SCENIC CRUISER

The Ultimate in Luxurious Living

CLASS A DIESEL MOTORHOMES

GULF STREAM COACH

2005
The main living quarters of the Scenic Cruiser is not only beautiful, but functional, as well. The kitchen area features a three burner range with hood, convection microwave, dual basin sink with residential faucet and sprayer, large two door refrigerator and spacious countertops for you to create your favorite meals.

The Gulf Stream exclusive sunroom on the 8411 includes a free standing dinette and soft touch recliner for you to sit back and enjoy the view while relaxing or enjoying company.

With the 8411 Home Theater package you have a top-of-the-line video projector, secondary LCD TV screen, drop down screen and Sony Dream Home Theater system with 5.1 Gulf Stream G-sound speakers to make your coach into a high class movie theater.*

*Popcorn not included.
BATHROOM • MODEL 8411
CEDAR LINED STORAGE • MODEL 8411, 8408

Gulf Stream’s Two-Zone living concept gives you 30% more room to utilize throughout the day. By adding a sitting area to the bedroom and giving you the ability to shut the bedroom off from the rest of the coach, it allows you to enjoy TV, read or sleep with peace and quiet.

SPACIOUS BEDROOM...
This feature packed bedroom also gives you washer/dryer hookups for the optional washer/dryer appliance in the 8410, a computer desk/vanity in the 8411 and 8408, a 20” flat screen television and more wardrobe storage than you would imagine.

BEDROOM • MODEL 8411, 8408
WARDROBE • MODEL 8411, 8408

BATHROOM • MODEL 8411
Contemporary Looks...

Full body paint in three color options protects the exterior and offers a cutting edge look. Gulf Stream delivers the options you want to protect your investment, suit your budget and entertain your visual preference.

Exterior Storage...

The practice of raised rail construction delivers more ceiling height while increasing the amount of underbody storage space. Gulf Stream Coach uses one piece steel boxes in our underbody storage compartments. They are carpeted on the inside to protect your belongings while traveling down the road and coated with anti-corrosion paint on the underside to prevent deterioration. Gulf Stream's storage compartments feature interior lighting and slam latch doors. Two compartments also feature electrical outlets to add to the list of conveniences offered to allow you to safely load and unload with ease.
Rain or Shine
Comfort without worry.

Innovative Sun Room Design... Patent Pending

Open panoramic views, natural lighting and spacious freestanding dinette are just a few of the benefits of the Gulf Stream sun room. More important, is the peace of mind knowing the sun room's skylights are designed to protect the interior from damaging UV light, prevent leaks and aid in climate control.

- Designed by Gulf Stream exclusively for slideout rooms.
- Curb style installation eliminates leaks.
- Both top and bottom glazes are formed of unbreakable polycarbonate.
- The outer glaze is tinted to minimize solar heat gain. The bottom glaze is clear.
- Collectively, both glazes eliminate 97% of the damaging UV light.
- All walls and ceiling of the sunroom are insulated for thermal and sound control.
- Every window and skylight in the sun room is equipped with a day/night shade.

Described in the diagram:
- Infrared Heat
- Ultra Violet
- Sealant
- Fiberglass Roof/Curb
- Curb style mounting system
- Low profile formed tinted outer glaze
- Thermal air barrier
- Inner glaze permanently fused to outer glaze
- Formed clear bottom glaze
Our residential style cabinets are constructed of solid hardwood doors and fronts that are predrilled and screwed. They are then stained and top coated with a furniture grade finish that provides long lasting beauty and durability as well as adding strength and quietness to your motorhome.

Other companies use wrapped cabinet fronts prone to peeling, fading and tearing. The softer composite wood used does not hold screws as well as hardwood resulting in loss of strength and squeaking. Discoloration will degrade the beauty and lower the value of the motorhome.

Seamless, carpeted, galvanized steel storage compartments safely cradle your valuables. Rust protective paint and foam sealed for extended life and a quiet ride.

Dual metal H-Ducted air conditioning system with foil bubble wrapped insulation for superior climate control.

Excellent Weathering - Maintaining the vehicle’s quality appearance enhances its resale value.

Tear Resistance - Flexroofs hard abuse resistant finish resists tearing, a condition that can cause leaks and lead to expensive repair.

Low Maintenance - Road grime can easily be removed with normal cleaning maintenance. Rubber chalking due to solar breakdown of the roof surface is eliminated, preserving the original appearance and resale value of the vehicle.

Stain Resistance - Fiberglass Flexroof is designed to resist staining and maintain its quality appearance.

Structural Integrity - Unlike conventional EPDM rubber roof membranes, Flexroof is a structural component of the roof system.

Textured Fiberglass - Helps dissipate heat and prevents tree limbs from tearing or scratching your roof.

Gulf Stream offers true flush floor slide out rooms to give you more headroom in the slide and eliminates the step up into the slide room that you will experience in many of our competitors motorhomes.

Comfort Plus furniture by Gulf Stream Coach features residential styling, solid construction, total comfort and a comprehensive warranty.

Gulf Stream VS. Brand A Cool Down Comparison

• At 15 minutes, Gulf Stream cooled 7 degrees cooler.
• At 30 minutes, Gulf Stream cooled 9 degrees cooler.
• At 1 hour, Gulf Stream cooled 9 degrees cooler.

Finally, empirical data demonstrating the efficiency and performance of a roof air conditioning system versus a floor air conditioning system.
Unlike traditional plywood and foam seating, Comfort Plus dinette seating features the strength of steel and the comfort of a sprung cushion.

The Cradle of Strength super strength truss system is unmatched in the RV industry. The structural subfloor foundation begins by welding a network of integrated steel trusses to the chassis rail. Specifically designed to distribute and transfer the tremendous forces from the coach to the chassis rail, these trusses are individually tested to withstand 6,000 pounds each.

An all steel overhead structure installed above the cockpit brings strength and rigidity to the upper portion of the coach providing a safe strong platform to install a TV that will not break free in an impact while maximizing overhead storage.
**Interior & Decor**
- White Laminate Interior
- Deluxe Carpet
- Ceramic Tile
- Privacy Curtain
- Decorator Mirror
- Valences, Lamps, Rugs & Shades on Windows
- Vinyl Ceiling Liner

The Gulf Streamers RV Club is a valuable benefit to all Gulf Stream owners. Members enjoy staying active and participating in the various rallies and caravans offered throughout the United States and Canada. Others simply enjoy the value of receiving their Main Stream, the club's 44-page newsletter, with all its up-to-date product information, service tips and company highlights. Whether or not group camping is a part of your RV use, everyone can benefit from the Emergency Road Service and Gulf Streamers Insurance options. Both are available at competitive rates with friendly, reliable service. Another great benefit is the 10% Program, where campgrounds throughout the U.S. and Canada provide Gulf Streamers with a 10 percent discount on camping. As a member, you'll also receive discounts on National Theme Parks and special attractions, including RV and travel guides, directories and magazines. Rally and caravan participants spend time touring attractions, enjoying fabulous meals, taking in area highlights and shows, while having plenty of free time to relax or explore on their own. Pre-scouted events include knowledgeable staff to assure you of the finest routes, the tastiest restaurants and the friendliest atmosphere to help make the most out of your RV experience. Special rallies throughout the year also include Gulf Stream supplier seminars, complimentary minor repairs by Gulf Stream technicians, Gulf Stream dealer product displays and round table discussions to voice your product improvement ideas.
Gulf Stream Facilities...
Located in the heart of the Amish country, the complex, along with Gulf Stream's affiliate, Fairmont Homes, Inc., covers over 400 acres and includes more than 1.5 million square feet of state-of-the-art manufacturing facilities. With over 20 years of manufacturing experience producing quality Recreational Vehicles, Gulf Stream is the leading manufacturer of high quality and high value RV products that are distributed through a partnership relation with independent dealers who are focused on meeting customer expectations.

Gulf Stream Exceptional Value...
Your family and friends will feel safe and comfortable wrapped in Gulf Stream's “Cradle of Strength”. Comfort, Quietness and Insulation from the elements is what you will experience from Gulf Stream's “Tried and Tested” Motorhomes. Compare... and you will find the exceptional value of a Gulf Stream Motorhome.
