THE 2001 TOPAZ TOURING EDITION

When we designed the Touring Edition we knew it was going right to the head of the class. It's really a home on wheels that combines the benefits of a quality motor home with 5th wheel portability and convenience.

The list of standard and optional features is extensive. One of these many features is the optional XL Package, which includes enclosed insulated and heated fresh water and holding tanks as well as Thermal Pane windows. This XL Package allows you to extend your holiday season to include early spring and late fall.

Triple E quality craftsmanship is obvious everywhere. Plush wall-to-wall carpeting with thick, soft underlay as well as oak cabinetry and designer window treatments are standard features.

You'll sleep well on the quality spring mattress and the optional free standing oak table and chairs will add to your dining enjoyment. And speaking of details, there's a built-in knife rack in the galley.

Protection from the weather is attractively provided by Medallion FRP side walls and a molded gel-coat fiberglass front and rear mask.

The Topaz Touring Edition, a real winner in every respect.

F5275TE with Woodland Plum Decor

Topaz floorplans are designed to provide surprising roominess and the available slide out model provides even more living space.

After a long day, retire in comfort in this spacious bedroom.

Features like this slide out overhead cabinet maximize your living space.

A domed, rubber, one-piece roof protects you from the elements.

If you run short of space consider one of our floor plans with a slide-out room.

High Gloss Sidewall

All Triple E Touring Edition fifth wheels come standard with Filon's Medallion High Gloss exterior sidewall, which enhances both appearance and durability. See inside back cover for details.

FS275TE with Woodland Plum Decor

Roomy Kitchen with attractive decor makes preparing meals a pleasure.

FS275TE with Woodland Plum Decor

Dining is comfortable with all the luxuries of home.

GVWR

GROSS VEHICLE WEIGHT RATING means the maximum permissible weight of this travel trailer. The GVWR is equal to or greater than the sum of the unloaded vehicle weight (UVW) plus the net carrying capacity (NCC).

UVW

UNLOADED VEHICLE WEIGHT means the weight of this travel trailer as built at the factory. The UVW does not include cargo, fresh water, LP gas, occupants, factory or dealer installed accessories.

NCC

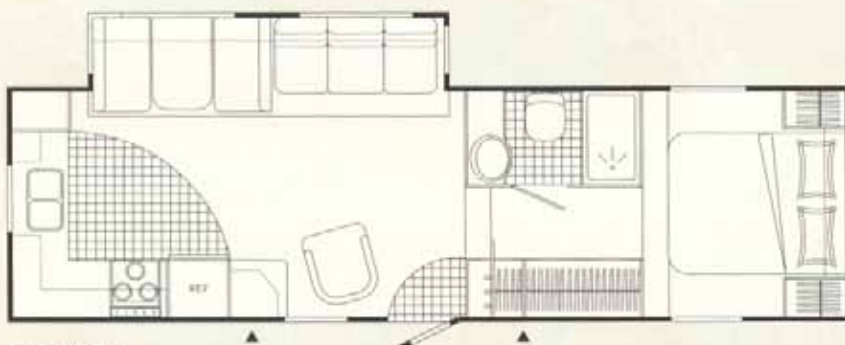

NET CARRYING CAPACITY means the maximum weight of personal belongings, food, fresh water, LP gas, tools, factory or dealer installed accessories, etc., that can be carried by this travel trailer. (NCC is equal to or less than GVWR minus UVW)

NOTE: See your dealer for weight of factory-installed options.

Leaving home is easy with . . .

THE 2001 TOPAZ FIFTH WHEEL

The Topaz fifth wheel gives you the best of both worlds. Comfortable accommodations and the complete freedom to "hook up and go."

Whether it's a couple of days or an extended trip you will never have to short-change yourself on conveniences. The living area is tastefully decorated and comfy, you'll get a good night's sleep in a luxurious queen-sized bed and you can start the day with an invigorating hot shower if you wish.

It's a pleasure preparing meals in the spacious, well-equipped kitchen, now featuring a bi-fold range cover, double acrylic sink and cutting board cover. When you're ready to eat, the large, comfortable dining area awaits.

One of the more popular features is a slide-out room that will give you plenty of extra living space.

Eight space efficient floor plans and three beautiful colour coordinated decors allow you to give your Topaz that custom look.

So connect up your Topaz and roll. Your vacation has never been better . . . or easier.

RIGHT: With the optional CD player and T.V. your favourite music or show is at your fingertips.

FAR RIGHT: Luxuries of home follow you with the tub and shower combination

The open floorplan design gives you more than enough room to invite someone over for dinner.

Plenty of storage space in this spacious galley.

A good night's sleep is easy to get with the residential quality mattress.

Radius corner slide windows are featured throughout the slide-out room.

The light weight slide-out room retracts easily and smoothly with an advanced rack and pinion slide system.

You can choose to equip your Topaz Fifth Wheel with Filon filoplated smooth exterior sidewalls. These panels are extremely dent and weather resistant and keep your trailer looking its best for years. See inside back cover for details.

THE 2001 TOPAZ TRAVEL TRAILER

If you like complete flexibility and convenience when you're on the move, then a Topaz Travel Trailer from Triple E is exactly what you're looking for. Attend a weekend event or go on a vacation, and take your comfort with you.

In designing and manufacturing Topaz travel trailers, we employ all of the expertise and quality control used in the production of our highly respected line of quality motor homes.

This attractive kitchen comes equipped with all the necessities.

Space saving designed features are standard on all Topaz Travel Trailers.

Above: Everything you need in a well planned layout.

Right: Oak Cabinetry and decorative lighting give appeal to this spacious bedroom.

Leaks are a thing of the past with the one piece EDPM waterproof membrane.

A tubular steel frame and steel outriggers make for a solid foundation to provide maximum stability for our travel trailers.

You can choose to equip your Topaz Travel Trailer with Filon filoplated smooth exterior sidewalls. These panels are extremely dent and weather resistant and keep your trailer looking it's best for years. See inside back cover for details.

The Topaz has a full list of features and options, many of which you'd expect to find only on larger more expensive recreational vehicles.

All travel trailers have tastefully decorated living spaces featuring sculptured oak panel cabinet doors and comfortable beds with residential quality mattresses. Conveniently designed kitchen areas incorporate a Dometic double door refrigerator and a three-burner cook top with oven. Options like oak table and chairs, a hide-a-bed, and a roof air conditioner complete this attractive picture.

Our seven well designed floor plans provide impressive spaciousness. A choice of three different and striking decors gives you the opportunity to customize your Topaz to suit your preferences.

The exterior graphics treatment is dramatic and the attractive, durable construction of aluminum or optional

Filon FRP sidewall ensures that your Topaz will retain its good looks for many years to come. A domed one piece rubber roof is the final touch that provides you with complete protection from the elements.

Check out our two new travel trailer floorplans that include a single slide out dinnette. These new plans dramatically increase your useable space without sacrificing towability and handling.

Whether it's a family outing, a weekend exploring trip, or a vacation, your Topaz Travel Trailer is ready when you are.

QUALITY CONSTRUCTION TECHNIQUES

Triple E Topaz Fifth wheels and travel trailers are examples of what can be achieved by combining first class materials with quality controlled construction. Tubular steel frames and steel outriggers form the solid foundation to provide maximum stability. The floor is built of 5/8 inch tongue and groove plywood laid over sturdy 2x3 wood framing. The floor also houses the furnace duct system. The walls and ceiling are fully insulated for energy conservation.

The Krystal Kote brushed aluminum exterior is virtually maintenance free, attractive and abrasion resistant. The roof is domed for easy water run off and leaks are a thing of the past because of the one piece EPDM waterproof membrane. This EPDM membrane is also heat reflective for even greater energy efficiency.

Slide out rooms are geared with an advanced rack and pinion system. It's lightweight and allows the extra room to extend and retract smoothly and easily.

Interiors look more like upscale homes than travel trailers or fifth wheels. There's plenty of storage space throughout. The oak-finished cabinetry and sculptured solid oak doors, in addition to looking rich and elegant, are strong and moisture resistant. We construct the cabinets with screws rather than staples to preserve structural integrity and durability.

The designer interior decors are a mixture of style and functionality. We incorporate quality fabrics that are made to handle the wear and tear of RVing. The venetian blinds, which control light and provide privacy, are accented by the designer window treatments.

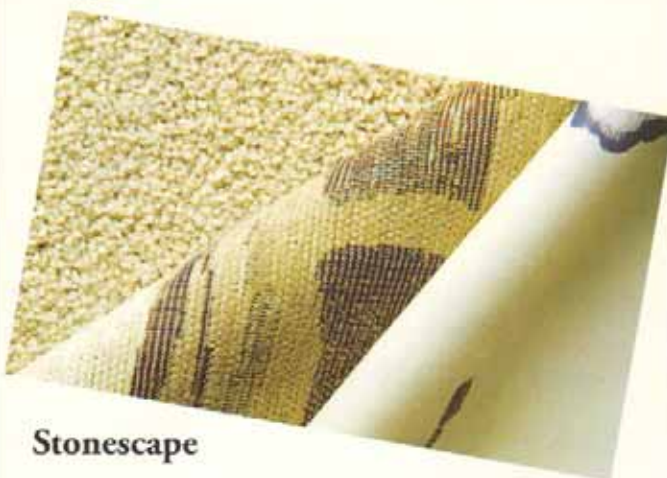

All Triple E products are built to CSA (Canadian Standards Association) or RVIA (Recreational Vehicle Industry Association) standards. We were one of the first RV manufacturers to obtain ISO 9002 certification - your assurance of the careful construction and high quality materials that are part and parcel of every Triple E unit.

INTERIOR DECORS

Along with the many choices of floorplans, you are also given the choice of three distinct and tasteful interior design schemes.

Woodland Plum

Filoplated Smooth Sidewall

High Gloss Sidewall

Features

- Performance History
- Excellent Weathering Properties
- No Denting
- Cleanability
- Stain Resistance
- Structural Integrity

Benefits

- Filon's filoplated smooth sidewall and Medallion high gloss sidewall finish quality is backed by over 20 years of quality field performance.
- Maintaining your vehicle's quality appearance enhances its resale value.
- Unlike metal, your Filon filoplated smooth sidewall and Medallion high gloss finish will not cause unsightly pockets where rust or oxidation can form.
- Road grime can be easily removed with normal cleaning maintenance, helping retain the resale of your vehicle.
- Your Filon panel finish is designed to resist staining and looks great year after year.
- Filon's filoplated smooth sidewall and Medallion high gloss sidewall finish can be applied in single piece construction, eliminating seams that can break open and cause water damage.

2 YEAR WARRANTY

Triple E is proud to offer a 2 Year Structural Warranty as well as a 2 Year Warranty on most major components. Please see your dealer for further details.

**ISO 9002
REGISTERED**

This combination of labels assures the purchaser that the manufacturer has met or surpassed CSA-CRVA-RVIA standards covering electrical services, gas services, plumbing services, and vehicular safety.

Product improvement is a continuing process at Triple E Recreational Vehicles. Thus we reserve the right to change the specifications on any and all products without prior notice; errors and omissions excepted. Triple E Recreational Vehicles is under no obligation to undertake modification to units manufactured prior to changes in specifications.
