10 Reasons Why... Accu-Slide

1. Above floor design means more storage area for your RV
2. Lightweight design promotes fuel savings
3. High strength stainless steel aircraft cable is used for control
4. Cable control at all 4 room corners helps stop leaks
5. Working components are in your RV, safe from the elements
6. Locking motor secures room in or out to help stop leaks
7. Above floor design minimizes maintenance requirements
8. A clean system - no leaky hydraulic lines or greasy drives
9. Smooth, quiet room movement - no jumping or jerking
10. It’s built in the U.S.A. and backed by BAL since 1972

**Note:** The diagrams illustrate the layout of the JT337RLS, JT340FLR, and JT359FKS models. Each model includes options for an optional patio.
Open Range RV strongly encourages our retail customers to purchase from their local dealership whenever possible due to the following reasons:

1) Our Dealers are, as a rule, independently owned and operated businesses. Outside of those customers they personally sold products to, they are not obligated to perform warranty service on Open Range RV products that were purchased elsewhere. There may be an occasion that the customer will be required to return to the point of purchase to satisfy warranty requirements.

2) Although many dealerships will eventually service products not purchased at their dealership, they will usually take care of their customers and other Open Range RV customers who are traveling away from their local dealer as a priority.

3) Local purchases allow a customer to establish a relationship with a dealer close to home. This relationship provides the customer with a convenient location for service and support from a "local" professional.

4) The opportunity for a thorough PDI (Pre Delivery Inspection) and product orientation is an additional benefit of buying from a local dealer. The opportunity for refresher courses or the ability to get questions answered more promptly is another additional benefit of buying from a local dealer.

5) For our Canadian customers, there are also requirements which must be met to bring an RV purchased out of the country to their home. Although not impossible, these requirements may involve such things as additional inspections, certifications, taxes and fees. The local Canadian Dealer is a professional at meeting these requirements.

6) Open Range’s goal is for all RV Owners to fully enjoy their RV experience. In light of this goal, and considering the advantages of buying locally, we encourage you to be thorough when determining what product to purchase and which dealer to purchase it from as both are key to your ultimate satisfaction.
