The Roamer line of fifth wheels is designed with the seasoned traveler in mind. You’ll find floorplans designed for extended use that maximize space while keeping weight to a minimum. Wide body construction and 42” deep slides lend a sense of space that’s just not achievable with lesser products. From brand name appliances to Corian counter-tops, you’ll find feature content that the accomplished RV owner will appreciate. Rugged construction, top quality materials and leading edge innovation. If you’re serious about the RV lifestyle, this is your fifth wheel.
RELIABLE  COMFORTABLE  ENJOYABLE
The Roamer travel trailer by Highland Ridge RV has set the bar again with the industry’s best features and amenities in a travel trailer. Whether it is the rich corian countertops, amish crafted cabinetry, advanced electronics or 4 Seasons Package. This coach will be sure to impress even the most demanding consumer. So grab the kids or spouse and join us in experiencing the great outdoors!

- JT Strong Arms

TRAVEL TRAILER HIGHLIGHTS

- Exterior Convenience Center
- Power Tongue Jack
- Optional Power Stabilzer Jacks w/ Lock Arm Stabilizer Bars
- Optional BBQ Grill
- Optional One-Piece Fiberglass Front Cap
**HEATING DIAGRAM (SHOWN ABOVE)**

Roamer fifth wheels & travel trailers have a unique and incredible heating system. We start with a 4 inch heat duct from the furnace down the the underbelly in place of the 2 inch some of the competitors use. All of our tanks are suspended between the I beams in the underbelly allowing us to have forced air heat blowing from the 4 inch heat duct surrounding the tanks with warm air flow.

How do we get the air flow? Simply by having a return at the end of the tanks going back into the coach. The secret is that simple. We put a return in their underbelly to allow air flow over the tanks instead of a pressurizing system that occurs in other brands.

**Seal-Tite Water Shield**

Seal-Tite – a semi-robotic system that makes the placement of window sealants more precise and error-free – thus eliminating the hand application of such sealants which can often result in inconsistency.

**Accu-Slide**

Accu-Slide is so ingeniously designed, yet so amazingly simple, you’re likely to say it works like magic. A revolutionary, lightweight, heavy-duty system, Accu-Slide increases the quality and customer appeal of RV’s through superior performance and increased design flexibility.
