BlueTEC Diesel Engine
One of the world’s cleanest diesel engines delivers more power while producing fewer emissions thanks to BlueTECH SCR technology.
The 3.0L v-6 engine boasts 188hp and 325 lb-ft of rated torque.

- 20'' flat panel side 12 volt TV
- Stainless Pan
- Sofa IPO of dinette (24R, 24S)
- Surround sound with subwoofer

PRE-DELIVERY INSPECTION FACILITY
20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.

2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!

3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. Those requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.

4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!
