**The Silverback Advantage**

**NEW EXTERIOR KITCHEN**

This innovative exterior kitchen is great for tailgating and outdoor parties—complete with sink, pull out faucet, counter extension, refrigerator, and grill.

**TAP TEST!** You will be surprised how many competitors use false foam in their fascia. Silverback’s solid wood fascia gives “A” quality difference you can hear and feel!
You’ll love the great towing and handling characteristics of the Silverback. The aerodynamic, front cap achieves a FULL 90 degree (plus a little extra) turning radius even when towed by short bed trucks. No more cumbersome sliding hitches to contend with. Accept no limited imitations!

The Silverback Fifth Wheel is named after the powerful mature male gorilla who, at 5-1/2 feet tall, can weigh up to 400 lbs. Found only in Africa, all gorillas are endangered and an important species within one of the world’s most important ecosystems.

Cedar Creek is proud to announce its support of the Dian Fossey Gorilla Fund International (DFGFI). For every Silverback Fifth Wheel sold, Forest River/Cedar Creek will make a donation in your honor to help save gorillas.

After a Silverback Fifth Wheel purchase, you will have access to a special online gorilla adoption specifically designed for Cedar Creek. You will be able to revisit the adoption page monthly to read more about your adopted gorilla, other gorillas, and conservation stories to share with your family and friends throughout the year.

With staff in the countries of Rwanda and the Democratic Republic of Congo, DFGFI is the only nongovernmental organization working in the field every day to protect gorillas from poaching, habitat destruction and diseases. For more information, go to www.forestriverinc.com/cedarcreek or go to www.gorillafund.org

Forest River’s Pre-Delivery Inspection Facility is a state of the art testing facility which gives immediate daily feedback to production for quality assurance in every unit built by Cedar Creek.
