**LIVING CONVENIENCE...**

Living off the map doesn’t mean you have to live like it. Our spacious living quarters feature a well-equipped galley, space-saving entertainment center, stain-resistant plush carpet, comfort plus furniture, and H-ducted ventilation system giving you all the comforts you would enjoy at home.

**5291 Comfort Plus Dinette** (shown above in the Tan decor) with patented sun room offers a panoramic view and opens the coach to give you a wide open feeling. Our skylights are tinted to keep the UV light out while letting natural light in. Comfort Plus dinettes use metal spring cushion supports.

**5291 Living/Kitchen Galley** is complete with a solid surface countertop, microwave 3-burner top convection range and plenty of lighting.

**5316 Kitchen** is fully equipped with the solid surface countertop, stainless steel dual sinks, and a double door refrigerator.

**5316 Bedroom** gives you plenty of space to unwind with the upgrade comfort plus queen mattress and overhead cabinetry.

### Construction...

Quality, Comfort, Strength and Value are four great words to describe our mind set while designing and constructing the conquest lineup of products. You can see and feel the quality and attention to detail we gave every component. From the strength of our foundation, roof, floor and sidewalls, down to the comfort of our seat cushions, nothing was skipped.

#### Super Strength Truss System

The super strength truss system is unmatched in the class C industry. The structural subfloor foundation begins by welding a network of steel web trusses to the chassis rail. Specifically designed to distribute and transfer the tremendous forces from the coach to the chassis rail these trusses are individually tested to withstand 6,000 pounds each.

When the chassis is stretched, Gulf Stream stands alone in the industry by using a full 6" C channel extension versus the traditional 4" or less. This practice adds to the strength of the foundation and offers peace of mind that towing is safe on an extension that is true to the chassis.

Added, Value

Unlike traditional plywood and foam seating Comfort Plus Seating features the strength of steel and the comfort of a sprung dinette cushion.

Dual metal H-Ducted air conditioning system eliminates mildew causing condensation and is wrapped in foil bubble insulation for improved climate control.

Our residential style cabinets are constructed of solid hardwood doors and fronts that are pre-drilled and screwed, then they are stained and top coated with a furniture grade finish that provides long lasting beauty and durability as well as adding strength and quietness to your motorhome.

Other companies use wrapped cabinet fronts prone to peeling, fading, and tearing. The softer composite wood used does not hold screws as well as hardwood resulting in loss of strength and squeaking. Discoloration will degrade the beauty and lower the value of the motorhome.

Driver Convenience Package

Make driving your BT Cruiser effortless with the addition of the driver convenience package. This option will give even the most timid driver confidence while backing up with reverse obstacle sensing and backup monitor. Keyless entry also included in this package facilitates easy entry and secured exit of your new motor home.

Excellent Weathering - Maintaining the vehicle’s quality appearance enhances its resale value.

Tear Resistance - Flexroofs hard abuse resistant finish resists tearing, a condition that can cause leaks and lead to expensive repair.

Low Maintenance - Road grime can easily be removed with normal cleaning maintenance. Rubber chalking due to solar breakdown of the roof surface is eliminated, preserving the original appearance and resale value of the vehicle.

Stain Resistance - Fiberglass Flexroof is designed to resist staining and maintain its quality appearance.

Structural Integrity - Unlike conventional EPDM rubber roof membranes, Flexroof is a structural component of the roof system.

Textured Fiberglass - Helps dissipate heat and prevents tree limbs from tearing or scratching your roof.

Seamless, carpeted, galvanized steel storage compartments safely cradle your valuables. Rust protective paint and foam sealed for extended life and a quiet ride.

The Conquest Checkpoint is the outward physical symbol of our role as industry leaders. Our exacting standards for creating the best possible RV Customer experience are the direction the rest of the industry seeks.

Beyond the beaten path, to a new destination.

Conquest constantly looks to the future, casting a clear vision of "the next big thing" and making it happen. We don't follow trends; we set them. Beyond imagination, to reality.

Conquest Motorhome Division is a member of the Gulf Stream Coach family of products. As a privately owned company with 25 years of RV manufacturing experience, Gulf Stream has set itself apart from the rest of the RV industry by giving the market exactly what it's looking for. We are constantly talking to our customers and dealers, taking their suggestions and implementing them in our products. We also use Lean Manufacturing Techniques, Six-Sigma Quality Control, Creative Standardization and S S practices to maximize our production efficiency and eliminate waste. Our efficiency has received accolades from Vincennes University for Total Quality Management. These practices have also gained recognition from the state of Indiana, as we have received the Indiana Governor's Award for Recycling, making us one of the few eco-friendly manufacturing companies in the industry. All these initiatives go back to one goal... To give you the highest value product offerings, quality construction, innovative features, contemporary designs, and unmatched service and on-going support.

The Gulf Streamers RV Club is a valuable benefit to all Gulf Stream owners. Members enjoy staying active and participating in the various rallies and caravans offered throughout the United States and Canada. Go to www.streamers.gulfstreamcoach.com for more information.
