CLASS C MOTORHOMES 2007
**Spacious Living...**
Open living areas that incorporate large slide rooms and residential style furniture make home away from home very comfortable.

Gulf Stream’s exclusive sun room slideout is an industry first. Our innovative sun room gives you a wide range of sight from the curb side of the coach and opens up the coach to eliminate that boxed in feeling other minihomes give you.

**Galley Convenience...**
Our wide-open galley offers all the comforts of your kitchen at home. 3-burner high performance range; 2-door, 2-way refrigerator and large convection microwave, you will be able to prepare any of your family’s favorite meals.

**Bedroom...**
Enormous wardrobe, abundant drawer storage, flat screen TV and beautiful decor create an inviting area for rest and relaxation.

**Driver Convenience Package**
Make driving your BT Cruiser effortless with the addition of the driver convenience package. This option will give even the most timid driver confidence while backing up with reverse obstacle sensing and backup monitor. Keyless entry also included in this package facilitates easy entry and secured exit of your new motor home.

Driver Convenience Package Available on Ford Chassis Only.
Upgrade your already feature packed B Touring cruiser with the all new XL Package. The XL Package gives you more high end features that are generally only found in high dollar Class A Motorhomes. Package includes: Solid Surface Kitchen Countertops, Fluorescent Lighting, Hard Rock Maple Cabinets, Vinyl Ceiling, G-sound Surround Sound Speakers with DVD Player and Burlled Woodgrain Dash. (Not pictured, optional Optima leather Electric sofa & six way power Optima leather driver & passenger seats)

XL Edition not available on model 5211. Electric sofa not available on model 5291.
Dual metal H-Ducted air conditioning system with foil bubble wrapped insulation for improved climate control.

Our residential style cabinets are constructed of solid hardwood doors and fronts that are predrilled and screwed then they are stained and top coated with a furniture grade finish that provides long lasting beauty and durability as well as adding strength and quietness to your motorhome.

Other companies use wrapped cabinet fronts prone to peeling, fading and tearing. The softer composite wood used does not hold screws as well as hardwood resulting in loss of strength and squeaking. Discoloration will degrade the beauty and lower the value of the motorhome.

Seamless, carpeted, galvanized steel storage compartments safely cradle your valuables. Rust protective paint and foam sealed for extended life and a quiet ride.

Unique self storing privacy divider featuring quick and simple setup.

Excellent Weathering - Maintaining the vehicle’s quality appearance enhances its resale value.

Tear Resistance - Unlike rubber roofing, Flexroofs hard abuse resistant finish resists tearing, a condition that can cause leaks and lead to expensive repair.

Low Maintenance - Road grime can easily be removed with normal cleaning maintenance. Rubber chalking due to solar breakdown of the roof surface is eliminated, preserving the original appearance and resale value of the vehicle.

Stain Resistance - Fiberglass Flexroof is designed to resist staining and maintain its quality appearance.

Structural Integrity - Unlike conventional EPDM rubber roof membranes, Flexroof is a structural component of the roof system.

Textured Fiberglass - Helps dissipate heat and is slip resistant. In addition, it helps prevent tree limbs from tearing or scratching your roof.
1. Seamless Fiberglass Roof For Greater Energy Efficiency and Dependability.
2. Luan Decking for Additional Strength.
3. Molded, High Density EPS (Expanded Polystyrene) Roof Brick Insulation - Provided Consistent Insulation Value as well as Superior Dimensional Rigidity.

13. Floor Decking Laminated to Steel Floor Structure Assures a Quiet, Long-Lasting Rigid Floor and comes with a 10-Year Warranty.
15. Heavy-gauge Tubular Steel Framed, Fixture Welded Floor Truss System Provides the Strongest Class C Foundation in the Industry.
16. Seamless Layer of Galvanized Steel Securely Laminated to the Steel Floor Framing.
17. Galvanized Steel Used to Form Each Storage & Holding Compartment.
18. Durable All-Weather Carpeting Completes Each Accessible Storage Compartment, Providing Extra Protection for Luggage and Valuables.
19. Rust-Prohibitive Paint Coating Applied to All Steel Framing Assures Corrosion and Rust Protection.
20. The Industry’s Strongest, Most Spacious Exterior Storage Compartments.

The super strength truss system is unmatched in the class C industry. The structural subfloor foundation begins by welding a network of integrated steel trusses to the chassis rail. Specifically designed to distribute and transfer the tremendous forces from the coach to the chassis rail these trusses are individually tested to withstand 6,000 pounds each.

When the chassis is stretched, Gulf Stream stands alone in the industry by using a full 6” C channel extension versus the traditional 4” or less. This practice adds to the strength of the foundation and offers peace of mind that towing is safe on an extension that is true to the chassis.

Unlike traditional plywood and foam seating, Comfort Plus Seating features the strength of steel and the comfort of a sprung dinette cushion.
