2008 Citation Supreme
Fifth Wheel & Travel Trailers

North America’s Best
POLAR-PAK
THE SUB-ZERO SOLUTION

Guaranteed to -30° C

Canada’s Best! Don’t Settle for Less!
Supreme Livability

Experience the “At Home” comfort and livability that only Citation Supreme quality provides. Residential style, “All Season” features are endless! “Stormtite” double glazed thermopane windows, “Dayliter” dual-pane residential skylights, “Atwood” Dual furnaces and exclusive attic ventilation system keeps you warm and condensation free.

What you “can’t see” is where Citation excels with surprising features like Nev-R-Lube axles, “Whisper King” water pumps, XT 16 gal. water heaters.

The expansive 34.5 CKTS Platinum features a large island kitchen and a living area that is a comfortable 352 sq.ft. Solid surface counters, Norcold 10 cu.ft. fridge, recessed stovetop and sink, slide-out garbage can, can racks and halogen lighting highlight the kitchen. A handy fold down desk, standard 32” LCD HD TV on a swivel arm with a DVD theatre surround sound system and optional fireplace accent the Entertainment Center area. Hydraulic disc brakes w/lube shackles and Mor-Ryde pin box provide towing safety and a utility compartment houses exterior conveniences such as pop-out hose reel, dump valves and exterior shower. Our unmatched features, quality construction and wide body design provide year round comfort, exclusive livability and worry-free travel.

Don’t Settle for Less!
We are General Coach, a division of Thor Industries Inc., a western Canadian company that manufactures the well known Citation brand of quality recreational vehicles. For over 57 years we have been consumer established as builders of high value, superior quality RV's with proven high resale value.

Because we are a limited capacity production company we do not mass produce our products allowing us to ensure strict quality control standards which, in turn, ensures your comfort and satisfaction. Residential quality components and residential style construction techniques are utilized by skilled, conscientious, long term employees dedicated to quality workmanship.

Citation by General Coach is designed for recreational use in western Canadian climate and conditions with “Polar Pak” features second to none. Your peace of mind with your purchase decision is reinforced by Citation’s Six Year Limited Structural Integrity Warranty & Guaranteed to -30º.

Why a Thor Product Is Your Best RV Value.
Thor industries, Inc., proudly traces its history back nearly seventy years to the pioneering days of the RV industry with the founding of Airstream, the industry’s oldest and most renowned brand. Our total commitment to quality and our philosophy of putting our customers first has led to our continuous growth; today Thor is the largest manufacturer of travel trailers and fifth wheels, a major manufacturer of motorhomes and the largest builder of small and mid-size buses in North America. Thor's strong financial condition and years of solid growth are your assurance that we will be here to serve you for years to come. We think this extra peace of mind is important when you are making a significant investment. Our customers are always #1 with us.

General Coach makes a top-line product. We just purchased our fifth General Coach 5th Wheel and are proud of the 34RLTS model - the quality is expectional, the layout very functional and the decor warm and inviting. Needless to say, we would highly recommend a General Coach product over and above anything else on the market as you receive true value for your dollar. We go to the Calgary RV show every February and no other manufacturer, in our opinion, manufactures a product as good! Warranty and follow-up service at the dealer has always been excellent.

Citation Supreme,
Don’t Settle for Less!

Production information, specifications, photography in this brochure were as accurate as possible at time of printing. Photographs may contain some features that are optional on your vehicle. Since we continually strive to improve our products, actual products may differ. Prices and specifications are subject to change without notice. All capacities are approximate and dimensions are nominal. All products meet or exceed CSA or RVIA standards.

Check with your local dealer for a complete list of options and features on the model you are considering.

“Warranted For Fulltime Living!”
New For 2008 Model 38RLQS

The new for 2008 38 Rear Lounge Quad Slide sets the standard for full time all season living. Four separate areas ensure residential livability and complete privacy. This exceptional kitchen features a large counter of ‘Karadon’ solid surface, recessed residential stainless steel sink and range top with full height cabinets to maximize the usable space. The solid hardwood table has a handy 13” extension leaf and lifts up with storage. The ergonomic dining chairs have storage designed into the seat bases.

“Warranted For Fulltime Living!”

The private rear living room features opposing slide outs for 12’ of interior width! Residential French doors ensure privacy and quiet with elegance. The entertainment center features a 32” LCD HD TV, home theatre and a 6’ solid hardwood desk which provides a perfect work area for the full timer. The entertainment center is also available with a 42” LCD HD TV which replaces the chair and the windows in the slide. Residential skylights allow for natural lighting during the day.

General Coach has developed the best all season product available today. The exclusive Polar Pak Features are a combination of Canadian residential components and proven all season residential construction techniques. Our full wood frame Vacuum laminated walls are 2" thick, residential style truss roof and framed floor with 5/8" plywood will not sweat or conduct heat and cold as aluminum framing.

The "Dayliter" skylights from Richmond, BC are the best residential skylights on the market today. Only "Dayliter" skylights control interior moisture build up by catching the moisture in a drip rail and weeping the moisture to the exterior not back into the unit or into the roof cavity. Integral venting allows air to flow between the dual aircraft acrylic panes to prevent frost or moisture forming.

**General Coach warrants all Polar Pak models for full time living.**

Made in Canada "Stormtite" thermopane windows are proven to be the best all season windows with an extra heavy duty frame and the only framed sliding section that locks in the closed position for a positive seal against dust and moisture. The solar reflective glass also provides daytime privacy, eliminates UV rays and reduces heat build up by 10 to 15%.

The exclusive "Attic" ventilation system allows fresh air to be circulated through the ceiling cavity to reduce heat in the summer and condensation in the winter. The system consists of a fresh air intake at the rear of the unit and a 12 volt marine extraction fan on the roof above the bedroom. The fan is controlled by a 2 speed switch in the roadside cabinet. Efficient and quiet Excalibur Furnaces (35,000 or 40,000BTU) provide quick and quiet heat. The Models 32.5TKS and larger have 2 separate furnace systems for the best control of temperature through out the unit.

All models have the "Fantastic" Rain Sensor vent fans in the living area. The rain sensor is controlled from a wall thermostat that can be set according to temperature and humidity. Larger models also have a "Fantastic" vent fan above the vanity to control the bathroom humidity.

Optional baseboard heaters in the living room and bedroom provide a comfortable dry heat source.

**Canada’s only RV Guaranteed to -30º C**

Holding Tanks are enclosed within a steel compartment that is insulated and heated with a direct duct from the furnace. Most models have the dump valve handles located above in a heated storage compartment, easy access and protected from road hazards. Compartment doors have 1" of High Density Foam Insulation.

Specifications are subject to change without notice or obligation.
The Model 32.5TKS rear lounge triple slide boasts an exceptionally open floor plan. The exclusive 100" wide body design allows for an extra large ‘Karadon’ solid surface kitchen counter. The convection microwave, recessed range and large residential stainless steel kitchen sink ensure all the comforts of home. The “Norcold” 1200 4 door refrigerator is available in lieu of the standard “Norcold” 10 cu. ft. and the pull out can rack. The 32.5TKS is shown in the rich Mocha Décor with the Seashore solid surface counters.

Hand-cranked stabilizing becomes a backache of the past with the optional Quick Draw Electric Stabilizer Jacks. Both jacks operate together and ensure equal pressure is on both legs. A touch of the switch results in a level and stable unit. The maximum support is 3200 lbs. A 3 Year warranty provides peace of mind.

Standard “Carefree” Awnings over all the Slide Outs provides extra protection from the elements. The Bedroom slide outs are optional in the Models 29CKS, 29.5RLS, 30RLDS and standard in Model 29RKDS, 31.5RLS and larger.
Model 38RLQS New for 2008 is the side aisle access to the bathroom and bedroom. Residential sliding frosted glass doors for privacy in the bedroom and bathroom. The oversize bathroom is accessible from the hall or the bedroom. The large solid surface vanity, residential fiberglass shower and linen closet ensure true at home comfort. A very spacious 6'9" Height for the Full Timer!

Model 38RLQS The private rear living room features an entertainment center with 32" LCD HD TV, optional fireplace and a 6' hardwood desk and chair. Pictured below is the optional Theatre seating in lieu of the hide-a-bed in the slide out.
The luxurious Model 31.5RLS Fifth Wheel in Mocha Decor with Optional Seashore Solid Surface Kitchen

**Supreme Construction**

**Crowned Roof**
1. "Dicor" vinyl roof, seamless, overlaps the sidewall, 12 year warranty
2. 3/8" plywood deck, screwed to truss
3. Fiberglass insulation R-11 full width
4. Engineered residential crowned truss, 5 1/2" thick in centre sloped to 3 1/2" on the ends
5. Insulated rigid air conditioning duct - 2"
6. Drip rail with down spouts
7. Interior ceiling panel - plywood

**Vacuum Bonded Wall**
1. "Filon" gelcoat panels
2. Plywood substrate
3. Kiln dried studs - 2x2, 2x4, 2x6
4. Ultra high density rigid polystyrene insulation
5. Interior panel - plywood

Walls on all models are framed utilizing 2" x 2", 2" x 3" and 2" x 6" kiln dried studs, steel reinforced and mounted directly on top of the foundation floor. The sidewalls are individually laminated, cured under vacuum pressure and tear tested for a perfect bond prior to installation. Laminated to plywood, the Filon gelcoat panels are warranted for 2 years materials and labor and guarantees a high resale value as it retains colour and lustre and won’t rust, corrode, ding or dent.

**Foundation Floor**
1. 3/8" plywood tongue & groove deck - glued and screwed to studs
2. Vinyl flooring residential installation
3. Kiln dried studs
4. Fiberglass insulation
5. Galvanized steel heat ducting (not all models)
6. Galvanized steel flashing
7. Seamless polypropylene undersiding complete wrap up sides, front and rear
8. Fiberglass radius skirt, double sealed at marriage
9. Floor is bolted to steel chassis. Steel is fully undercoated with automotive undercoat. **Holding tanks are enclosed, insulated and protected within the 12 gauge steel chassis members and heated directly from the furnace.**
10. 12 gauge steel outriggers support full width of floor.

Guaranteed to -30º C

General Coach is proud of our 99% customer satisfaction record. But don’t take our word for it, ask our owners for their opinions.

I bought this fifth wheel to live in, as I first informed the salesperson. I said it gets … cold up here in Fort Nelson, BC. He said no worries and recommended skirting. I did skirt it but not that great of a job. It had been 35 C to 40 C below for two to three weeks at a time and I was still toasty warm. There are likely cheaper trailers out there but if you need one to be well built and to withstand cold, this is the baby for you. I’ve put it to the test and all is good.

L. K.
Fort Nelson, BC

We have been extremely pleased with the performance of our General Coach. We looked at many different brands of 5th wheel over the last few years and talked to many RVers. Your product certainly stood out in many ways and General Coach’s reputation is very good in the RV community. There are many, many features that make our travels extremely comfortable and enjoyable.

Alan & Shirley N.
Surrey, British Columbia

I have owned a General Coach product since 2001 and used it between nine and ten months a year since. The temperature outside has varied between +35 C to -50 C. The unit has stayed very comfortable in all conditions.

R.W.
Killam, AB

The Model 33RLTS is an outstanding unit, with few if any features left out. Please thank all the engineers, designers and staff for a job well done.

Elaine & John P.
Fort McMurray, Alberta

In 1989, we took five factory tours in BC and Alberta, including General Coach in Oliver. General Coach was the best quality and had the most attractive appearance. Although the price was slightly more than the others, we bought our first General Coach in 1991 and have never been sorry. In October of 2000, we bought our second General Coach Fifth Wheel. The quality is still excellent and with more features, we really enjoy our trailer. We get lots of compliments in campgrounds. We certainly appreciate the value for our dollars. Thanks for building a great fifth wheel.

Cleave & Diane B.
Maple Ridge, British Columbia

We believe that the General Coach line is one of the top lines in North America. We have owned 7 General Coach products.

Heinz & Marlene L.
150 Mile House, British Columbia

As we have had this unit 2 years now I believe this survey is now very complete. I am impressed with the warranty schedule offered by General Coach and appreciative of your warranty manager who has assisted us throughout. Thank you for a great coach.

Rex & Hazel B.
Saskatoon, Saskatchewan

We have found after buying two new units from the same dealer and manufacturer that the service and quality is outstanding and we would have no problem recommending both.

Dave R.
Oliver, British Columbia

Overall very satisfied, would like to see unit a little lighter but accept weight for solid construction. The quality is excellent both inside and out. I have recommended you to family and friends. Just love our fifth wheel.

Roy E.
Kelowna, British Columbia

Having had considerable experience trailering with 6 different manufacturers’ products, we are happy to say we are pleased with every aspect of our General Coach 5th Wheel. Perhaps the best comment is to simply state that the built-in quality of this product speaks to our comfort, enjoyment and the sense of pride we realize from our home away from home.

Don & Marg C.
Kamloops, British Columbia

It is warm in the winter as I work in it all year round in the oil field.

Alan S.
Redcliff, Alberta

We owned the 1991 for 10 years. We had no problems at all with the 1991. So far we like our new 34RLTS.

Barb & Ray C.
Fort St. John, British Columbia

We’ve travelled at least 4900 kms, east to Kenora, north to Meadow Lake and south to the border. The Mor-Ryde is a treat. It takes the road echo out of the truck. Manitoba and Saskatchewan roads are the test of this device. Finish of our unit is of a very high standard. My wife is so happy with the storage and arrangement of the unit. We were up north and had both furnaces going – worked great and quiet.

Clare C.
Penticton, British Columbia

The following is an excerpt from the “RV Times” magazine:

We really do enjoy your publication. Our last trip was of three months duration: 16,200 miles, most of them in Canada. We would like to sing the praise of our new trailer built by General Coach in B.C. Our travel is always off-season and we looked for something that would be comfortable on the Alaska Highway in winter. More Canadians should know about this product.

Eva B.
Skagway, Alaska
Our Commitment to Customer Satisfaction

Citation’s full two-year limited warranty is reinforced by a limited six-year structural integrity warranty and a two-year component warranty. Quality assurance you can depend on! This added warranty is unique to the recreational vehicle industry and should be one of your very serious considerations when choosing your next R.V.

Citation is backed by a national dealer and service network that is some 100 strong and stretches from coast-to-coast as well as affiliates in the U.S.A. for North American worry free travel. These dealers and dealer service technicians will gladly attest to the excellence of Citation’s construction and quality.

Join thousands of General Coach customers in North America and take command of the road with your Citation. A buying decision you’ll never regret.

We are very proud of our highly skilled people who exercise extreme care in the manufacture of every Citation. We invite you to visit us at General Coach, see the quality process yourself. We know you’ll be impressed and we know you’ll love the Okanagan Valley.
The Models 31CKDS, 34RLTS, 34.5CKTS and 38RLQS have a unique level floor throughout the bath and bedroom area. The units are pre-plumbed for an optional washer-dryer combination in the front wardrobe. Overhead cabinetry in these models allows for an optional 19" LCD TV and abundant storage is provided by deep drawers and large mirrored wardrobe.

Optional Pocket Door to Bedroom & Optional Shower in lieu of Garden Tub.

Don’t Settle for Less!

Most models with the Garden Tub can be ordered with the optional garden shower designed for ease of access. The optional pocket door improves bedroom privacy and is available in most walk thru bath models.
