NORTH SHORE

Charting a New Direction...

Whether you are heading out for a long-awaited weekend trip or heading south to your winter vacation spot, North Shore makes the ideal base camp for enjoying your time away from home. North Shore sets the standard for laminated recreational vehicles with a line-up of Travel Trailers, Mid-Profile and High-Profile Fifth Wheels, offering spacious floorplans loaded with features and amenities. You will love the luxurious appointments and will be amazed at the value that North Shore provides.

Take a closer look and you will see that North Shore leaves the ordinary behind.

Distinctive style and premium features make North Shore stand out from the crowd. Featuring premium residential furniture, large picture windows with designer valances and fabric night shades, North Shore sets the new standard in laminated Travel Trailers and Fifth Wheels. Plus, all slideout rooms feature designer lighting, a decorative slide fascia and large overhead storage cabinets over the sofa.

Kitchen Features

North Shore's kitchen is loaded with standard features that are usually found as upgrades on our competitors' products. A large double door refrigerator, large microwave, a double bowl sink with high-rise faucet, raised panel solid wood cabinet doors with brushed nickel hardware and oversized drawers on residential steel roller drawer glides make North Shore your best choice for premium features and unprecedented value.

Bedroom Features

North Shore's bedroom slide features a queen bed, large front closet with mirrored doors, corner sink with medicine cabinet, a free-standing chest of drawers and a pull-out TV shelf.

Bedroom slides are standard on high profile fifth wheels and optional on most travel trailers and mid-profile fifth wheels.

All North Shore bedrooms include a designer master suite package with headboard, pillows with shams, a bedspread and matching valances.

Vehicle Loading - Every effort has been made to provide the greatest number of options for the recreation vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices so that they remain within the manufacturer's specified chassis weight limits. Do not overload the recreation vehicle. Net carrying capacity (NCC) determined by subtracting unloaded vehicle weight (UVW) from gross vehicle weight (GVWR) and includes fluids, options and cargo. Liquid capacities and weights are approximations only.

Warning: This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing and towing instructions. Product information, specifications, and photography in this brochure were as accurate as possible at time of printing. Photographs may contain some features that are optional on your vehicle. Since we continually strive to improve our products, actual products may differ. Prices and specifications are subject to change without notice. All capacities are approximate and dimensions are nominal. Some features shown are optional and may be different or unavailable in Canada. Vehicles are designed for recreational use only and not intended for use as a primary residence.
