Endless Appeal

Versatile and easy to drive, with the Regency, the journey is the destination. Known for its good looks, great value, and peppy spirit, this motorhome is truly a family favourite.

With new standard features for 2004 including air conditioning and a microwave, the Regency is a better value than ever before. Consider opting for the XL package to extend the RV season from early spring to late fall with:

- Enclosed, insulated, and heated holding tanks
- Thermal pane windows
- Rear auxiliary heater
- Fabric headliner
- Light package in baggage compartments
- Slide-out battery tray, and more!

- 1 The roomy dinette easily and quickly converts to a cozy sleeping area.
- **2** The galley is equipped with plenty of counter space so you'll have the room you need no matter what's on the menu.
- ³ The space saving pantry displays and stores dry goods for quick access. (Available on select models)

Visit **www.tripleerv.com** for details on available options.

GOOD LOOKS

The Regency is equipped with Filon Filoplated smooth exterior sidewalls. Extremely dent and weather resistant, these panels will keep your motorhome looking its best for years to come.

You are able to customize your motorhome with one of four distinct interior design schemes. Developed by a group of professionals, our combinations skillfully coordinate upholstery, carpeting, window treatments, and exterior graphics in a manner that is both especially pleasing to the eye and of uncompromising quality.

Visit **www.tripleerv.com** for more information on the Regency's features.

First Class Features

What is it about the Regency that makes it so accommodating? The combination of top quality appliances, clever storage areas, and spacious living design all contribute to the feeling of completeness!

To further enhance your time away from home, consider the following options to personalize your Regency to suit your needs:

- 4.0 KW Onan generator
- Roof rack and ladder
- Exterior shower
- In-shower skylight

- With a residential spring coil quality mattress and relaxing décor, you'll sleep well in the private master bedroom.
- 2 New for 2004 is a classic TV cabinet to keep electronics safely stored when not in use.
- 3 Making the best use of space, the Regency can sleep up to six.
- 4 Raised solid oak cabinet doors enhance the rich oak finish cabinetry.
- 5 Bring it with you! Exterior baggage compartments are surprisingly large and easy to access.

GVWR

GROSS VEHICLE WEIGHT RATING means the maximum permissible weight of this motorhome. The GVWR is equal to or greater than the sum of the unloaded vehicle weight (UVW) plus the net carrying capacity (NCC). UNLOADED VEHICLE WEIGHT means the weight of the motorhome as built at the factory with full fuel, engine oil, and coolants. The UVW does not include cargo, fresh water, LP gas, occupants, or factory or dealer installed

options or accessories.

NCC

NET CARRYING CAPACITY means the maximum weight of all occupants, including the driver, personal belongings, food, fresh water, LP gas, tools, tongue weight of towed vehicle, factory and dealer installed accessories, etc., that can be carried by this motorhome. NCC is equal to or less than GVWR minus UVW.

FLOOR PLANS

Product improvement is a continuing process at Triple E Recreational Vehicles. Thus, we reserve the right to change specifications on any or all products without prior notice; errors and omissions excepted. Triple E Recreational Vehicles is under no obligation to undertake modification to units manufactured prior to changes on specifications.

NOTE: Please see your dealer for weights of factory installed options.

UVW

TRIPLE E QUALITY

Unparalleled craftsmanship

Triple E is located in the centre of Canada – in one of the most extreme climates in North America. Customers can thus be confident that our

optional XL package, designed to comfortably extend the RV season, has truly been put to the test.

Much of what you see in our products is built on site to our highest standards. In our plant you'll find an impressive, progressive production facility complete with welding shop, paint shop, fibreglass and mold shop, sewing department, and cabinet manufacturing department.

Structural integrity and

durability are critical in every unit we produce – to the smallest of details. For example, cabinetry is constructed

with screws rather than staples. It's the little things that make a big difference. All Triple E products are

built to CSA (Canadian Standards Association) or

RVIA (Recreational Vehicle Industry Association) Standards. Triple E was one of the first RV manufacturers to obtain the ISO 9002 certification – your assurance of the careful construction and high quality materials that are part and parcel of every Triple E unit. Triple E is proud to offer a

2 YEAR LIMITED WARRANTY

on structure as well as most major components. Please see your dealer for further details.

This combination of labels assures the purchaser that the manufacturer has met or surpassed CSA-CRVA-RVIA standards covering electrical services, gas services, plumbing services, and vehicular safety.

Regency Motorhomes exceed 96 inches in width. In some states, 96 inches is the maximum width of vehicles travelling some or all state roads. It is the responsibility of the owner to be familiar with the road usage laws of the states in which you travel.
