\*See vehicle owner's manual for towing capacity

Vehicle loading - Every effort has been made to provide the greatest number of options for the recreational vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices that they remain within the manufacturer's specified chassis weight limits. Do not overload the recreational vehicle. **Dry weight** is the weight of the unit with standard run features. Some optional equipment not included. **Net carrying capacity (NCC)** is determined by subtracting unloaded vehicle weight (UVW) from gross vehicle weight (GVWR) and includes fluids, options and cargo. Liquid capacities and weights are approximations only.

**Warning** - This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing and towing instructions.

# Four Winds

## *Large Slide Travel Trailers*

Four Winds large slide travel trailers are your best choice for features, value and luxury. Built with pride, Four Winds travel trailers are loaded with features and amenities that make your time on the road as enjoyable as your time at home. All Four Winds large slide travel trailers feature large, flush floor slide rooms and are available in floorplans ranging from 24 to 38 feet.

## COMFORTABLE SLEEPING AREAS

The sleeping spaces in your next travel trailer or fifth wheel are as important as the living area. That's why Four Winds offers multiple bedroom configurations with comfortable appointments and plenty of storage space for those extended vacations away from home. Whether you are looking for a bunk house, king bedroom slide suite or queen bed, Four Winds has the floorplan that's right for you.

\*Look for our King Bed Slide Suite on several Four Winds floorplans!

## More headroom, increased storage and more living space - A Four Winds Advantage!

82" Interior Height

The Competition

Four Winds Large Slide Travel Trailers (DSL models) now feature an impressive 82" interior height! The added four inches of headroom makes Four Winds one of the most spacious units in the industry.

Plus, our slide rooms are a full 6' tall! That is 4" taller than most competitors.
