

EMPRESS2005

EMPRESS2005

CONSIDER THIS YOUR JUST REWARDS.

You've worked hard for all that you've achieved. Now it's time to reward yourself; and what a reward Empress is! As the most luxurious motorhome in Triple E's fleet, Empress offers an amazing array of lavishly appointed living space atop its solid Freightliner foundation. From its four season Climate Guard® system offering the best insulation values in its class, to its residential quality queen bed and top-of-the-line Flexsteel furniture, Empress is a motorhome built to deliver the superior comfort the discerning traveler demands. If you're ready to enjoy the best that RVing can offer, you're ready for Empress.

New Empress Features For 2005 Include:

- Optional "natural cherry" cabinetry
- Independent Front Suspension (now standard)
- Optional Diamond Shield® paint protection film on front mask
- Optional electrical power cord reel
- Optional 32" flat screen TV in entertainment centre

Shown with Tuscany Decor and Cherry Cabinetry

Empress's cockpit area can be quickly converted into a large living room, perfect for relaxing or entertaining. Both ultra leather Captain's chairs feature 8-way power adjustment for personalized comfort. An additional passenger side recliner with 8-way power adjustment and power footrest comes standard.

Empress features a fully contoured cockpit offering easy access to controls, some of which are mounted on the VIP steering wheel reducing the need to take your eyes from the road.

Golden Maple Cabinetry

A laundry hamper placed conveniently under the counter in the bedroom neatly keeps laundry out of sight.

As our premier motorhome, Empress sets a new standard for what an RV can be. Everywhere you look in Empress – both inside and outside – you will see evidence of Triple E's commitment to quality and the pride Triple E craftspeople have for their work. You'll also appreciate the number of available options for Empress allowing you to customize it to match your personal lifestyle and comfort requirements.

Personalize your living space with such available Empress options as Golden Maple cabinetry, heated ceramic tile flooring and an built-in 32" flat screen TV.

The slide-out solid surface counter extension smartly increases your available galley counter space.

The galley's solid surface sink is nicely accented with a deluxe single lever brushed nickel faucet. An optional drinking water filtration system is available in the galley.

Add more cutting space with this optional slide out butcher block in lieu of the below cook top drawer.

The optional booth dinette features solid wood table with underseat storage drawers and converts into a bed, increasing your available sleeping space.

The bathroom vanity features a solid surface counter and basin with deluxe brushed nickel faucet. A matching brushed nickel towel ring and soap dish is provided.

The deep cushioned Flexsteel sofa easily converts to a comfortable bed with inflatable air coil mattress. Available in cloth or optional ultra leather.

The bedroom features an attractive make up table with stool, ample drawer storage and day/night shades with blackout.

Powered sun visors on both the driver's and passenger's side help reduce glare, especially when traveling at sunrise and sunset. An optional centre sun visor is available (as shown).

The bedroom's residential quality queen bed features a beautiful fabric wrapped headboard with coordinated bedspread and throw pillows. Other nice design touches include an integrated wardrobe closet and halogen reading lamps above the bed.

Never wait for a machine at the laundromat with this optional washer and dryer.

The Empress features a solid wood table with one leaf and four dinette chairs. In addition to the above choose an extra leaf and two folding chairs to seat six.

Empress's interior is richly decorated by solid wood cabinetry throughout the coach. Halogen lighting above the cabinetry provides a smart accent.

Oak Cabinetry

COLOUR OPTIONS

Personalize Express to your own tastes with your choice of four interior décor combinations and four distinctive exterior treatments. Each design motif has been selected by professional interior designers to skilfully coordinate all visual elements for an overall effect that is both warm and inviting.

INTERIOR COMFORT AND EXTERIOR PROTECTION

Born of our northern heritage, Triple E's exclusive Climate Guard® system is quite simply the best interior comfort and exterior protection package available in the recreational vehicle industry today. The Climate Guard® system has been developed with today's motorhome enthusiast in mind. It provides year round climate controlled comfort for passengers as well as built in protection for the motorhome itself, ensuring years of trouble free operation and enjoyment.

The major considerations in building a top quality motorhome are long lasting beauty coupled with the ability to stand up to all weather conditions. The coach is an aluminium and steel framed structure with vacuum bonded gel coat fibreglass sidewalls and a domed roof finished with a seamless FRP Flexroof.

INTERIOR COMFORT

- Dometic® roof air conditioners, ducted front to rear, control the temperature throughout the coach.
- High output chassis air conditioner provides travelling comfort.
- Electronic ignition furnace designed to maintain requested interior temperatures through extreme exterior temperatures.
- High output chassis heater for quick windshield defrost.
- A rear auxiliary automotive heater – complete with electric coolant valve – makes travel comfortable while heating the fresh water and holding tank compartments.
- Vacuum bonded, aluminium framed, insulated sidewall and roof construction provides structural strength and maintained warmth throughout the coach.
- Coach windows are designed with a dual pane construction – impeding the transfer of cold to make the interior of the window warmer and less subject to condensation.
- Optional insulated vent covers provide superior insulation for the fantastic fans and roof vents.

EXTERIOR PROTECTION

- Scratch and hail resistant gel coat fibreglass sidewalls with all weather exterior finish are easy to maintain and will not rust, pit, or fade.
- A domed, seamless, insulated, one piece FRP Flexroof promotes quick water run off and minimizes exterior maintenance.
- Urethane undercoating protects against dust and moisture and reduces stone and road noise.
- Steel enclosed, fibreglass insulated and heated fresh water and holding tanks assure extreme cold climate performance for your plumbing system. Tanks are heated from two different sources – the motorhome's ducted furnace while parked and the rear auxiliary automotive heater when travelling.
- Winterization system complete with potable antifreeze pickup kit allows you to easily drain tanks and fill water lines with potable antifreeze.
- Steel, insulated, and sealed firewall protects the driver and passengers from the outside elements.
- Additional 1/2" thermal break insulation beyond the standard 1" EPS block insulation separates the climate controlled interior from the outside elements.

FLOOR

- 1 One Piece Woven Poly-Propylene Underbelly
- 2 3/8" Plywood
- 3 Tubular Steel Framing (Welded)
- 4 EPS Block Insulation Filled Wall Support Plates
- 5 1" EPS Block Insulation
- 6 1/2" Plywood
- 7 Carpet Underlay
- 8 Carpeting (Floor covering)

SIDEWALLS

- 1 Seamless Gelcoat Fibreglass Exterior
- 2 Luan Structural Backer
- 3 Aluminium Framing (Welded)
- 4 EPS Block Insulation Filled Floor and Roof Plate
- 5 1" EPS Block Insulation
- 6 1/2" EPS Block Insulation
- 7 Interior Decorative Luan Wall Panels

ROOF

- 1 One Piece FRP Flexroof
- 2 Luan Backer
- 3 Aluminium Roof Truss
- 4 EPS Block Insulation Filled Roof Truss Supports
- 5 1 1/2" EPS Block Insulation
- 6 Enclosed/Insulated Climate Control Ducting
- 7 2" EPS Block Insulation
- 8 3/8" Plywood
- 9 Padded Vinyl Headliner

GVWR (GROSS VEHICLE WEIGHT RATING)

The maximum permissible weight of this motorhome. The GVWR is equal to or greater than the sum of the unloaded vehicle weight (UVW) plus the net carrying capacity (NCC).

UVW (UNLOADED VEHICLE WEIGHT)

The weight of the motorhome as built at the factory with full fuel, engine oil, and coolants. The UVW does not include cargo, fresh water, LP gas, occupants, factory or dealer installed accessories.

NCC (NET CARRYING CAPACITY)

The maximum weight of all occupants, including the driver, personal belongings, food, fresh water, LP gas, tools, tongue weight of towed vehicle, factory and dealer installed accessories, etc., that can be carried by this motorhome. (NCC is equal to or less than GVWR minus UVW.)

Please see your dealer for weights of factory installed options.

- Toll free technician hotline for operation and service support
- Toll free nationwide service appointment assistance
- Free custom trip routing and colour maps
- Warranty service at over 6,800 locations throughout North America
- Benefits such as free jump starts, tire changes, fuel delivery and lock out service

2 Year Limited Warranty

Triple E is proud to offer a 2 year limited warranty on structure as well as most major components. Please see your dealer for further details.

A reputation for excellence since 1965

For forty years Triple E has produced style, comfort, durability and uncompromising quality in recreation vehicles. We've built our reputation by maintaining full control of the manufacturing process, and almost everything you see in the finished product has been built on site to our renowned high standards, plus those of the Canadian Standards Association or Recreational Vehicle Industry Association. Triple E was also one of the first RV manufacturers to achieve ISO 9001 certification. If you demand the best in your RV, you've found it in Triple E.
