Treasure the Freedom of Affordable Travel
ERGONOMIC KITCHEN...
The Yellowstone offers abundant storage and kitchen work space to prepare your family's favorite meals. This unique kitchen features a large refrigerator, 3-burner range, convection microwave and dual basin sink. Corian counters and sink covers provide a durable and spacious food preparation area.

BATHROOM...
The wide open concept bathroom with neo-angled shower delivers the extra space needed to get ready for the day ahead.

SPACIOUS BEDROOM...
Yellowstone's Two-Zone living concept gives you 30% more room to utilize throughout the day. By adding a sitting area to the bedroom and giving you the ability to shut the bedroom off from the rest of the coach allows you to read a good book, watch TV or sleep in peace and quiet. The Yellowstone offers beautiful decor options and plentiful storage.

SPACIOUS LIVING...
The newly redesigned Yellowstone delivers more high end features than any other coach in its class. Yellowstone believes in adding value to the coach by utilizing residential hardware, luxurious hardwood cabinetry, durable cloth decor, residential carpet and linoleum, and Yellowstone's very own Comfort Plus Furniture found only in a Yellowstone. The main living area of the Yellowstone also features a flat screen television, large hide-a-bed sofa, and spacious dinette which can be replaced with a free standing dinette table and chairs if you so choose.
Our residential style cabinets are constructed of solid hardwood doors and fronts that are pre-drilled and screwed then they are stained and top coated with a furniture grade finish that provides long lasting beauty and durability as well as adding strength and quietness to your motorhome.

Other companies use wrapped cabinet fronts prone to peeling, fading and tearing. The softer composite wood used does not hold screws as well as hardwood resulting in loss of strength and squeaking. Discoloration will degrade the beauty and lower the value of the motorhome.

Seamless, carpeted, galvanized steel storage compartments safely cradle your valuables. Rust protective paint and foam sealed for extended life and a quiet ride.

Dual metal H-Ducted air conditioning system with foil bubble wrapped insulation for superior climate control.

Yellowstone VS. BRAND A
Cool Down Comparison

- At 15 minutes, Yellowstone cooled 7 degrees cooler.
- At 30 minutes, Yellowstone cooled 9 degrees cooler.
- At 1 hour, Yellowstone cooled 9 degrees cooler.

Finally, empirical data demonstrating the efficiency and performance of a roof air conditioning system versus a floor air conditioning system.

Winner: Roof air conditioning by Yellowstone
Unlike traditional plywood and foam seating, Comfort Plus dinette seating features the strength of steel and the comfort of a sprung cushion. All Comfort Plus furniture by Yellowstone also features residential styling, solid construction, total comfort and a comprehensive warranty.

**TAKE THE TIME TO COMPARE...**

and you will see the exceptional value of a Yellowstone

2. Leisure Decking for Additional Strength.
3. Molded, High Density EPS (Expanded Polystyrene) Roof Brick Insulation - Provides Consistent Insulation Value as well as Superior Dimensional Rigidity.
