

Inspired Elegance

Exult in the freedom of the open road in the awe-inspiring Empress. Our flagship coach is a true tour de force, an exhilarating fusion of superlative interior luxury, inspired design and outstanding drivability. The powerful Cummins ISL-425 HP diesel engine, mounted on a solid Freightliner chassis, will spirit you comfortably away to your next destination while you enjoy the abundant amenities, spacious interior and distinctive furnishings inside. And it's all protected by Triple E's exclusive Climate Guard® system, the best interior comfort and exterior protection package available in the recreational vehicle industry. So go and pursue happiness, wherever it may be, and enjoy the ride.

Here's all the creative atmosphere to let your good times roll. The fully equipped galley offers first-class functionality while the optional Washington Cherry solid wood cabinets with rope inlay and built-in halogen lighting deliver understated opulence.

Ah, the finer things! Sit back and relax with the 42-inch LCD HD TV and home theater system in the new contoured entertainment center, accented by Karadon shelving. Also new for 2009, residential thermal pane solarium windows in the hallway bathe the entire living area in soul-satisfying natural light.

Adding to the Empress's self-containment, the bedroom features a pull-out laundry hamper next to the optional combination washer/dryer.

Comfort and Protection

Born of our northern heritage, Triple E's exclusive Climate Guard® system is quite simply the best interior comfort and exterior protection package available in the recreational vehicle industry today. The Climate Guard® system has been developed with today's motorhome enthusiast in mind. It provides year round climate controlled comfort for passengers as well as built in protection for the motorhome itself, ensuring years of trouble free operation and enjoyment.

The major considerations in building a top quality motorhome are long lasting beauty coupled with the ability to stand up to all weather conditions. The coach is an aluminium and steel framed structure with vacuum bonded GelCoat fibreglass sidewalls and a domed roof finished with a seamless FRP Flexroof.

INTERIOR

- Dometic® roof air conditioners, ducted front to rear, control the temperature throughout the coach.
- High output chassis air conditioner provides travelling comfort.
- Electronic ignition furnaces designed to maintain requested interior temperatures through extreme exterior temperatures.
- High output chassis heater for quick windshield defrost.
- A rear auxiliary automotive heater dashboard control switch makes travel comfortable while heating the fresh water and holding tank compartments.
- Vacuum bonded, aluminum framed, insulated sidewall and roof construction provides structural strength and maintains warmth throughout the coach.
- Coach windows are designed with a dual pane construction impeding the transfer of cold to make the interior of the window warmer and less subject to condensation.
- Insulated vent covers provide superior insulation for the fantastic fans and roof vents.

EXTERIOR

- Scratch and hail resistant gel coat fibreglass sidewalls with all weather exterior finish are easy to maintain and will not rust, pit, or fade.
- A domed, seamless, insulated, one piece FRP Flexroof promotes quick water run off and minimizes exterior maintenance.
- Durable undercoating protects against dust and moisture and reduces stone and road noise.
- Steel enclosed, fibreglass insulated and heated fresh water and holding tanks assure extreme cold climate performance for your plumbing system. Tanks are heated from two different sources the motorhome's ducted furnace while parked and the rear auxiliary automotive heater when travelling.
- Winterization system complete with potable antifreeze tank allows you to easily drain tanks and fill water lines with potable antifreeze.
- Steel, insulated, and sealed firewall protects the driver and passengers from the outside elements.
- Additional 1/2" thermal break insulation in the wall beyond the standard 1" Styrofoam block insulation separates the climate controlled interior from the outside elements.

FLOOR

- 1 One Piece Woven Poly-Propylene Underbelly
- 2 Plywood (3/8")
- 3 Tubular Steel Framing (Welded)
- 4 Styrofoam Filled Wall Support Plates
- 5 Block Styrofoam Insulation (1")
- 6 Plywood (1/2")
- 7 Carpet Underlay
- 8 Carpeting (Floor covering)

SIDEWALLS

- 1 Seamless Gelcoat Fibreglass Exterior
- 2 Aluminium Framing (Welded)
- 3 Styrofoam Filled Floor and Roof Plate
- 4 Block Styrofoam Insulation (1")
- 5 Styrofoam Thermal Break Insulation (1/2")
- 6 Interior Decorative Luaun Wall Panels

ROOF

- 1 One Piece FRP Flexroof
- 2 Lauan Backer
- 3 Aluminium Roof Truss
- 4 Block Styrofoam Insulation (11/2")
- 5 Enclosed/Insulated Climate Control Ducting
- 6 Block Styrofoam Thermal Break Insulation (2")
- 7 Plywood Backing
- 8 Padded Vinyl Headliner

GVWR (GROSS VEHICLE WEIGHT RATING)

The maximum permissible weight of this motorhome. The GVWR is equal to or greater than the sum of the unloaded vehicle weight (UVW) plus the net carrying capacity (NCC).

UVW (UNLOADED VEHICLE WEIGHT)

The weight of the motorhome as built at the factory. The UVW does not include cargo, fresh water, LP gas, factory or dealer installed accessories.

NCC (NET CARRYING CAPACITY)

The maximum weight of personal belongings, food, fresh water, LP gas, tools, tongue weight of towed vehicle, factory and dealer installed accessories, etc., that can be carried by this motorhome. (NCC is equal to or less than GVWR minus UVW.) Please see your dealer for weights of factory installed options.

Two Year Limited Warranty

Triple E is proud to offer a two year limited warranty on structure as well as most major components. Please see your dealer for further details.

Coach Net

Triple E is a proud partner of Coach Net, an extensive support program providing complete and fully paid roadside assistance, emergency road service, and special warranty support benefits that follow you throughout Canada and the U.S. Service is free for the first year of ownership and available at a nominal fee for subsequent years.

Coach Net's 24-Hour Customer Care

- Emergency roadside assistance, including tow vehicle
- Toll free technician hotline for operation and service support
- Toll free nationwide service appointment assistance
- Free custom trip routing and colour maps
- Warranty service at over 6,800 locations throughout North America
- Benefits such as free jump starts, tire changes, fuel delivery and lock-out service

Triple E Recreational Vehicles P.O. Box 1230, Winkler, Manitoba, Canada R6W 4C4 Telephone: (204) 325-4361 Fax: (204) 325-5241

Triple E Recreational Vehicles are designed and built to meet or surpass CSA-RVIA standards covering electrical services, gas services, plumbing services and vehicular safety. Empress motorhomes exceed 96" in width. In some states, 96" is the maximum width of vehicles travelling some or all state roads. It is the responsibility of the owner to be familiar with the road usage laws of the states in which you travel. Product improvement is a continuing process at Triple E Recreational Vehicles. We reserve the right to change specifications on any or all products without prior notice; errors and omissions excepted. Triple E Recreational Vehicles is under no obligation to undertake modification to units manufactured prior to changes on specifications. Brochure pictures may be shown with optional equipment. Colours may not be exactly as shown due to the printing process. Please see your dealer for specific colours.
