year manufacturer's material warranty.
24. High density structural foam insulation.
25. Lauan wood backer.
26. Decorative ceiling board.

FLOOR
5-ply aluminum framed laminated floor structure.
27. One-piece composite wheel wells.
29. Residential carpet with pad (optional).
30. Two layers of floor decking over foam.
31. High density structural foam.
32. Plywood base with polypropylene waterproof vapor barrier.
33. Tubular welded aluminum framed floor, reinforced at tanks.
Kodiak, North America's first ultra-lite travel trailer is specifically designed to be towed by most light trucks, and sport utility vehicles. Kodiak's aerodynamic profile is designed to push air up the front wall and over the roof to improve towability and fuel economy. Plus, we position the axles and balance the weight of each floorplan to create the optimal hitch/weight/axle ratio for towing with light trucks or SUVs. And, Kodiak incorporates Al-Ko rubber torsion "independent suspension" axles on the Norco European-style frame. Al-Ko axles allow each wheel to travel independently, unlike leaf spring axles that transfer variations in the road to the opposite wheel. Plus, the Al-Ko axles improve towing stability by lowering the trailer to the ground and reducing the center of gravity. Improved aerodynamics, optimal weight balance and a lower center of gravity results in the best towing characteristics possible in an ultra-lite travel trailer.

Setting the standard with ULTRA-LITE CONSTRUCTION

KODIAK VS. THE COMPETITION

IMPROVED AERODYNAMICS

Lower profile - more aerodynamic!  Flat front profile - less aerodynamic

Torsion "independent suspension" axles  Leaf spring solid axles

AXLE TO HITCH WEIGHT RATIO

Well balanced design - axle and hitch  Excessive hitch weight

Optimal axle to hitch ratio for smooth towing  Excessive tongue weight causes more wear on tow vehicle

Kodiak includes Ultra-Lube hubs as a standard feature. This allows for easy maintenance of your wheel bearings. (N/A on Kodiak Expandables.)

Ultra-Lube hubs

Large fresh water tank

46 gallon fresh water tank with Quick Drain feature. Tank design prevents water from standing in tanks during storage.

Torsion axles

Both Kodiak Expandables and Travel Trailers ride on Al-Ko rubber torsion "independent suspension" axles. Torsion axles soften the ride by absorbing road vibrations and making towing more comfortable. The center of gravity is lowered with torsion axles, which improves aerodynamics and maneuverability.

Norco-Bal ultra-lite frame

Kodiak Expandables and Travel Trailers feature a Norco-Bal ultra-lite European style chassis. This durable chassis is 400 pounds lighter than the traditional box-style chassis, which reduces weight and increases cargo capacity. The Norco-Bal frame features a powder coat over E-coat paint finish, backed by a lifetime rust through warranty.

TWO YEAR STRUCTURAL AND APPLIANCE WARRANTY • ONE YEAR BUMPER TO HITCH WARRANTY
Kodiak. The original Ultra-Lite travel trailer features thirteen innovative floor plans, ranging from 18’ to 30’. With units light enough to be towed by SUVs and light trucks, we are sure to have the model that best fits your family’s needs. Designer residential furnishings and fabrics, spacious kitchens, living areas and bedrooms are core features of the Kodiak product line. And just because Kodiak is an Ultra-Lite, it doesn’t mean your trailer is light on storage. With spacious countertop and cabinet space, oversized pass-through exterior storage and innovative features like the optional “Pac-n-Play” storage compartment and rear “Stor-More” garage, it’s easy to take everything along on your next adventure. Kodiak - The leader in Ultra-Lite technology.
Choose the Pac-n-Play option on floorplans with bunks to maximize your exterior storage. It’s large enough to store bikes, golf clubs, coolers and more.

Kodiak features aluminum framed dinette, bed, bunks and pass through storage frames. Aluminum frames are more durable than wood framed structures and save weight.

Kodiak kitchens feature a 3-burner range with large oven, large two bowl sink with high-rise faucet and a residential microwave. 30BH kitchen shown at right.

Get maximum storage with Kodiak’s pass-through “Storage Plus” compartments. They are lined with ozite carpeting and include a 12V light.

Need more cargo space? Several floor plans include the large “Stor-More” storage garage.
ULTRA-LITE TRAVEL TRAILERS

13 floor plans loaded with standard features under 3,430 lbs.

The Original Ultra-Lite Travel Trailer.

INDUSTRY LEADING ULTRA-LITE TECHNOLOGY
Industry Exclusive!
Kodiak features AudioLITE™ exterior speakers by Intier.® Utilizing the latest "NXT surface sound technology", AudioLITE speakers provide crisp, undistorted sound. Plus, they are impact resistant and waterproof.
