

EMBASSY

Your lifestyle just took a turn for the better

LOSE YOURSELF IN THE JOURNEY

NO DEADLINES, NO SCHEDULES, NO RUSH,
BECAUSE YOU'RE IN THE DRIVER'S SEAT.

SO INSIST ON STAYING UNTIL YOU CATCH A
TROPHY FISH, GO OUT OF YOUR WAY TO FIND
A CHALLENGING GOLF COURSE, OR FOLLOW
SOME NEW FRIENDS ON THEIR ROUTE.
ANYTHING'S POSSIBLE WHEN YOU HAVE
THE DRIVE.

Extensive storage in the galley area provides a place for everything.

Hidden storage compartments add valuable space and convenience.

Exterior storage is well-considered and plentiful.

Whether you chart your own course or let the road take you where it will, bring a little piece of home with you in the 2002 Embassy. Combining function and comfort, you'll truly appreciate the care our designers take to create an environment that's as complete as your home yet luxurious enough to remind you that you're on vacation.

The Embassy's bold, sleek exterior houses an inviting interior – in your choice of décor and layout. Consider adding to the already numerous standard features with thoughtful optional details such as an outdoor shower, coffee maker, and bedroom television to further enhance your experience.

In addition to the basic Embassy, there is an optional XL package available on all Embassy models to provide three-season comfort. Thermal pane windows, enclosed, insulated and heated holding tanks, and a rear auxiliary heater make the Embassy XL impervious to spring and fall chills.

The Embassy is equipped with Filon filoplated smooth exterior sidewalls. These panels are extremely dent and weather resistant and keep your coach looking its best for years

THE EMBASSY IS MADE FOR SPACIOUS
LIVING AND ACCOMMODATES
ENTERTAINING WITH STYLE. INVITING,
CLIMATE CONTROLLED, AND WELLPLANNED, IF DESIRED YOU WILL HAVE
NO SHORTAGE OF VISITORS TO YOUR
"MOBILE" HOME.

THE SPACE YOU NEED

The living area's durable upholstery is vital as this may be the most used space in the coach. A VCR is an option, but the 20-inch TV is standard equipment, as is the CD in-dash stereo.

The galley makes meal preparation easy. Range covers and cutting board sink covers allow extra counter space when needed. Accented throughout with raised oak cabinetry, the kitchen's two-door fridge, three burner stove, oven, and microwave provide you with the ingredients for success.

You'll sleep well as the Embassy's master bedroom includes an inner spring mattress and wall-to-wall carpeting for extra soundproofing. Consider an optional TV in the bedroom or a thermostatically controlled ceiling fan.

The Embassy allows you to bring along all the provisions you'd like thanks to the ample interior and exterior storage compartments.

Embassy is a solid choice for everything you need and want in a value priced motorhome.

There's no lack of conveniences in our well appointed galley. An optional coffeemaker completes the picture.

The bathroom is complete and functional. Revitalize in the full size shower to start a new day of adventure.

Product improvement is a continuing process at Triple E Recreational Vehicles. Thus we reserve the right to change

specifications on any or all products without prior notice; errors and omissions excepted. Triple E Recreational Vehicles is under no obligation to undertake modification to units manufactured prior to changes on specifications.

GVWR

GROSS VEHICLE WEIGHT RATING means the maximum permissible weight of this motorhome. The GVWR is equal to or greater than the sum of the unloaded vehicle weight (UVW) plus the net carrying capacity (NCC).

UVW

UNLOADED VEHICLE WEIGHT means the weight of the motorhome as built at the factory with full fuel, engine oil, and coolants. The UVW does not include cargo, fresh water, LP gas, occupants, factory or dealer installed accessories.

NCC

NET CARRYING CAPACITY means the maximum weight of all occupants, including the driver, personal belongings, food, fresh water, LP gas, tools, tongue weight of towed vehicle, factory and dealer installed accessories, etc., that can be carried by this motorhome. (NCC is equal to or less than GVWR minus UVW.)

NOTE: Please see your dealer for weights of factory installed options.

TRIPLE E QUALITY

A Triple E Embassy Motorhome is a combination of first-class materials and quality controlled construction.

Built with a solid foundation, integrity is never compromised – inside and out.

Exteriors are virtually maintenance free and abrasion resistant. The domed roof allows for quick water run-off and an EPDM membrane both serves to protect against leaks and contributes to energy-efficiency.

Cabinetry is constructed with screws rather than staples to ensure structural integrity and durability. Both strong and moisture repellent, the solid oak doors are a front to ample storage space.

Designer interior decors are a mixture of style and functionality – with quality fabrics developed to handle years of wear while meeting or exceeding flame retardant standards.

All Triple E products are built to CSA (Canadian

Standards Association) or RVIA (Recreational Vehicle Industry Association) Standards. Triple E was one of the first RV manufacturers to obtain the ISO 9002 certification – your assurance of the careful construction and high quality materials that are part and parcel of every Triple E Recreational Vehicle.

on structure as well as most major components.

Please see your dealer for further details.

This combination of labels assures the purchaser that the manufacturer has met or surpassed CSA-CRVA-RVIA standards covering electrical services, gas services, plumbing services, and vehicular safety.

Embassy motorhomes exceed 96 inches in width. In some states 96 inches is the maximum width of vehicles travelling some or all state roads. It is the responsibility of the owner to be familiar with the road usage laws of the states in which you travel.
