

EMBASSY2005

EMBASSY2005

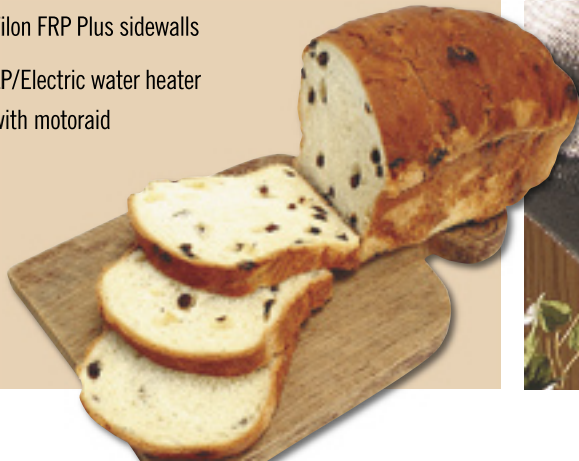

EMBASSY. YOUR PASSPORT TO GOOD TIMES.

It's no secret that when the road is easy, RVing is at its best. And it's with that maxim in mind that we've designed the 2005 Embassy, loading it with more standard features, more storage, more convenience and more options than most motorhomes in its class. Just consider Embassy's standard features, which include a powerful Onan generator, top quality appliances and fixtures, a 20" TV in the dash and extra large exterior storage compartments and you'll understand why Embassy is one of Triple E's most popular RVs. No matter where the road takes you, it's sure to be pleasurable and worry free when you travel with Embassy.

New Embassy Features For 2005 Include:

- Aluminium baggage doors with gas struts
- Optima vinyl cockpit chairs
- Filon FRP Plus sidewalls
- LP/Electric water heater with motoraid

Shown with Pacific Rim Decor

Morning showers are a little more refreshing thanks to the natural light provided by the shower skylight. Most models also feature a neo angle shower stall with glass door.

This slide out pantry neatly keeps your canned and dry goods out of sight. Available on select models only.

Embassy's expansive bedroom features a decorative bedspread with throw pillows and a make up table with optional stool (on select models). The attractive pleated shades for the window are the same as those featured throughout the coach. A bedroom slide out on the A36FB only provides even more space.

New for 2005, insulated aluminum baggage doors with gas struts and slam latches allow easy access to Embassy's exterior storage compartments.

The kitchen's booth dinette features under seat storage and easily converts to a bed for extra sleeping space. An optional freestanding table and chairs is available for select models.

GVWR (GROSS VEHICLE WEIGHT RATING)

The maximum permissible weight of this motorhome. The GVWR is equal to or greater than the sum of the unloaded vehicle weight (UVW) plus the net carrying capacity (NCC).

UVW (UNLOADED VEHICLE WEIGHT)

The weight of the motorhome as built at the factory with full fuel, engine oil, and coolants. The UVW does not include cargo, fresh water, LP gas, occupants, factory or dealer installed accessories.

NCC (NET CARRYING CAPACITY)

The maximum weight of all occupants, including the driver, personal belongings, food, fresh water, LP gas, tools, tongue weight of towed vehicle, factory and dealer installed accessories, etc., that can be carried by this motorhome. (NCC is equal to or less than GVWR minus UVW.)

Please see your dealer for weights of factory installed options.

EMBASSY DIESEL. BUILT FOR THE LONG HAUL.

Created for those for whom RVing is as much a lifestyle as it is a recreation, Embassy Diesel offers one of the best values available today in a diesel RV. Its impressive list of features includes a Freightliner XC chassis and 300 horsepower Cummins engine, which combine to provide the durable, dependable performance you'll need mile after mile on the road. Other notable features include an electric entry step, a rearview camera with monitor and a 6.5 KW Onan liquid LP Gas generator. Finally, Embassy allows you to customize your unit to your specific needs and comfort preference with optional features such as a satellite dish, an exterior shower, a refreshment center, painted baggage doors and a convenient washer and dryer combo. If you're looking for an RV for the long haul, Embassy Diesel is it.

New Embassy Diesel Features For 2005 Include:

- Flush floor slide out in living area
- New floor plan with front entry
- Optional 2000 watt inverter
- Optional wood look laminate flooring (as shown)

Embassy's cockpit area easily converts into a comfortable living room complete with reclining optima vinyl cockpit chairs and a 20" flat screen tv in the overhead cabinet. The new front door entry better preserves the integrity of this space.

Embassy's bedroom area is nicely finished off with an attractive makeup table with optional stool and day/night pleated shades over the window, which match those found throughout the coach. A 20" flat screen TV is included as a standard feature for your viewing pleasure.

No need to leave your gourmet recipes at home thanks to Embassy's spacious galley that features a solid surface countertop, solid wood cabinet doors and a flip up counter extension. An optional convection microwave oven is also available.

After a long day on the road you'll enjoy retiring to Embassy's bedroom with its matching decorative bedspread, throw pillows and headboard nicely illuminated by reading lights above bed.

As an alternative to the standard booth dinette, select the free standing table option with slat back chairs which provides a more homelike atmosphere in Embassy's dining area. The flush floor slide out is new for 2005.

COLOUR OPTIONS

Both Embassy Gas and Embassy Diesel can be personalized to your own tastes with your choice of four interior décor combinations and one of six available floor plans. Each design motif has been selected by professional interior designers to skilfully coordinate all visual elements for an overall effect that is both warm and inviting.

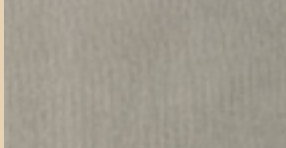

AUTUMN OAK CABINETY

The Embassy is equipped with Filon Plus filoplated smooth exterior sidewalls. Extremely dent and weather resistant, these panels will keep your motorhome looking its best for years to come.

Coach Net

Triple E is a proud partner of Coach Net, an extensive support program providing complete and fully paid roadside assistance, emergency road service, and special warranty support benefits that follow you throughout Canada and the U.S. Service is free for the first year of ownership and available at a nominal fee for subsequent years.

COACH NET'S 24-HOUR CUSTOMER CARE INCLUDES

- Emergency roadside assistance – including tow vehicle
- Toll free technician hotline for operation and service support
- Toll free nationwide service appointment assistance
- Free custom trip routing and colour maps
- Warranty service at over 6,800 locations throughout North America
- Benefits such as free jump starts, tire changes, fuel delivery and lock out service

2 Year Limited Warranty

Triple E is proud to offer a 2 year limited warranty on structure as well as most major components. Please see your dealer for further details.

A reputation for excellence since 1965

For forty years Triple E has produced style, comfort, durability and uncompromising quality in recreation vehicles. We've built our reputation by maintaining full control of the manufacturing process, and almost everything you see in the finished product has been built on site to our renowned high standards, plus those of the Canadian Standards Association or Recreational Vehicle Industry Association. Triple E was also one of the first RV manufacturers to achieve ISO 9001 certification. If you demand the best in your RV, you've found it in Triple E.

Triple E Recreational Vehicles P.O. Box 1230, Winkler, Manitoba, Canada R6W 4C4 Telephone: (204) 325-4361 Fax: (204) 325-5241

Triple E Recreational Vehicles meet or surpass CSA-CRVA-RVIA standards covering electrical services, gas services, plumbing services and vehicular safety. Embassy Motorhomes exceed 96" in width. In some states, 96" is the maximum width of vehicles travelling some or all state roads. It is the responsibility of the owner to be familiar with the road usage laws of the states in which you travel. Product improvement is a continuing process at Triple E Recreational Vehicles. Thus, we reserve the right to change specifications on any or all products without prior notice; errors and omissions excepted. Triple E Recreational Vehicles is under no obligation to undertake modification to units manufactured prior to changes on specifications. Brochure pictures may be shown with optional equipment. Colours may not be exactly as shown due to the printing process. Please see your dealer for specific colours.
