2007 "Super-Lite" Travel Trailers & Fifth Wheels

*D*esigned to be towed by most half-ton trucks, Tundra is the new standard in "Super-Lite" recreational vehicle technology. Our "Super-Lite" construction starts with a six-way welded aluminum framed superstructure. The walls, roof, and floor are insulated with high density foam and are laminated to the superstructure. This "Super-Lite" construction process is designed to maximize living space and storage without adding the weight you will find in most recreational vehicles.

But, there is more to Tundra than its Super-Lite construction. Tundra's interiors are as impressive as its revolutionary design. Tundra features unique floorplans with large living areas, kitchens, baths and bedrooms. Stunning high-end designer décors, residential-style furnishings, and brand name appliances are a few of the many features that define Tundra. Compare our features to the competition and we are sure you will agree that Tundra is your best value when it comes to "Super-Lite" travel trailers and fifth wheels.

*Never Stop Exploring*

Sizable bedrooms with queen beds and generous storage areas are staples of the Tundra product line. Plus, a designer headboard with bedspread pillows and matching curtains are standard!

Tundra's dinette seat, bunk beds, queen beds and pass-through storage compartments are aluminum framed. They are lighter and more durable than the competitors' wood frame structures.

Tundra floorplans feature spacious galleys with ample countertop and storage space. A double door refrigerator, large oven with cooktop, large microwave oven and a range hood with light and fan are standard features on all Tundra models.

Plus, many floorplans include a bonus storage pantry and a large pots and pans drawer.

Vehicle loading – Every effort has been made to provide the greatest number of options for the recreation vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices that they remain within the manufacturer's specified chassis weight limits. Do not overload the recreational vehicle. Net carrying capacity (NCC) is determined by subtracting unloaded vehicle weight (UVW) from gross vehicle weight (GVWR) and includes fluids, options and cargo. Liquid capacities and weights are approximations only. Warning – This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing and towing instructions.

\*Axle weight, UVW and Dry Hitch Weight are base weights of units without options. Each unit includes a weight label which lists specific weight information for that unit.

Photographs may contain some features that are optional on your vehicle. Since we continually strive to improve our products, actual products may differ. Prices and specifications are subject to change without notice. All capacities are approximate and dimensions are nominal. Some features shown are optional and may be different or unavailable in Canada.

# SMART RV

Thule, the industry leader in cargo management systems for cars and trucks, has partnered with Tundra to create the Smart RV System. This patented system allows Tundra owners to create a functional outdoor living area that's easy to set up and enjoy.

The Smart RV system uses a number of factory-installed anchor pods mounted on the exterior of the trailer.\* The accessories mount to the pods in seconds using Thule's innovative quick-release latch system.

The optional Thule Smart RV Camping Package includes:

- Smart RV table with 2 chairs
- 2 Universal hooks
- Smart RV countertop

## Smart RV Universal Hook

Here's a great way to wrap cables and cords, hang lanterns and bug zappers, or just dry out your towels!

- 2 Universal hooks per kit
- Rugged powder-coated steel tubes
- Foam padding offers cushion and extra grip

## Smart RV Countertop

The perfect surface for a blender, a radio or anything else you've just gotta have to enjoy the great outdoors!

- Blow-molded 40" x 16" polyethylene countertop
- Support arms adjust to ensure a level table surface

## Smart RV Table and Chairs

Bring the dining room outdoors with our patented "stable table" system.

- 48" x 24" Heavy duty polyethylene table top with powder-coated adjustable legs
- (2) Camping chairs with Thule logo. Made with black, weather resistant fabric

\*Thule system is for use on units built after serial number 120671.

Units include wall bracing to accept Thule Pods.
