Truck Campers

North America's Best  
**POLAR-PAK**   
THE SUB-ZERO SOLUTION

*Excellence You Deserve!*

Shown above is the very spacious 100" wide body Model 1060 in the attractive yet durable Calypso Interior. The spacious "U" shaped dinette option provides additional seating capacity. General Coach Polar Pak Campers are built for all season use and tested to -30°C

## Excella Livability

Experience the comfort and livability only Corsair offers. Large, solar reflective, double glazed thermopane windows provide cozy comfort in extreme cold or hot weather conditions. Dual pane, residential skylights with a lifetime warranty brighten the interior. Spacious countertops, large sinks with a residential "Taymor" faucet, numerous drawers and abundant cupboards provide superb storage. 60"x 80" residential "Eurotop" mattresses allow extra sleeping comfort. "Whisper King" water pumps lessen noise and vibration in water lines. The extras you can't see are what set Corsair apart from the competition. These and the exclusive \*Polar Pak features are the best in the industry by far!

“ The extra space given with the slide-out. Love the convenient floorplan, skylight, and the quality materials used - No particle board. The Double Glazed windows are good also.

Paul R. - Portland, Oregon

Model 860 Slide-Out shown above in the durable Calypso interior. An optional mirrored wardrobe in the bedroom provides superior closet space. A reversible Fantastic Fan constantly changes the air throughout the camper.

## CUSTOMER TESTIMONIALS

“ My wife and I just wanted to let you know how much we love our new General Coach camper. The dealer was very helpful and the whole purchase went well especially since we purchased site unseen. We were unable to pick up the camper in person so we had to have it shipped to Anchorage, Alaska. Our camper will be used year round here in Alaska. We have been very happy with our purchase since we have only been able to use it in winter weather so far. We have stayed nice and cozy in our camper with zero worries of freeze up even with negative farenheit temperatures. My wife loves being able to take a shower after snowmobiling all day. It's the best! Thanks for building such a wonderful camper.

Chad and Natalie S. - Anchorage, Alaska ”

“ We really appreciate the high quality of materials, assembly and the extremely thoughtful design of the camper. The interior has a residential-like ambience, very wide and airy, thanks to the oversized skylights. I feel that it would be rather difficult to improve on the this very well designed and built product. We are so happy we found out about General Coach.

Phil P. - Vacaville, California ”

“ I work for the dealership I bought the camper from. This was one of the first campers I saw come through the shop that I was very impressed with. The workmanship is great and better than most of the other campers that we see and work on. We liked the camper so much we talked my Dad into buying the same camper and he likes his as well.

Ben W. - Meridean, Idaho ”

“ Find it warmer than our Lance - Maybe that's the Canadian built part. Excellent storage areas.

S.N. Ltd. - Whitehorse, Yukon ”

“ We love our new camper. The dealer here has been excellent.

Siegfried S.- Prince George, British Columbia ”

“ I love the insulation everywhere. We love the skylight and the height of the cab above the bed. No claustrophobia at all.

Ken & Denise M. - Spokane Valley, Washington ”

“ We are very pleased with your product! We did our homework when it came to purchasing a new camper. It was between you and Arctic Fox. Your camper had the extra options (larger dinette/bed) and larger holding tanks that sold us on your product

Jerry & Nellie J. - Bellingham, Washington ”

“ We started looking in 2003 and after seeing this model, measured everything else to it and could not find anything better.

Keith and Sue B. - Priest River, Idaho ”

“ We love our General Coach camper. It's awesome. It was by far the best layout, the most spacious and what we were looking for.

Aaron and April S. - Manitou Springs, Colorado ”

“ Thanks for building a great camper!

J.R. S. - Oldtown, Idaho ”

“ We looked a long time, visited many dealers around Puget Sound area, checked websites and magazines – The combination of quality, features, price and a pleasant salesperson made us choose this product.

Loren T. - Port Orchard, Washington ”

“ We are really pleased with our new camper - the twin bed option is just great, as is the flat screen TV/DVD/CD player.

Bob and Kathleen H. - Enderby, British Columbia ”

“ We looked at several different brands but although they were in a similar price range none compared to the General Coach camper in terms of quality.

John S. - Couer d'Alene, Idaho ”

“ Overall, we are very satisfied with the camper especially the winterization. We slept in it in Prince George B.C. in the winter with a wind chill factor of -22 degrees and we were very warm and comfortable.

Mr. and Mrs. R.W. - Campbell River, British Columbia ”

## 6 Year Limited Structural & 2 Year Component Warranty

General Coach provides you with a two-year limited warranty on your truck camper and General Coach also includes a six-year limited warranty which covers the structural integrity of your truck camper. Additionally our major component/appliance manufacturers provide a limited two-year warranty on their products. This added warranty is unique to the recreational vehicle industry and should be one of your very serious considerations when choosing your next R.V.

# *Corsair Excella - Excellence You Deserve!*

The popular Model 990 shown above in the Sandpiper Interior. Slide-Out rooms provide interior spaciousness. A lower step-up to the bed makes access easier and bedrooms have superior headroom compared to other brands.

Molded fiberglass front caps are aerodynamically designed to eliminate wind resistance and provide protection against rock damage. Bedrooms have superior headroom not found in other campers.

The unique designed optional bumper with a 2 step foldup and one step add on for easy access to the entrance. A large fold-away assist rail is a standard safety convenience. A ladder provides access to the roof and an optional awning over the entrance door extends 8'. You'll love the long item storage that basements provide with a convenient pull out tray. Holding tanks are enclosed and heated direct from the furnace and both the upper and lower floors are fully insulated with high density block foam insulation. "Happy-Jac" electric jacks are standard on most models.

Optional thermopane double glazed windows eliminate condensation and allow all season comfort. Solar reflective glass filters UV rays and reduces heat build-up in summer. By far the best made window in the RV industry.

*Corsair*  
excella

The very spacious 100" wide body Model 780 Extreme shown above in the standard Medley Interior. The Dinette boasts a large dinette that converts into a 92" bed with an optional fold down bunk above. This compact, light weight camper is built for all season, off road use.

# Excella Construction

**THOR**  
NORTH AMERICA'S BEST RV VALUE

## Our Commitment to Customer Satisfaction

Corsair's full two-year limited warranty is reinforced by a limited **six-year structural integrity warranty and a two-year component warranty**. Quality assurance you can depend on! This added warranty is unique to the recreational vehicle industry and should be one of your very serious considerations when choosing your next R.V.

Corsair is backed by an international dealer and service network that stretches from coast-to-coast for North American worry free travel. These dealers and dealer service technicians will gladly attest to the excellence of Corsair's construction and quality.

Join thousands of General Coach customers in North America and take command of the road with your Corsair. **A buying decision you'll never regret.**

We are very proud of our highly skilled people who exercise extreme care in the manufacture of every Corsair. We invite you to visit us at General Coach, see the quality process yourself. We know you'll be impressed and we know you'll love the Okanagan Valley.

*Proudly Presented By*

Printed in Canada by  
Wayside Press Ltd.

We are **General Coach**, a division of Thor Industries Inc., a western Canadian company that manufactures the well known Corsair brand of quality recreational vehicles. For over 57 years we have been consumer established as builders of high value, superior quality RV's with proven high resale value.

Because we are a limited capacity production company we do not mass produce our products allowing us to ensure strict quality control standards which, in turn, ensures your comfort and satisfaction. Residential quality components and residential style construction techniques are utilized by skilled, conscientious, long term employees dedicated to quality workmanship.

Corsair by General Coach is designed for recreational use in western Canadian climate and conditions with standard features second to none. Your peace of mind with your purchase decision is reinforced by Corsair's **Six Year Limited Structural Integrity Warranty**.

### **Why a Thor Product Is Your Best RV Value.**

Thor Industries, Inc., proudly traces its history back nearly seventy years to the pioneering days of the RV industry with the founding of Airstream, the industry's oldest and most renowned brand. Our total commitment to quality and our philosophy of putting our customers first has led to our continuous growth; today Thor is the largest manufacturer of travel trailers and fifth wheels, a major manufacturer of motorhomes and the largest builder of small and midsize buses in North America. Thor's strong financial condition and years of solid growth are your assurance that we will be here to serve you for years to come. We think this extra peace of mind is important when you are making a significant investment. *Our customers are always #1 with us.*

*Excella Satisfaction*

The popular 10'8" Model shown above in the modern Cha Cha Interior provides all the amenities of home in a non-slide model. All models excluding the 9'2" are 8'4" in width which provides spacious livability not found in other campers. You'll marvel at the storage space in this model including superior wardrobes and large pull-out drawers on steel guides. The kitchen is highlighted by a long kitchen counter, large cupboard doors with open storage, a double pull-out can storage rack and modern looking name brand appliances. The bathroom has a separate full height shower enclosure with an optional residential skylight.

Don't take our word for it though! Read our customer testimonial page and discover how our customers enjoy the unique features found only in our campers and how the construction techniques hold up to the rigors of road and climate conditions throughout North America.
