ENJOY THE JOURNEY.

Relax on the optional electric tri-fold sofa, or convert it to a large bed for a peaceful nights sleep.

ENJOY THE FREEDOM

Superb interior refinement and irresistible charm have been combined with efficient use of interior space and a host of safety features to ensure that you will be ready to seek out your new journey, no matter where the destination. The Libero sets a new standard of construction and styling that surpasses all motorhomes on the market today. The fit, finish and quality that customers are accustomed to and recognize LTV as, have been the starting point for the Libero.

A recessed, glass lid stove and sink add charm and functionality to the gorgeous modern kitchen area.

Our designers have created an abundance of beautifully curved European style cabinetry, available in a rich cherry wood or natural maple finish, and highlighted by recessed potlights. Maybe you really can take everything with you!
Note: Serenity Chassis Shown in this photo.

Curved Cabinetry

The galley and overhead storage compartments are outfitted in beautiful curved cabinetry available in cherry or maple wood.

Positive Locking Cabinet Pulls

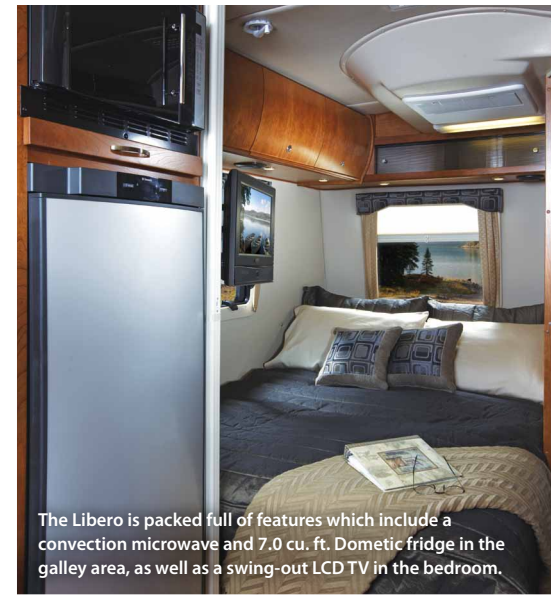

Aesthetically pleasing, our positive locking pulls ensure that cabinets will stay closed while you're on the road.

Say Goodbye to Packing Light

A hanging closet and large, full extension drawers provide ample space for your wardrobe.

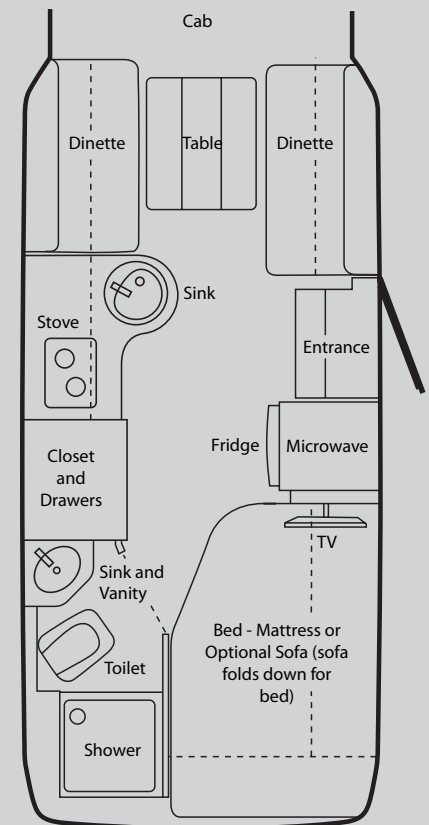

The Libero is packed full of features which include a convection microwave and 7.0 cu. ft. Dometic fridge in the galley area, as well as a swing-out LCD TV in the bedroom.

The drop-leaf table easily accommodates dinner for four, and can be quickly removed to allow the opposing dinette sofas to slide down and create a 48" x 80" bed for guests.
