CEDAR CREEK'S FAMOUS ALL ALUMINUM SUPER STRUCTURE

Silverback's all aluminum cage construction is on 16" centers or less. Silverback depends on the frame for its strength—not lamination. Customers can repair their units easily. The draw back with one piece laminated construction is the fact that it is one piece. With Silverback repairs are a snap. Silverback has one of the most desired types of construction in the country!

MORE CONSTRUCTION ADVANTAGES

THE "TRUE" GELCOAT ADVANTAGE!

"True classic performance gelcoat is the *best* of the *best* the RV industry has to offer. "True" gelcoat is thicker, stronger with higher impact resistance and flexural strength to virtually eliminate sidewall repairs. "True" gelcoat is the *only* product that will retain its high gloss finish and includes side compartment and entry doors!

5/8" TONGUE AND GROOVE, MARINE GRADE PLYWOOD FLOOR

TAP TEST!

You will be surprised how many competitors use false foam in their fascia. Silverback's solid wood fascia gives "A" quality difference you can hear and feel!

90°+ TURNING RADIUS

The aerodynamic, front cap achieves a FULL 90 degree (plus a little extra) turning radius even when towed by short bed trucks. Accept no limited imitations!

Forest River Encourages You to Buy Locally

Forest River, Inc. strongly encourages our retail customers to purchase from their local dealership whenever possible due to the following factors:

- Our dealers are, as a rule, independently owned and operated businesses. Outside of those customers they personally sold products to, they are not contractually obligated to perform warranty service on Forest River products that were purchased elsewhere. There **may** be an occasion that you would be required to return to the point of purchase to satisfy warranty requirements.
- Although many dealerships will eventually service products not purchased at their place of business, they will usually take care of their customers and other

Forest River customers who are traveling away from their local dealer as they would their own.

- Local purchases allow a customer to establish a relationship with a dealer close to home. This relationship provides the customer with a convenient location for service and support from a "home town" professional.
- The opportunity for a thorough PDI (Pre-Delivery Inspection) and product orientation is an additional benefit of buying from your local dealer, further providing the opportunity for refresher courses or the ability to get questions answered much more conveniently.

- For our Canadian customers, there are also requirements which must be met to bring an RV purchased out of the country to their home. Although not insurmountable, these requirements may involve such things as additional inspections and certifications, taxes and fees. Your local Canadian dealer is a professional at meeting these requirements.

Forest River's goal is for all RV owners to fully enjoy their RV experience. In light of this goal, and considering the advantages of buying local, we encourage you to be thorough when determining what product to purchase and which dealer to purchase it from as both are key to your ultimate satisfaction and the realization of your dreams.
