The spacious design of the GT24MB is outstanding! The cozy workstation is a great place to surf the net on your laptop, while the luxurious u-lounge dinette provides comfortable dinner seating for 4, accented by tasteful art mounted on the wall behind it.

The washroom just might be the piece de resistance of the GT24MB floorplan! Boasting a large shower with glass doors and skylight, mirrored door medicine cabinet, and more storage space than you could imagine, you'll have to see it to believe it!

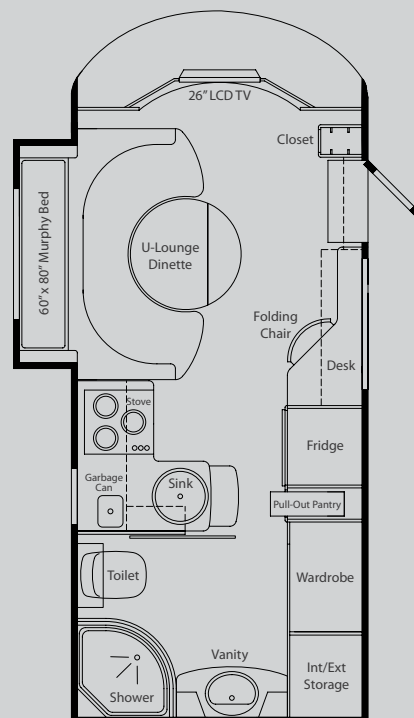

A hanging wardrobe assists in keeping your clothes organized and wrinkle-free.

At night, convert the living area to this beautiful sleeping space by lowering the Murphy Bed onto the base created by folding down the dinette. You're sure to enjoy a great night's rest on the comfortable 60" x 80" queen bed.
