There is more to a SRV than the cargo area. Victory Lane’s interiors are designed for comfort and value. Victory Lane is loaded with features that are usually found as upgrades on the competitor’s products. Residential furnishings, full size slide rooms and designer decors with residential lighting and solid wood raised panel cabinet doors are just a few of the standard features that make Victory Lane your best SRV value.
Victory Lane's cargo area is designed with the features and equipment you want in your next SRV. The cargo area features durable anti-slip floor covering, grey laminated storage cabinets and durable, easy to clean vinyl wallboard with kick plate, as well as an adjustable E-track tie-down system, cargo lights and power outlets.

Victory Lane features a premium bottom hinged, spring-lift assisted cargo door. This creates one of the largest door openings in the industry - 7’ 9” wide by 6’ 10” tall! The door includes dual exterior cam locks and an anti-slip finish.

**MORE STANDARD FEATURES Than the Competition**
