

The Original Ultra-Lite Travel Trailer

# AEROLITE & CUB

Ultra-Lite Expandables

DESIGNED FOR MINIVANS, SUV'S, CROSSOVER VEHICLES & HALF-TON TRUCKS!

EXPLORE YOUR HORIZONS

# CUB ULTRA-LITE EXPANDABLES

The industry's best Expandable, featuring innovative floorplans with Therm-a-Rest® tent ends!

For active families on the go, Cub Expandables add sleeping space without the additional length and weight of traditional travel trailers. The ultra-lite design and aerodynamic profile make Cub a dream to tow.

Plus, the interior of Cub is packed with high-end features, including designer décor, large kitchens with abundant storage, expansive living spaces and comfortable sleeping areas. So, when it is time for your next expandable travel trailer, choose Cub, your best value in ultra-lite expandable travel trailers.

7 Floorplans starting at  
2528 lbs!

Cub Expandable 214 in Spring Green

# AEROLITE ULTRA-LITE TRAVEL TRAILERS

Aerolite - The Original Ultra-Lite Travel Trailer

Since 1996

Aerolite Travel Trailer 31RL-DSL in Pearl Grey shown with Residential Furniture Package Option

Aerolite, the original Ultra-Lite travel trailer, features 18 innovative floorplans, ranging from 24' to 35'. With units light enough to be towed by SUV's, minivans, crossover vehicles and light trucks, we are sure to have the best model for your family.

Just because Aerolite is an Ultra-Lite, it doesn't mean your trailer is light on storage. With spacious countertop and cabinet space and oversized pass-through exterior storage, it's easy to take everything along on your next adventure.

Aerolite - The original & still the leader in Ultra-Lite technology.

**Base weights starting at  
3555 lbs!**

## Harmony White Cabinetry Package

An attractive Harmony White Cabinetry Package with Cherry plank linoleum is available with any Cub Expandable or Aerolite Travel Trailer.

# ULTRA-LITE FULLY LAMINATED, 6-WAY ALUMINUM FRAMED CONSTRUCTION

**STRONG, DURABLE  
ULTRA-LITE  
CONSTRUCTION**

- 6-Way lamination - walls, roof & floor
- Tinted safety glass windows
- Aerodynamic front profile
- Up to 6'6" Interior height
- Nitrogen filled radial tires
- Aluminum framed dinette/furniture
- Diamond plate front rock guard

## Revolutionary Therm-a-Rest® Tent

Cub Expandables, the leading innovator in ultra-lite RV technology, and Therm-a-Rest®, inventor of the self-inflating camping mattress and manufacturer of premium outdoor equipment, have teamed up to develop the innovative new "Auto-pop" tent. Cub chose Therm-a-Rest® to design this ground-breaking product because of the company's 30-plus years of experience enhancing the comfort of outdoor enthusiasts. The result is an RV tent that features easier setup, more livable comfort, and greater protection than anything that's come before.

Aerolite and Cub features aluminum-framed dinette frames. Aluminum frames are more durable than wood-framed structures and save weight.

## REAL WEIGHTS!

**DID YOU KNOW** that every Aerolite and Cub is weighed at the factory as it leaves the production line? Our certified weight includes options!

Most competitors publish only a base weight that does not include options. Make sure that you know what the "real" weight of the unit is before you buy your next ultra-lite trailer.

Vehicle loading - Every effort has been made to provide the greatest number of options for the recreational vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices that they remain within the manufacturer's specified chassis weight limits. Do not overload the recreational vehicle. Some optional equipment not included.

Net carrying capacity (NCC) is determined by subtracting unloaded vehicle weight (UVW) from gross vehicle weight (GVWR) and includes fluids, options and cargo. Liquid capacities and weights are approximations only. Warning - This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing and towing instructions. \*UVW and Hitch Dry Weight are base weights of units without options. Each unit includes a weight label which lists specific weight information for that unit.
