

What are Poulsbo RV Exclusive units?

Poulsbo RV Exclusive units are custom built recreational vehicles tailor made for our customers in the Northwest. Poulsbo RV has been building Exclusive "Poulsbo Special Editions," for over 15 years. The response to these "Special" units has been met with resounding success; and as a result we have listened to customer feedback and expanded on what was originally one special edition trailer.

Poulsbo RV has partnered with Thor Industries to create the Rainier travel trailer series. Loaded with standard features that a first time customer or an experienced camper appreciates, Rainier is your best choice when it is time for your next recreational vehicle.

Designed by Thor Industries, the industry's number one manufacturer of towable recreational vehicles, the Rainier allows your family to experience the RV lifestyle with confidence, knowing that your recreational vehicle is a quality product that is built to last. Plus, Rainier is backed by Poulsbo RV and can be serviced by any of our stores.

Rainier Travel Trailers from Poulsbo RV and Thor Industries – Clearly the best travel trailer value in the industry today.

Rainier Travel Trailers – Available exclusively from
Poulsbo RV and Thor Industries, Inc.

*See vehicle owner's manual for towing capacity. Vehicle loading - Every effort has been made to provide the greatest number of options for the recreational vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices that they remain within the manufacturer's specified chassis weight limits. Do not overload the recreational vehicle. Dry weight is the weight of the unit with standard run features. Some optional equipment not included. Net carrying capacity (NCC) is determined by subtracting unloaded vehicle weight (UVW) from gross vehicle weight (GVWR) and includes fluids, options and cargo. Liquid capacities and weights are approximations only.
Warning - This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing and towing instructions.
Product information, specifications, and photography in this brochure were as accurate as possible at time of printing. Photographs may contain some features that are optional on your vehicle. Since we continually strive to improve our products, actual products may differ. Prices and specifications are subject to change without notice. All capacities are approximate and dimensions are nominal. Some features shown are optional and may be different or unavailable in Canada. All logos and brand names shown in this brochure are registered trademarks of Dutchmen Mfg, Inc. Vehicles are designed for recreational use only and not intended for use as a primary residence.
