EXCELLENCE YOU DESERVE!

FIFTH WHEEL & TRAVEL TRAILERS
Excella Livability

Experience the “At Home” comfort and livability that only Corsair Excella quality provides. Residential style features are endless! Panoramic “Stormtite” double glazed windows, “Dayliter” Dual-Pane residential skylights with moisture control. “Karadon” solid surface countertops, high quality furniture and fabrics and brand name components are just a few of the unique features offered by Corsair. New for 2006 is the “Atwood” XT water heater that provides 16 gallons of hot water from a 10 gallon tank. Our un-matched quality construction and wide body design provide year round comfort, exclusive livability and peace of mind.

Additional residential features include central air conditioning, energy saving two stage furnace, optional electric fireplace and an attic ventilation system incorporated in the R11 trussed roof.

For your entertainment pleasure, enjoy the JVC Home Theatre DVD Stereo System and 27” TV with surround sound or keep in touch with family and friends at the multi-functional computer desk.

Excellence You Deserve!
We are General Coach, a division of Thor Industries Inc., a western Canadian company that manufactures the well known Corsair brand of quality recreational vehicles. For over 55 years we have been consumer established as builders of high value, superior quality RV’s with proven high resale value.

Because we are a limited capacity production company we do not mass produce our products allowing us to ensure strict quality control standards which, in turn, ensures your comfort and satisfaction. Residential quality components and residential style construction techniques are utilized by skilled, conscientious, long term employees dedicated to quality workmanship.

Corsair by General Coach is designed for recreational use in western Canadian climate and conditions with “Polar Pak” features second to none. Your peace of mind with your purchase decision is reinforced by Corsair’s Six Year Limited Structural Integrity Warranty.

Why a Thor Product Is Your Best RV Value.
Thor industries, Inc., proudly traces its history back nearly seventy years to the pioneering days of the RV industry with the founding of Airstream, the industry’s oldest and most renowned brand. Our total commitment to quality and our philosophy of putting our customers first has led to our continuous growth; today Thor is the largest manufacturer of travel trailers and fifth wheels, a major manufacturer of motorhomes and the largest builder of small and mid-size buses in North America. Thor’s strong financial condition and years of solid growth are your assurance that we will be here to serve you for years to come. We think this extra peace of mind is important when you are making a significant investment. Our customers are always #1 with us.

We purchased our first General Coach fifth wheel in 1995 and have upgraded with the purchases of two others since. We have looked at many other brands but we always come back to General Coach. We have been on a plant tour and seen the quality workmanship. The value is always there and when you spend 100 nights a year in the unit you appreciate that quality. The comments & compliments that you receive in campgrounds and on the road are great. We have even sold our used units to family members. Because of your continuing positive improvements we are looking at upgrading to the new 31CKDS in the future. Thank you and your Oliver, BC Plant team and keep up the good work.

Dale & Sandi Paschinski

Polar Pak Your Subzero Solution .. 15
Feature Photos...............................16-18
Construction Detail .......................19
The Model 31CKDS XL has excellent bedroom height at 6’6” with the one level floor in the bathroom and bedroom area. Our wide body design allows for a residential queen bed or optional king bed with extra deep dresser drawers. An optional 17” LCD television is integrated into the bedroom overhead cabinet.

Full height residential fiberglass garden tub (38”) is standard with the “Daylighter” residential skylight designed with exclusive interior moisture control.

Our low volume production levels allow extra attention to detail and the pride of quality workmanship is evident in all General Coach products.

Pictured is the New Model 31CKDS XL Series Fifth Wheel with spacious wide body livability and a newly designed bathroom and bedroom with a level floor. The new XL Series features a residential 77” height in the living area with a 6’2” height in the living room slide out. The functional kitchen features include optional “Karadon” solid surface countertops, deep, scratch resistant acrylic fiberglass sink, “Moen” faucet, full height maple cabinet doors and large full depth drawers. The contemporary design of the floor plan is the answer to all your full time living requirements. The rear lounge is complemented by large solar reflective windows, and attractive entertainment center with optional fireplace and a multi-use computer desk area. A recliner rocker with flip up computer shelf is available in lieu of the computer desk with chair. The hide-a-bed is available with optional retractable footrests for added comfort.

**VEHICLE LOADING**

- Every effort has been made to provide the greatest number of options for the recreation vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices so that they remain within the manufacturer’s specified chassis weight limits. Do not overload the recreation vehicle.

**DRY WEIGHT** is the total weight of the trailer with standard features included and all tanks empty.

**NET CARRYING CAPACITY** is calculated with standard features only and all tanks empty. Any options, fluids, or dealer added options must be subtracted from the Net Carrying Capacity to determine the remaining cargo allowance.

**WARNING:** This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner’s manual for complete loading, weighing, and towing instructions.

Specifications are subject to change without notice or obligation.
General Coach has developed the best all season product available today. The exclusive Polar Pak Features are a combination of Canadian residential components and proven all season residential construction techniques. Our full wood frame Vacuum laminated walls are 2" thick, residential style truss roof and framed floor with 5/8" plywood will not sweat or conduct heat and cold as aluminum framing.

The "Dayliter" skylights from Richmond, BC are the best residential skylight on the market today. Only "Dayliter" skylights control interior moisture build up by catching the moisture in a drip rail and weeping the moisture to the exterior not back into the unit or into the roof cavity. Integral venting allows air to flow between the dual aircraft acrylic panes to prevent frost or moisture forming.

Made in Canada "Stormtite" thermopane windows are proven to be the best all season windows with an extra heavy duty frame and the only framed sliding section that locks in the closed position for a positive seal against dust and moisture. The solar reflective glass also provides daytime privacy and reduces heat build up by 10 to 15%.

The exclusive "Attic" ventilation system allows fresh air to be circulated through the ceiling cavity to reduce heat in the summer and condensation in the winter. The system consists of a fresh air intake at the rear of the unit and a 12 volt marine extraction fan on the roof above the bedroom. The fan is controlled by a 2 speed switch in the roadside cabinet.

"Excalibur XT" Two Stage furnaces conserve fuel and reduce noise for quieter nights. Set the digital thermostat and let the furnace take over. During cold start-ups the furnace operates on the high BTU and high fan for quick quiet warm up. Then, when the temperature is reached the furnace automatically switches to low BTU and low fan to maintain the set temperature. The Models 32.5TKS and larger have 2 separate furnace systems for the best control of temperature through out the unit.

All models have the "Fantastic" Rain Sensor vent fans in the living area. The rain sensor is controlled from a wall thermostat that can be set according to temperature and humidity. Larger models also have a "Fantastic* vent fan above the vanity to control the bathroom humidity.

Holding Tanks are enclosed within a steel compartment that is insulated and heated with a direct duct from the furnace. Most models have the dump valve handles located above in a heated storage compartment, easy access and protected from road hazards. Compartment doors have 1" of High Density Foam Insulation.

New for 2006 is the "Atwood XT" gas/electric water heater that provides 16 gallons of hot water from a 10 gallon tank.

Specifications are subject to change without notice or obligation.
The 30 Rear Lounge Double Slide shown above boasts an exceptionally open floor plan and a generous kitchen area due to General Coach’s exclusive 100” wide body design. Large panoramic windows, residential skylight, modern Hide-a-Bed and two swivel recliners compliment the rear living room. Optional Bedroom Slide Out shown on page 20.

“When we purchased our previous General Coach 5th Wheel we were sent a survey form. There were 3 things that we felt could have been improved upon. You actually listen to customers! When we chose our new General Coach 5th Wheel (Model 30RLDS) those suggestions were made. We’re really pleased to deal with a company who does listen to and care about their customers. Also, the workmanship and comfort of our unit are tops. The people who are on the assembly line truly take pride in their work and it shows, when you look at how well these units are built inside and out.

Lloyd & Jan Harvey
Cranbrook, British Columbia

The Model 30RLDS kitchen features a large double pull out can rack, deluxe "Atwood" high output range, numerous large full depth drawers, deep, scratch resistant acrylic fiberglass sink and a top quality "Moen" faucet with spray. The optional "Norcold" 10 cubic foot refrigerator maximizes usable storage space.

Our unique slide out construction features a 2 3/8" thick full frame insulated floor, a solid maple and fabric fascia and is double sealed in the open or closed position. The slide system combines a rack and pinion drive with steel rollers and a built in travel locking system. No cables or hydraulics to worry about.
Hand-cranked stabilizing becomes a backache of the past with the optional Quick Draw Electric Stabilizer Jacks. Both jacks operate together and ensure equal pressure is on both legs. A touch of the switch results in a level and stable unit. The maximum support is 3200 lbs. A 3 Year warranty provides peace of mind.

Optional “Carefree” Awnings over the Bedroom Slide Out provides extra protection from the elements. The Bedroom slide outs are optional in the Models 29CKS, 29.5RLS, 30RLDS and standard in Model 29RKDS, 31.5RLS and larger.

30" Glider Recliner Rockers shown in the Elegance Fabric are available in Fifth Wheel Models 30 and larger. Relax in residential comfort and enjoy the JVC Home Theatre Surround Sound System standard in all models 28 and larger. The residential Hide-a-Bed is available with the optional retractable footrest. The 30" Glider Recliners are designed with a travel lock to prevent damage on rough roads.
The top selling rear kitchen Model 29RKDS shown in the rich Autumn Fern decor combines exceptional residential livability in a very towable 30’. Abundant storage with the full width kitchen cabinetry and superb lighting from the large residential skylight and numerous windows ensures your comfort. The optional “Norcold” 10 cubic foot refrigerator is a great addition for the full timer. New for 2006 is the “Atwood” XT Water heater that provides the equivalent hot water to a 16 gallon tank with only a 10 gallon tank.

**Excellence You Deserve!**

“We’ve only used our 29RKDS one season, but so far we love it!”
Lorne & Jean Wilcox, Duncan, BC

Model 29RKDS Autumn Fern Decor

The very popular Model 29.5RLS has all the features of many larger models with out the extra length. The residential “Dayliter” skylight and large panoramic windows ensure that the 29.5RLS is very livable for extended travel.

“Color co-ordinated, one piece fiberglass skirts, “Dexter Nev R Lube” axles are warranted for 5 years or 100,000 miles against defects in material or workmanship, and attractive 16” aluminum wheels with Goodyear steel belted radial tires are standard on all models. The adjustable spring hangers ensure a level ride with all tow vehicles.

“We love how the 29.5RLS is so solid. There is nothing ‘Flimsy’ about it. We were concerned with the weight, but our Chev 3600 8.1L V8 pulls it just fine. Thank you for a great product!”
Jake & Julie Warkentin, Kelowna, BC

Model 29.5 RLS Topaz Decor
**Excella Construction**

**Crowned Roof**
1. "Dicor" vinyl roof, seamless, overlaps the sidewall, 12 year warranty
2. 3/8" plywood deck, screwed to truss
3. Fiberglass insulation R-11 full width
4. Engineered residential crowned truss, 5 1/2" thick in center sloped to 3 1/2" on the ends
5. Insulated rigid air conditioning duct - 2"
6. Drip rail with down spouts
7. Interior ceiling panel - plywood

**Vacuum Bonded Wall**
8. "Medallion Filon" gelcoat panels
9. Plywood substrate
10. Kiln dried studs - 2x2, 2x4, 2x6
11. Ultra high density rigid polystyrene insulation
12. Interior panel - plywood

Walls on all models are framed utilizing 2" x 2", 2" x 3" and 2" x 6" kiln dried studs, steel reinforced and mounted directly on top of the foundation floor.

The sidewalls are individually laminated, cured under vacuum pressure and tear tested for a perfect bond prior to installation. Laminated to plywood, the Filon gelcoat panels are warranted for 2 years materials and labor and guarantees a high resale value as it retains colour and lustre and won’t rust, corrode, ding or dent.

**Foundation Floor**
13. 3/8" plywood tongue & groove deck - glued and screwed to studs
14. Vinyl flooring residential installation
15. Kiln dried studs
16. Fiberglass insulation
17. Galvanized steel heat ducting (not all models)
18. Galvanized steel flashing
19. Seamless polypropylene undersiding complete wrap up sides, front and rear
20. Fiberglass radius skirt, double sealed at marriage
21. Floor is bolted to steel chassis. Steel is fully undercoated with automotive undercoat. **Holding tanks are enclosed, insulated and protected within the 12 gauge steel chassis members and heated directly from the furnace.**
22. 12 gauge steel outriggers support full width of floor.
As a before production option the Models 29CKS, 29.5RLS and 30RLDS can be ordered with a bedroom slide. This option boasts a dresser with six large drawers as well as two extra large mirrored wardrobes to accommodate all your personal items. This bedroom slide option does not alter the overall length and only increases the hitch weight by approximately 300 lbs. The GVWR will be increased accordingly for each model.

Model 29CKS Autumn Fern Decor

Most models with the Garden Tub can be ordered with the optional garden shower designed for ease of access. The optional pocket door improves bedroom privacy and is available in all walk thru bath models.

Excellence You Deserve!

Optional Pocket Door to Bedroom & Optional Shower in lieu of Garden Tub. Optional Shower not available in Model 31CKDS-XL
Corsair Excella - Excellence You Deserve!!

General Coach is proud of our 99% customer satisfaction record. But don't take our word for it, ask our owners for their opinions.

After owning a General Coach product, we would not consider buying any other RV! The quality of our trailer is exceptional, and have recommended your company to anyone interested in purchasing a unit.

Harley Jeanotte
Prince George, British Columbia

We have been extremely pleased with the performance of our General Coach. We looked at many different brands of 5th wheel over the last few years and talked to many Rvers. Your product certainly stood out in many ways and General Coach's reputation is very good in the RV community. There are many, many features that make our travels extremely comfortable and enjoyable.

Alan & Shirley Nauss
Surrey, British Columbia

You make a great product. My wife and I really enjoyed our first General Coach and that was probably the main reason we bought another. It is very functional, easy to tow and park. We spend 8-9 months of the year in our unit so we like our home to be a “real home”. We are certainly glad we bought another General Coach.

Ray & Suzanne Elphick
Red Deer, Alberta

The Model 33RLTS is an outstanding unit, with few if any features left out. Please thank all the engineers, designers and staff for a job well done.

Elaine & John Paton
Fort McMurray, Alberta

In 1989, we took five factory tours in BC and Alberta, including General Coach in Oliver. General Coach was the best quality and had the most attractive appearance. Although the price was slightly more than the others, we bought our first General Coach in 1991 and have never been sorry. In October of 2000, we bought our second General Coach Fifth Wheel. The quality is still excellent and with more features, we really enjoy our trailer. We get lots of compliments in campgrounds. We certainly appreciate the value for our dollars. Thanks for building a great fifth wheel.

Cleave & Diane Buckton
Maple Ridge, British Columbia

We believe that the General Coach line is one of the top lines in North America. We have owned 7 General Coach products.

Heinz & Marlene Leuenberger
150 Mile House, British Columbia

All things being considered, I think the people who designed and built this trailer deserve a thank you from my wife and myself. We are proud of our built in B.C. trailer by professional union workers. It is a really nice home for us when we are working out of town.

Dale Gage
Kamloops, British Columbia

General Coach of course. The main reason is quality workmanship and very few warranty claims, if any! We bought another another brand (1996) with slide because we didn’t feel we could afford the General Coach of the same model - Huge mistake! Once you own a General Coach nothing else can compare! Our 32RKS has everything we could want and more.

Merv & Sylvia Toliver
Cranbrook, British Columbia

This is our third General Coach 5th wheel, whenever we upgrade we have checked out other manufacturers and have not found any other 5th wheel that had the quality of General Coach.

Willie Giesbrecht
Vanscoy, Saskatchewan

In 2002 we took a factory tour of General Coach in Oliver and found the best quality construction and the most attractive unit appearance both inside and out. Although the price was slightly more than others we aren’t sorry at all we made the purchase. The quality is excellent, the decor is excellent, we really enjoyed the trailer in Kelowna and Fairmont. We get lots of compliments in campgrounds. We certainly appreciate the value for our dollars. The truck easily pulls the trailer and it is very well balanced. Thank you for building a great fifth wheel, we really enjoy it!

Steve & Pat Truhamchuk
Edmonton, Alberta

The following is an excerpt from the “RV Times” magazine:

We really do enjoy your publication. Our last trip was of three months duration: 16,200 miles, most of them in Canada. We would like to sing the praise of our new trailer built by General Coach in B.C. Our travel is always off-season and we looked for something that would be comfortable on the Alaska Highway in winter. More Canadians should know about this product.
