Go ahead, spoil yourself.

Getting to where you’ve arrived in life has meant never settling for second best. So why start now? Empress Elite represents the most luxurious motorhome in Triple E’s fleet, sparing nothing in terms of quality or comfort. Working from a solid Freightliner foundation equipped with a powerful Cummins ISL 400 HP Diesel Engine, Empress Elite offers an amazing array of features including a four season Climate Guard® system – offering the best insulation values in its class – and top-of-the-line Flexsteel furniture throughout. If you seek the superior comfort the discerning traveller demands, you’re ready for Empress.
Empress Elite's wrap around cockpit (new for 2006) ensures that the driver remains in full control at all times. An in-dash GPS unit is optional.

Be completely at home in the master bedroom thanks to features like a residential style dresser with mirror, an extra-spacious wardrobe, large bedroom window and a swing-out flat-screen TV (select models only).

Movies and sports never looked better thanks to the standard 32” LCD widescreen TV for Empress Elite’s home theatre system that comes with surround sound standard.

- Cabinet doors mitred with rope inlay
- Stainless steel finish on refrigerator and micro/convection oven
- Heated ceramic tile flooring with granite inlay
- 32” widescreen LCD television

New for 06

Empress Elite
Empress Elite’s spacious galley gives you lots of elbow room for cooking and features such thoughtful elements as a slide-out counter extension and a tiled backsplash with granite inlay.

On select models extra dining area is provided thanks to this extendable solid surface table that comes with two solid wood chairs and two extra folding chairs.

Empress Elite’s spacious galley gives you lots of elbow room for cooking and features such thoughtful elements as a slide-out counter extension and a tiled backsplash with granite inlay.

No need to make a trip to the laundromat thanks to this optional washer and dryer that tucks neatly into the master bedroom.

Reduce your cleaning chores with this optional dishwasher, which can be chosen in lieu of an oven.

The bathroom features a separate room for the lavatory, complete with its own sink and window.

On select models extra dining area is provided thanks to this extendable solid surface table that comes with two solid wood chairs and two extra folding chairs.
Empress Elite’s professionally styled interior is nicely accented by its flat vinyl ceiling and halogen accent lighting throughout.

There’s no shortage of food storage thanks to Empress Elite’s large four door 12 cubic foot stainless steel refrigerator which includes an ice maker.

You’re sure to love Empress Elite’s many smart details including an oversize entrance door, ceramic tile flooring with granite inlay and plenty of overhead storage in the living area.
If the road is your passion, then why cut corners? Empress gives you everything a seasoned traveller would want in an RV and more. From its well appointed and spacious master bedroom to a living area that makes you feel like you never left home, Empress will surely delight you at every turn with its many comforts and thoughtful details. More than that, it has been built for the long haul and features a low maintenance Freightliner chassis equipped with a highly dependable Caterpillar C7 350 HP or a Cummins ISL 400 HP engine, giving you more than enough power to take on any challenge the road throws in your way. So take to the road with confidence; you’re riding like royalty in Empress.
You’ll dine in comfort and style thanks to Empress’s fashionable dining area complete with a solid wood wall mount table with four matching chairs, two of which are folding.

The roomy, well-designed cockpit places all important controls at the driver’s fingertips.

Style doesn’t take a back seat in Empress’s master bedroom which features an attractive reversible bedspread with matching fabric wrapped headboard and accent pillows.

New for 06

- Whole House water filtration system
- Optional side by side 12 cubic foot refrigerator with ice maker
- “Golden Maple” cabinetry now standard
Most of Empress's systems and major components can be managed through this easy to access control panel. Yes you can take it with you thanks to Empress’s extra-large exterior storage compartment with optional easy roll cargo slides.

Other nice features of Empress’s kitchen include its solid surface countertop and full extension easy sliding drawers on ball-bearing tracks.

The smartly styled kitchen includes such attractive details as a large stainless steel sink with oil rubbed bronze fixtures. The smart design carries through to the bathroom where you will find the same solid surface countertop and oil rubbed bronze fixtures. Storage is also ample thanks to two under sink cabinets and a large medicine cabinet.

Personalize Empress to your own tastes with your choice of four interior décor combinations and four distinctive exterior treatments. Each design motif has been selected by professional interior designers to skilfully coordinate all visual elements for an overall effect that is both warm and inviting.

Visit www.tripleerv.com for more information on available options.
Born of our northern heritage, Triple E’s exclusive Climate Guard® system is quite simply the best interior comfort and exterior protection package available in the recreational vehicle industry today. The Climate Guard® system has been developed with today’s motorhome enthusiast in mind. It provides year round climate controlled comfort for passengers as well as built in protection for the motorhome itself, ensuring years of trouble free operation and enjoyment.

The major considerations in building a top quality motorhome are long lasting beauty coupled with the ability to stand up to all weather conditions. The coach is an aluminium and steel framed structure with vacuum bonded gel coat fibreglass sidewalls and a domed roof finished with a seamless FRP Flexroof.

**Interior Comfort**
- Dometic® roof air conditioners, ducted front to rear, control the temperature throughout the coach.
- High output chassis air conditioner provides travelling comfort.
- Electronic ignition furnace designed to maintain requested interior temperatures through extreme exterior temperatures.
- High output chassis heater for quick windshield defrost.
- A rear auxiliary automotive heater – complete with electric coolant valve – makes travel comfortable while heating the fresh water and holding tank compartments.
- Vacuum bonded, aluminium framed, insulated sidewall and roof construction provides structural strength and maintained warmth throughout the coach.
- Coach windows are designed with a dual pane construction — impeding the transfer of cold to make the interior of the window warmer and less subject to condensation.
- Optional insulated vent covers provide superior insulation for the fantastic fans and roof vents.

**Exterior Protection**
- Scratch and hail resistant gel coat fibreglass sidewalls with all weather exterior finish are easy to maintain and will not rust, pit, or fade.
- A domed, seamless, insulated, one piece FRP Flexroof promotes quick water run off and minimizes exterior maintenance.
- Durable undercoating protects against dust and moisture and reduces stone and road noise.
- Steel enclosed, fibreglass insulated and heated fresh water and holding tanks assure extreme cold climate performance for your plumbing system. Tanks are heated from two different sources — the motorhome’s ducted furnace while parked and the rear auxiliary automotive heater when travelling.
- Winterization system complete with potable antifreeze tank allows you to easily drain tanks and fill water lines with potable antifreeze.
- Steel, insulated, and sealed firewall protects the driver and passengers from the outside elements.
- Additional ½" thermal break insulation beyond the standard 1" Styrofoam block insulation separates the climate controlled interior from the outside elements.

---

**FLOOR**
1 One Piece Woven Poly-Propylene Underbelly
2 Plywood (½")
3 Tubular Steel Framing (Welded)
4 Styrofoam Filled Wall Support Plates
5 Block Styrofoam Insulation (1")
6 Plywood (½")
7 Carpet Underlay
8 Carpeting (Floor covering)

*Includes air conditioner  **Includes water heater

**GWR (GROSS VEHICLE WEIGHT RATING)**

The maximum permissible weight of this motorhome. The GWR is equal to or greater than the sum of the unloaded vehicle weight (UVW) plus the net carrying capacity (NCC).

**UVW (UNLOAD VEHICLE WEIGHT)**

The weight of the motorhome as built at the factory with full fuel, engine oil, and coolants. The UVW does not include cargo, fresh water, LP gas, occupants, factory or dealer installed accessories.

**NCC (NET CARRYING CAPACITY)**

The maximum weight of all occupants, including the driver, personal belongings, food, fresh water, LP gas, tools, tongue weight of towed vehicle, factory and dealer installed accessories, etc., that can be carried by this motorhome. (NCC is equal to or less than GWR minus UVW.)

Please see your dealer for weights of factory installed options.

### Standards and Options

**VEHICULAR**

- Air Brakes with Slack Adjusters
- Air Horns
- Air Suspension with Bilstein Shock Absorbers
- Alternator — 160 Amp
- Block Heater (1,000 W) with Switch in Convenience Centre
- Blower — Overhead Blower Assembly above Windshield
- Bumpers — Integrated Fiberglass, Steel Reinforced
- Chassis — Freightliner with Caterpillar C7, 350 HP Turbo Diesel (XC Series) Raised Rail Side Radiator with Exhaust Brake
- Chassis — Freightliner with Cummins ISL 400 HP Turbo Diesel (XC Series) Raised Rail Side Radiator with Engine Brake
- Compass/Thermometer —Dash Mounted Directional Compass with Exterior Temperature
- Cruise Control
- Dash Air Conditioner and Heat — Chassis
- Dash Air Conditioner and Heat — Dual Blower
- Door — Driver Door with Power Window
- Fans — Chrome Cockpit Ventilating with Dash Switch
- Fuel Fill — Concealed Locking Fuel Fill Access on Both Sides
- Headlights — Styled with Halogen Bulbs
- Hitch — Trailer Hitch Receiver with Wiring and Plug, 10,000 lb.
- IFS — ZF Independent Front Suspension
- Jacks — Automatic HWH Levelling System with Auto Air Pump
- Light — High Mount Stoplight — LED Long Life
- Lights — Halogen Automotive Driving Lights
- Lights — LED Exterior Clearance Lights
- Mats — Driver/Passenger Floor Mats
- Mirrors — Heated Remote Chrome Power Mirrors
- Mud Guard — Monogramed Triple E Rear Mudguard (Stainless Steel on Rubber)
- Rust Protection
- Slide-Out — Electric Slide-Out System in Bedroom
- Steering Wheel with Leather Cover
- Steering Wheel with Leather Cover, VIP Controls include Wiper and Washer Tilt/Telescopic
- Switch — Battery Selector for Radio
- Switch — Battery Boost (Coach to Chassis Batteries)
- Tires — Radial 275/80R22.5
- Transmission — Allison 3000 MH Six Speed Automatic with Lock Up
- Transmission Cooler
- Transmission Temperature Gauge
- Undercoating — Automotive Type
- Wheels — Aluminum
- Wipers — Wet Arm 28" Windshield Wipers with Intermittent Function
- Wipers — Wet Arm Windshield Wipers with Intermittent Function

**CONSTRUCTION**

- Baggage Doors — Aluminum Baggage Doors with Gas Struts and Slam Latches
- Baggage Doors — Side Swing Aluminum Baggage Doors with Gas Struts and Slam Latches under Curbside Sidewall
- Fiberglass Moulded Front and Rear Mask
- Roof — Domed Kemlite FRP Flexroof
- Steel Cab Floor, Firewall and Dash Structure
- Vacuum Bonded Aluminum Framed Insulated Sidewall and Roof Construction with Thermal Break
- Vacuum Bonded Gelcoat Fiberglass Sidewalls
- Vacuum Bonded Steel Framed Insulated Floor Construction
- Windows — Thermal Pane

A reputation for excellence since 1965.

For over forty years Triple E has produced style, comfort, durability and uncompromising quality in recreation vehicles. We've built our reputation by maintaining full control of the manufacturing process, and almost everything you see in the finished product has been built on site to our renowned high standards, plus those of the Canadian Standards Association or Recreational Vehicle Industry Association. Triple E was also one of the first RV manufacturers to achieve ISO 9001:2000 certification. If you demand the best in your RV, you’ve found it in Triple E.

Coach Net

Triple E is a proud partner of Coach Net, an extensive support program providing complete and fully paid roadside assistance, emergency road service, and special warranty support benefits that follow you throughout Canada and the U.S. Service is free for the first year of ownership and available at a nominal fee for subsequent years.

Coach Net’s 24-Hour Customer Care
- Emergency roadside assistance, including tow vehicle
- Toll free technician hotline for operation and service support
- Toll free nationwide service appointment assistance
- Free custom trip routing and colour maps
- Warranty service at over 6,800 locations throughout North America
- Benefits such as free jump starts, tire changes, fuel delivery and lock-out service

Two Year Limited Warranty

Triple E is proud to offer a two year limited warranty on structure as well as most major components. Please see your dealer for further details.
