

THE SURVEYOR DIFFERENCE

SURVEYOR.
2" WALL WITH (R-7) BLOCK FOAM INSULATION

COMPETITION.
1.5" WALL WITH (R-5) BLOCK FOAM INSULATION

Structural integrity is not compromised at Surveyor! Surveyor's fully laminated walls are visibly stronger and more durable.

SURVEYOR.
ONE-YEAR ASSISTANCE

Forest River, Inc., in affiliation with Coach-Net®, is providing one (1) year of free Roadside Assistance to all retail purchasers of new Surveyor Travel Trailers and Fifth Wheels. This is just one more way to say "Thank You" and to ensure you have an enjoyable camping experience.

- Emergency Roadside Assistance
- Nationwide Service Appointment Assistance
- Dispatch of On-site Mechanical Service
- \$2000 Trip Interruption Reimbursement
- 24-Hour Toll-Free Emergency Message Service
- Custom Trip Routing and Full Color Maps

SURVEYOR.
GLUED & SCREWED

SURVEYOR. SEAL TEST

Every Surveyor is pressurized and soap tested at every seam and opening to ensure a water tight seal. Surveyor prevents water leaks!

COMPETITION.
STAPLED

Surveyor features solid core lumber in our cabinet construction which is screwed and glued together, not stapled, like many manufacturers use.

SURVEYOR.
DUCTED AIR WITH A "QUICK-COOL" FEATURE

All surveyors 25' and larger have ducted air and use 3" block foam insulation (R-11). All surveyors have a walkable roof and rear ladder option.

Quick-Cool diverts 85% of cool air to the center of the coach.

SURVEYOR.
WATER FILTRATION

You'll appreciate the water filtration system that is standard with each Surveyor. This compact unit filters water for the entire coach, eliminating those unwanted contaminants and odors. Insuring safe drinking water for you and your family.

SURVEYOR.
FANTASTIC FAN STANDARD

Fantastic Fans are standard in all baths. This 12" 10-blade bath fan significantly increases air circulation and the removal of condensation as compared to the industry's standard smaller power bath vent.

SURVEYOR.
AL-KO® AXLES AND EASY LUBE HUBS

AL-KO Axles offer many advantages over conventional axles:

- Fully independent wheel suspension.
- No metal to metal contact and no springs, shackles, hangers, or U-bolts to break or wear out.
- Lower trailer center of gravity for improved stability.

The UltrULube™ Hubs allow you to repack bearings quickly and easily without disassembly.

NO SKELETONS IN OUR CLOSET.

SURVEYOR.

COMPETITION.

What's in your sidewall? Your Surveyor is constructed with 1.5" tubular aluminum framing in "all" openings. Is this necessary - we think so! Aluminum framed openings add strength and integrity to every Surveyor sidewall. No other lightweight trailer compares.
