Real Diesel, Real Affordable
Yellowstone

**Galley Convenience...**
Our wide-open galley offers all the comforts of your kitchen at home. 3-burner high performance range; 2-door, 2-way refrigerator and large convection microwave, you will be able to prepare any of your family's favorite meals.

**Comfort...**
Deep set superslides in the main living area dramatically increase the living space of this Motorcoach. Yellowstone’s very own Comfort Plus furniture adorns the entire RV.

**Luxurious Dining...**
Yellowstone delivers true comfort in the design and construction of the dinette table and seating. This optional free-standing dinette offers plenty of space for a full dinner setting enhanced by panoramic windows for the best open view while dining. The optional free-standing dinette also features a self-storing extension to accommodate comfortable seating of four adults.

**Spacious Living Quarters...**
Open living areas that incorporate large slide rooms and residential style furniture make home away from home very comfortable.

The overhead flat screen TV and the entertainment cabinet provide plenty of storage for music and movies to entertain everyone on a rainy day or quiet evening.
**Yellowstone**

**MODERN COCKPIT...**
Driving the large and powerful Yellowstone may be intimidating at first but once you become accustom to the controls and smooth handling of the intense 350 horsepower machine you will feel right at home in our ergonomic cockpit designed to put the controls right at your fingertips.

**BATHROOM...**
The bathroom in the Yellowstone makes it easy to prepare for the day ahead. The medicine cabinet mirror and under-sink storage gives you room to hide away personal products, and the skylight in the shower stall provides natural light and additional headroom for tall travelers.

**BEDROOM STORAGE...**
The Bedroom of the Yellowstone delivers plenty of storage for both his and her clothing. All floorplans include deep dresser drawers and large wardrobe storage to hang attire.

**RESTFUL NIGHTS...**
Yellowstone knows that a comfortable night's sleep is an integral part of a great travel experience. That's why we give you many amenities that you enjoy at home in our cozy bedroom areas. Items including a Queen size bed, windows at the head of the bed for ventilation, air conditioning, vanity mirror, overhead storage and Optional 20" flat screen television.
Yellowstone Exclusive Features & Benefits

Excellent Weathering - Maintaining the vehicle's quality appearance enhances its resale value.

Tear Resistance - Flexroofs hard abuse resistant finish resists tearing, a condition that can cause leaks and lead to expensive repair.

Low Maintenance - Road grime can easily be removed with normal cleaning maintenance. Rubber chalking due to solar breakdown of the roof surface is eliminated, preserving the original appearance and resale value of the vehicle.

Stain Resistance - Fiberglass Flexroof is designed to resist staining and maintain its quality appearance.

Structural Integrity - Unlike conventional EPDM rubber roof membranes, Flexroof is a structural component of the roof system.

Textured Fiberglass - Helps dissipate heat and prevents fire limits from heating or scratching your roof.

Our residential style cabinets are constructed of solid hardwood doors and fronts that are predrilled and screwed then they are stained and top coated with a furniture grade finish that provides long lasting beauty and durability as well as adding strength and quietness to your motorhome.

Other companies use wrapped cabinet fronts prone to peeling, fading and tearing. The softer composite wood used does not hold screws as well as hardwood resulting in loss of strength and squeaking. Discoloration will degrade the beauty and lower the value of the motorhome.

Yellowstone offers true flush floor slide out rooms to give you more headroom in the slide and eliminates the step up into the slide room that you will experience in many of our competitors motorhomes.
Cradle of Strength

1. Seamless Fiberglass Roof
   For Greater Energy Efficiency and Dependability.
2. Luan Decking for Additional Strength.
3. Molded, High Density EPS (Expanded Polystyrene) Roof Deck Insulation - Provides Consistent Insulation Value as well as Superior Dimensional Rigidity.
4. One-Piece Formed Aluminum Air Conditioning Duct, Completely Surrounded By EPS Insulation.
5. Bubble-Wrapped Foil Insulation Provides Superior Insulation and Helps Prevent Condensation.
6. Rugged Welded Tubular Aluminum Roof Framing.
7. Rugged Heavy-Gauge Tubular Aluminum, Fixture Welded To Form the Sidewall Framing.
9. Interior Wall Panels Securely Laminated to Sidewall Framing.
11. High-Quality Stain-Resistant Carpeting Available in Designer Coordinated Colors.
13. Seamless Structurewood Floor Decking Laminated to Steel Floor Structure Assures a Quiet, Long-Lasting Rigid Floor.
15. Heavy-gauge Tubular Steel Framed, Fixture Welded Floor Truss System Provides the Strongest Foundation in the Industry.
16. Seamless Layer of Galvanized Steel Securely Laminated to the Steel Floor Framing.
17. Galvanized Steel Used To Form Each Storage & Holding Compartment.
19. Rust-Prohibitive Paint Coating Applied to All Steel Framing Assures Corrosion and Rust Protection.
20. The Industry's Strongest, Most Spacious Exterior Storage Compartments.
21. Reinforced Heavy-Gauge Steel "W" Transition.

Take the Time to Compare...
and you will see the exceptional value of a Yellowstone

TUFF TRUSS 8000 Lbs.

The Cradle of Strength super strength truss system is unmatched in the RV Industry. The structural subfloor foundation begins by welding a network of integrated steel trusses to the chassis rail. Specifically designed to distribute and transfer the tremendous forces from the coach to the chassis rail, these trusses are individually tested to withstand 8,000 pounds each.

An all steel overhead structure, installed above the cockpit brings strength and rigidity to the upper portion of the coach, providing a safe platform to install a TV that will not break loose in an impact while maintaining overhead storage.

Contemporary Looks...

Full body paint and two graphic options both protect the exterior and offer a cutting edge look with classic simplicity. Yellowstone delivers the options you want to protect your investment, suit your budget and visual preference.

Exterior Storage...

The practice of Raised Rail Construction delivers more Ceiling height while increasing the amount of underbody storage space. Yellowstone uses one piece steel boxes in our underbody storage compartments which are then carpeted on the inside to protect your belongings while traveling down the road and coated with anti-corrosion paint on the underside to prevent deterioration. Slam latch doors on each storage compartment with lights in each and electrical outlets in two will provide all the conveniences you need to load and unload safely with ease.
Yellowstone SE Diesel Pusher

- 300hp Caterpillar Large Block Sleeved Diesel Engine
- 6 Speed Allison Transmission
- 28,000 lbs. GVWR
- Raised Rail Construction
- Full Air Suspension
- 7.5 Quiet Diesel Generator
- Full Air Brake System
- Two SlideRooms
- Front A/C and Optional Rear A/C
- Optional Home Theatre System w/DVD and 24” Flatscreen TV
- Seamless Fiberglass Roof
- Residential Crown Molding
- Hardwood Cabinetry
- Corian Kitchen Countertops
- Laminated Sidewalls
- Cradle of Strength Construction
- Painted Exterior with Hi-Tech Vinyl Graphics
- 40,000 BTU Front Furnace
- 25,000 BTU Rear Furnace
