*George Boy®*  
 You've decided to travel. Freedom has never meant more to you. You've planned for this day, and now it's here. At GBM®, we've been in the recreational vehicle business since 1968. Our goal is to design and build motorhomes that can keep up with the explorer in you. This means working hard to ensure that every detail of your new George Boy® is right - Of course, our commitment to quality also means a few late-night trips to the coffee maker. Your Georgie Boy® Dealer

Go Where the Action Is

2008 MAVERICK BY GEORGIE BOY™

Designed to Move the Independent Spirit

Automotive styling surrounds you with conveniences like a molded plastic headliner, power windows and locks, cruise control, power steering, multiple drink holders, dual air bags, dash stereo with CD player and plush two-tone pilot seats.

The optional overhead entertainment center is loaded with state-of-the-art electronics that include a large 26" LCD television, DVD player and Bose® Wave Radio sound system. And there is still room available for a full size adult to sleep in the overhead cabin with a pull out bunk. (Slide Models)

Just for your convenience, a standard ceiling skylight lets in more natural light for a brighter interior.

The coach command center provides a single panel for commonly used gauges and switches. (Monitor panel, generator start, slidesroom switch and water heater ignition)

The Maverick 315 SS has a spacious dinette and sofa slide-out room, creating a perfect area for entertaining guests or just relaxing.

The Maverick 315 SS features a spacious cabover bunk, optional side entertainment center with 20" LCD television and DVD player, hardwood raised panel cabinet doors and designer interior appointments.

## Outstanding Design

**IMPORTANT NOTE:**  
All capacities are approximate, and all dimensions are nominal. Georgie Boy® motorhomes are designed to allow for a wide variety of uses, extended trips with two people or short trips with multiple people. Accordingly, each unit allows ample room for sleeping, seating, fluids and cargo. While the customer is the beneficiary of this design, the customer also bears the responsibility to select the proper combination of passengers, cargo, load, and tow vehicle without exceeding the chassis weight capabilities. Consumer may need additional breaking capacity to tow loads greater than 1000 lbs. Seat belts should always be worn for passenger safety. Seat belts are provided at most locations to allow convenience in selecting which seat to occupy. However, it is not intended that all seating positions equipped with a seat belt may be occupied while the vehicle is in motion, without regard to other weight factors.  
All Georgie Boy® motorhomes are designed to ensure that the number of passengers allowed while the vehicle is in motion will always at least equal the stated sleeping capacity. Though extra seat belts may be provided, for your safety and the proper operation of your vehicle, limit your passengers to the number allowed by the Net Carrying Capacity of your vehicle.

### MAVERICK CLASS C MOTORHOMES

*Surround yourself in splendor as you settle into the master bedroom of the 315 SS Maverick. The residential size (60"x80") queen bed, designer window treatments and warm hardwood cabinetry set the tone for a good night's rest.*

*Additional sleeping space is easy to come by with the standard hide-a-bed sofa in the 315 SS. A thoughtfully designed bath and vanity area provides a neo-angle shower with glass enclosure. (most models)*
