NEW DIRECTION, NEW DESIGN, NEW DESTINATION
This spacious Charleston 430FK features our stately Exotic Cherry cabinetry, one of two custom crafted hardwood interiors to choose from. Every floorplan offers beautiful Corian® countertops, elegant LED lighting and polished porcelain upgraded tile flooring.

CHARLESTON

Charleston’s space-age ergonomically designed cockpit puts everything within arm’s reach. A tilt/telescopic “Smart Wheel”, power, adjusting automotive style foot pedals, upgraded stereo CD and rear view monitor with side view cameras are just some of the convenient features you’ll find in the Charleston.
At Charleston our interior appointments are refined with a sophisticated, luxurious, yet contemporary feel. Our floorplans are designed to flow effortlessly from the cockpit to the living and galley area and on to the master bedroom. The Charleston envelops you with rich fabrics and woodgrains that are professionally designed to work in concert to bring you the feeling of home while you travel. Our kitchen with its Corian® countertops features a fixed island (430FK) and an oversized stainless steel sink creating a practical cooking, clean up area that would make any chef jealous. The kitchen is outfitted with a residential 3 door stainless steel refrigerator and convection/microwave oven to accommodate you for entertaining or on even the longest trip.
The Charleston's modern shower comes complete with a built-in seat and a large skylight. Also shown is the convenient hidden washer/dryer. The bedroom of the Charleston series provides you a comfortable place to rest after a long day of traveling, this oasis features a king size bed, abundant storage areas and a slide out vanity.
THE BEAST WITHIN THE BEAUTY

It is both quality of construction materials and innovative engineering techniques that have set the Charleston apart from the competition. Charleston’s extraordinary amount of strong, tubular steel is integrated with the chassis to form the basis of our uni-body, “steel cage” construction. With this ultra-strength steel skeleton as a foundation, Charleston’s engineers have utilized superior vacuum-bond lamination processes that make our floor, sidewall and roof systems the strongest, most durable in the industry. By taking the time to integrate each structural component with both the chassis and each other, we are drastically improving the Charlestons’ ability to take the wear and tear of road travel. This means that each Charleston is built to stand the test of time – from the inside out!

VACUUM-BOND LAMINATED ROOF SYSTEM

1. One-piece fiberglass crowned roof (seamless)
2. Structurally engineered block foam insulation
3. Tubular aluminum framing with block foam insulation
4. Foam padding with Luan backing
5. Vinyl interior headliner for easy maintenance

VACUUM-BOND LAMINATED FLOOR SYSTEM

6. Sturdy structural wood flooring
7. 2.5" thick block foam insulation
8. 2.5" tubular steel floor framing
9. Luan plywood
10. Darco underbelly

LAMINATED STORAGE COMPARTMENT FLOOR

11. Darco under-flooring
12. Sturdy structurewood decking
13. Cargo liner
14. Tubular steel framing

VACUUM-BOND LAMINATED SIDEWALLS

15. Gelcoat fiberglass exterior with Luan backing
16. Thick block foam insulation
17. Tubular aluminum framing
18. Decorative interior panels
19. Residential carpeting (Bedroom)
20. Thick foam padding (Bedroom)
21. Bus-style, side-to-side opening storage compartment doors
22. Sleek automotive styling with automotive head lamps
23. 10K diesel generator on automated slide-tray
24. Automotive environmental controls
25. One piece bonded panoramic windshield
26. Mirrors with integrated side vision cameras
27. Frameless dual pane windows

VACUUM-BOND LAMINATED SIDEWALLS

CHARLESTON STANDARDS AND OPTIONS

Chassis-Freightliner XC Raised Rail Chassis:
- Lowered Cummins ISL turbo diesel 8.9 liter 450 HP @ 2100 RPM, 1250 ft. lbs. of torque @1,400 RPM
- 24/7/365 Freightliner factory direct support

Steering Wheel
- Leather wrapped VIP smart wheel
- Washer/wiper with intermittent function
- Electronic cruise control with high idle
- FCC “Courtesy” flashers
- TRW tilt/telescopic steering column

Other Chassis Standards
- 100 gallon, dual fill fuel tank
- Power suspended and adjustable pedals
- 1000W in block engine heater
- LCD engine message center
- Day time running lights
- 7-Pin tow power connector
- 18.7 CFM air compressor
- R134A A/C compressor w/condenser
- Farr Eco-air cleaner
- Air filter restriction indicator
- Fuel/water separator
- Bendix® AD-9 heated air dryer
- Automatic, heated moisture ejectors
- Power steering
- Leece-Neville 160 amp alternator
- (2) 1900 CCA @ 0° F, (-18° C)
- Maintenance free batteries

Structural Standards
- Laser aligned steel sub-frame and basement construction
- Ziebart® automotive & foam seal undercoating
- Vacuum bonded floor
- Tubular steel frame
- Structure wood flooring
- 2 lb. density, block foam polystyrene insulation throughout
- Vacuum bonded sidewalls
- Tubular aluminum frame
- Gel-coated fiberglass skin
- Frameless dual pane, dark tint windows
- Crowned and layered vacuum bonded roof
- Fiberglass roof
- Tubular aluminum frame
- Channeled drains for A/C’s
- Tubular steel front bulkhead
- Fiberglass front and rear caps

Exterior Standards
- One-piece panoramic windshield
- Automatic generator start
- Sikkens® automotive full body 4 color exterior paint
- 4X Clearcoat for optimal gloss and protection
- Side-hinged exterior compartment doors with full pass through storage
- (4) pt. fully automatic hydraulic leveling system
- 2000 watt pure sine wave inverter/ converter
- (4) deep cycle six volt house batteries on slide tray
- (2) Master electric shut off switches
- 50 Amp 120V distribution panel with energy management system
- Automotive style fuse panel
- Individual zoned manifold system with individual shut-off valves
- Variable speed constant pressure water pump
- Full coach water filtration system
- Thermostatically controlled Fantastic® roof vents with rain sensors
- (1) 3 Speed remote powered lavatory roof vent
- 13,500 BTU low profile front roof A/C with heat pump and ceiling ducts with drain
- 13,500 BTU low profile rear roof A/C with heat pump and ceiling ducts with drain
- 11,000 BTU low profile center roof A/C
- Two (2) 20,000 BTU furnaces
- Girard® tankless continuous flow hot water heater
- 24.5 gallon propane tank
- Black water tank flush system
- Power entrance step
- Patio light
- Lighted entry assist handle with keyless entry
- Front entrance door with heavy duty screen door and deadbolt
- Power front door awning
- Power patio awning w/ motion sensor
- Slide-out room awnings
- Full length drip and awning rail
- 10,000 lb. receiver hitch
- Air and “city mode” horns
- Digital stationary TV antenna with signal booster
- Shower skylight
- Docking lights
- Heated pads for all water and holding tanks
- Auxiliary LP hook up-passenger side
- Auxiliary air chuck-front firewall
- Protective paint mask
- Full length mud flap with chrome trim
- (2) Piece rear ladder
- Chrome bus style exterior mirrors with integrated side view cameras
- Automatic digital satellite
- Oversized slide-out storage tray
- Exterior entertainment center in sidewall
- Basement freezer
- Power cord reel

Exterior Options
- 15,000 BTU A/C with heat pump, front and rear

Driver/Passenger Area Standards
- Wrap around cockpit with (9) gauge instrument cluster
- Extra wide Flexsteel® “soft touch” pilot and co-pilot seating with adjustable arm rests, 360 degree swivel and recline
- 6-Way power pedestal under pilot and co-pilot seats
- 3-point integrated seat belts
- Power actuated step well cover
- Lighted step well
- Rear vision camera with adjustable color monitor
- AM/FM/CD player with iPod™ auxiliary input
- Sirius® satellite radio capable (hard ware and subscription needed)
- Distribution control box for entertainment electronics
- (2) Defroster fans with high and low settings
- Dash mounted remote generator start switch
- Auxiliary start switch
- Pilot/co-pilot cup holders
- Automotive dash AC/heater

Exterior Options

Wheels
- (6) Polished aluminum
- (2) Steel on inside rear axle
- 22.5 x 8.25

Cooling System
- 1335 C.I., Cross flow, rear mounted radiator
- Transmission oil cooler
- Electronic belt driven fan clutch
- 5 year/100,000 mile coolant (some maintenance required)
- 5 year/100,000 mile coolant
- Electronic belt driven fan clutch
- Transmission oil cooler

Brakes
- Full air w/auto slack adjuster
- ABS
- Front: 17” air disc brakes with ABS
- Rear: 16.5 X 7” drum with ABS,
- Tag: 15 X 7” drum with ABS
- Two-Stage compression engine brake

Transmission
- Allison 3000MH 6 Speed automatic with electric push button shift
- Transynd transmission fluid

Suspension
- Front: Neway® AS air suspension
- Rear: Neway® AD air suspension
- Tag: Neway® Non-lifting CA-110 with air suspension and air dump
- Sachs custom tuned shock absorbers (a Rolls Royce company)
- Heavy duty stabilizer bar
- 55 degree wheel cut
- “I” beam suspension with bell crank
- Air suspension deflation system

Tires
- Michelin® XZA3T P275/80R/22.5

Air Suspension
- Michelin® XZA3T P275/80R/22.5
- Gel-coated fiberglass skin
- Vacuum bonded sidewalls
- Protective paint mask
- Full length mud flap with chrome trim

- LP gas detector with auto shutoff
- Smoke alarm

Peace of mind.
Forest River has yet another exclusive feature to offer: One year of free roadside assistance will be given to every New Charleston customer. This is just one more way to say “Thank you” and to ensure an enjoyable traveling experience.

A. View it outside. The exterior entertainment center in the sidewall is the perfect way to tailgate or simply watch the big game at your favorite destination.

B. Convenient access. The easy to use generator slide tray allows for easy access to the Charleston’s 10KW power generator.

C. Secure it. The keyless entry and lighted entry assist handle provide convenience, comfort and safety when entering your Charleston.

D. Easy to understand. Charleston’s automotive style electrical station.

E. Cavernous. Charleston’s side opening exterior storage doors allow for greater accessibility and easy access to insulated, steel-cage protected cargo areas. Our above-floor slide-out system allows for increased storage space below.

F. Simply innovative. The Charleston’s zoned, central water distribution system allows uninterrupted showers and eliminates numerous elbow connections.
Choose from one of five exciting exterior paint designs. Every artistic embellishment is painstakingly thought out, delivering a design that represents the Charleston’s true personality.

PRE-DELIVERY INSPECTION FACILITY
20,000 square feet of quality assurance. The bare essentials for a premium product.
This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!
