

2006 Yellowstone CRUISER

Cruise the Country in Style

Yellowstone CRUISER

GALLEY • MODEL 5290

GALLEY CONVENIENCE...

Our wide-open galley offers all the comforts of your kitchen at home. 3-burner high performance range; 2-door, 2-way refrigerator and large convection microwave, you will be able to prepare any of your family's favorite meals.

BEDROOM • MODEL 5290

BEDROOM...

Enormous wardrobe, abundant drawer storage, flat screen TV and beautiful decor create an inviting area for rest and relaxation.

BEDROOM • MODEL 5290

SUN ROOM • MODEL 5250 OPT., 5291 STD.

Patent Pending

SPACIOUS LIVING...

Open living areas that incorporate large slide rooms and residential style furniture make home away from home very comfortable.

Now available on the 5250, Yellowstone's exclusive sun room slideout. This industry first innovative sun room gives you a wide range of sight from the curb side of the coach and opens up the coach to eliminate that boxed in feeling other minihomes give you.

COMFORTABLE COCKPIT • MODEL 5270

Driver Convenience PACKAGE

COMFORTABLE COCKPIT...

Make driving your Yellowstone Cruiser effortless with the addition of the driver convenience package. This option will give even the most timid driver confidence while backing up with reverse obstacle sensing and backup monitor. Keyless entry also included in this package facilitates easy entry and secured exit of your new motor home.

Driver Convenience Package Available on Ford Chassis Only.

Upgrade your already feature packed
Yellowstone cruiser with the all new XL Package.

The XL Package gives you more high end features that are generally only
found in high dollar Class A Motorhomes.

Package Includes: Solid Surface Kitchen Countertops, Fluorescent
Lighting, Hard Rock Maple Cabinets, Vinyl Ceiling, G-sound Surround
Sound Speakers with DVD Player, Burlled Woodgrain Dash and Steering
Wheel. (Pictured with Optional Optima Leather Electric Sofa & Six Way
Power Optima Leather Driver & Passenger Seats)

Not available on model 5211. Electric sofa N/A 5250 & 5291

Yellowstone Exclusive Features & Benefits

SOLID HARDWOOD CABINETRY

PREDRILLED HARDWOOD CONSTRUCTION

Our residential style cabinets are constructed of solid hardwood doors and fronts that are predrilled and screwed then they are stained and top coated with a furniture grade finish that provides long lasting beauty and durability as well as adding strength and quietness to your motorhome.

COMPETITOR'S CABINETRY

Other companies use wrapped cabinet fronts prone to peeling, fading and tearing. The softer composite wood used does not hold screws as well as hardwood resulting in loss of strength and squeaking. Discoloration will degrade the beauty and lower the value of the motorhome.

GALVANIZED STEEL STORAGE COMPARTMENTS

Seamless, carpeted, galvanized steel storage compartments safely cradle your valuables. Rust protective paint and foam sealed for extended life and a quiet ride.

E-Z STORE PRIVACY

NO MORE BUTTONS
NO MORE HASSLE
NO MORE WASTED SPACE

Unique self storing privacy divider featuring quick and simple setup.

Dual metal H-Ducted air conditioning system with foil bubble wrapped insulation for improved climate control.

Excellent Weathering - Maintaining the vehicle's quality appearance enhances its resale value.

Tear Resistance - Unlike rubber roofing, Flexroofs hard abuse resistant finish resists tearing, a condition that can cause leaks and lead to expensive repair

Low Maintenance - Road grime can easily be removed with normal cleaning maintenance. Rubber chalking due to solar breakdown of the roof surface is eliminated, preserving the original appearance and resale value of the vehicle.

Stain Resistance - Fiberglass Flexroof is designed to resist staining and maintain its quality appearance.

Structural Integrity - Unlike conventional EPDM rubber roof membranes, Flexroof is a structural component of the roof system.

Textured Fiberglass - Helps dissipate heat and is slip resistant. In addition, it helps prevent tree limbs from tearing or scratching your roof.

Seamless FIBERGLASS ROOF

SUPER STRENGTH TRUSS SYSTEM

TUFF-TRUSS 6000lbs.

Unlike traditional plywood and foam seating Comfort Plus Seating features the strength of steel and the comfort of a sprung dinette cushion.

6" C CHANNEL EXTENSION

The super strength truss system is unmatched in the class C industry. The structural subfloor foundation begins by welding a network of integrated steel trusses to the chassis rail. Specifically designed to distribute and transfer the tremendous forces from the coach to the chassis rail these trusses are individually tested to withstand 6,000 pounds each.

When the chassis is stretched, Yellowstone stands alone in the industry by using a full 6" C channel extension versus the traditional 4" or less. This practice adds to the strength of the foundation and offers peace of mind that towing is safe on an extension that is true to the chassis.

Cradle of Strength

1. Seamless Fiberglass Roof For Greater Energy Efficiency and Dependability.
2. Luan Decking for Additional Strength.
3. Molded, High Density EPS (Expanded Polystyrene) Roof Brick Insulation - Provided Consistent Insulation Value as well as Superior Dimensional Rigidity.
4. One-Piece Formed Aluminum Air Conditioning Duct, Completely Surrounded By EPS Insulation.
5. Bubble-Wrapped Foil Insulation Provides Superior Insulation and Helps Prevent Condensation.
6. Rugged Welded Tubular Aluminum Roof Framing.
7. Rugged Heavy-Gauge Tubular Aluminum, Fixture Welded to Form the Sidewall Framing.
8. High-Density EPS Insulation Provides Superior Lamination and Bonding Characteristics and Insures Greater Energy Efficiency.
9. Interior Wall Panels Securely Laminated to Sidewall Framing.
10. "Super Slick" Fiberglass Exterior Vacuum-bond Laminated to Sidewall Framing for Lasting Beauty and Durability. (Option)
11. High-Quality Stain-Resistant Carpeting Available in Designer Coordinated Colors.
12. Extra-Thick Padding Under Carpet Provides Extra Comfort and Increases Carpet Durability.
13. Floor Decking Laminated to Steel Floor Structure Assures a Quiet, Long-Lasting Rigid Floor and comes with a 10-Year Warranty.
14. Heavy-Gauge Tubular Steel Framing, Fixture Welded for Extra Strength and Stability.
15. Heavy-gauge Tubular Steel Framed, Fixture Welded Floor Truss System Provides the Strongest Class C Foundation in the Industry.
16. Seamless Layer of Galvanized Steel Securely Laminated to the Steel Floor Framing.
17. Galvanized Steel Used to Form Each Storage & Holding Compartment.
18. Durable All-Weather Carpeting Completes Each Accessible Storage Compartment, Providing Extra Protection for Luggage and Valuables.
19. Rust-Prohibitive Paint Coating Applied to All Steel Framing Assures Corrosion and Rust Protection.
20. The Industry's Strongest, Most Spacious Exterior Storage Compartments.
