

MONTE VISTA

High Profile Fifth Wheels

Premium Features - Residential Design - Affordable Luxury

Monte Vista

Residential design and premium features place Monte Vista in a class by itself. Solid hardwood cabinet doors and frames, 12 gallon water heater, home theater system, premium lighting, large appliances and designer bath and kitchen fixtures are just a few of the traits that make Monte Vista the right choice for you and your family.

*Surround yourself in
luxury and style.*

Beautiful Bath and Bedroom Suites

Monte Vista's magnificent master bedroom suite was meticulously designed for comfort and versatility. The bathroom features a two-piece marbled, neo-angle shower with a rain-glass door.

Monte Vista Premium Construction

MOR/ryde System

The MOR/ryde RE system works with the existing leaf springs and axles, but replaces the steel leaf spring equalizer. It isolates and absorbs road shock and increases the dynamic travel of the leaf spring suspension.

The MOR/ryde RE system provides better protection of your trailer with up to a 30% improvement in the dampening of road shock. Reduced road travel shock means less wear and tear on your trailer's components. Monte Vista and MOR/ryde - you will feel the difference.

MOR/ryde System

RI4, 5-Layer Roof Construction

Hardwood Cabinet Stiles

Monte Vista features solid ash hardwood cabinet doors and solid ash cabinet stiles (frames). The hardwood stiles are screwed together and are stained to match the doors. Hardwood doors and stiles will retain their factory new appearance for years of durable use.

Most competitors use vinyl-wrapped MDF fiberboard doors and stapled vinyl-wrapped stiles.

Premium Laminated Wall Construction

6-Way Welded Aluminum Cage Construction

Laminated Floor Construction

Vehicle loading - Every effort has been made to provide the greatest number of options for the recreational vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices that they remain within the manufacturer's specified chassis weight limits. Do not overload the recreational vehicle. Some optional equipment not included. Net carrying capacity (NCC) is determined by subtracting unloaded vehicle weight (UVW) from gross vehicle weight (GVWR) and includes fluids, options and cargo. Liquid capacities and weights are approximations only. Warning - This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing and towing instructions. *UVW and Hitch Dry Weight are base weights of units without options. Each unit includes a weight label which lists specific weight information for that unit. Product information, specifications, and photography in this brochure were as accurate as possible at time of printing. Photographs may contain some features that are optional on your vehicle. Since we continually strive to improve our products, actual products may differ. Prices and specifications are subject to change without notice. All capacities are approximate and dimensions are nominal. Some features or options may be different or unavailable in Canada. Vehicles are designed for recreational use only and not intended for use as a primary residence. All product brand names used in this brochure are registered trademarks of Thor Industries Inc. Unauthorized use of trademarks is prohibited by law.

Spacious "W" Sofa/Dinette

Monte Vista's exclusive "W" sofa/dinette slide is available in the 34QB-MV and 35RB-MV floorplans to greatly expand your seating area. Both sofa/dinette's convert into beds for extra sleeping space. Don't need the extra seating? Both floorplans are available with the traditional hide-a-bed sofa and free-standing table slide room.
