The XC Chassis by Freightliner Custom Chassis Corporation (FCCC). Offering a smooth ride and precise handling characteristics, the XC chassis provides a supreme driving experience for customers. And with the industry-leading wheel cut, the XC chassis is the most maneuverable chassis in the RV diesel pusher market. The Berkshire comes standard with the following XC configuration:

- Raised Rail, Rear Radiator offers increased basement storage space and continuous 9" steel frame rails that minimize coach stress.
- I-Beam Front Suspension is engineered to increase stability, decrease body roll and provide the ultimate in ride quality.
