The 2011 Camelot has arrived, and it’s everything—and nothing—you expected. Beginning with the Roadmaster RR10S-Series chassis with tag axle standard, and teamed with a Cummins® ISL 425 horsepower engine, there’s plenty of power. And Camelot’s style is boldly reflected in its two creative floorplans, including a quad-slide with extendable sectional sofa, a bath-and-a-half full-wall slide, and features like ceramic tile throughout the living area, kitchen and bath, hardwood cabinetry, and safety-minded features everywhere. (Pictured: 43DFT/Tiramisu/Glazed Stained Cherry)
Every thoughtful detail and decorative touch says Camelot luxury. Nowhere is this more evident than in the kitchen, with polished radius solid surface countertops and stainless steel appliances, backsplashes in decorative ceramic tile with glass accents, a handy pull-out countertop extension with built-in storage and the convenience of a central vacuum system. The 17-cubic-inch stainless steel four-door refrigerator is an impressive option. (Pictured: 43DFT/Tiramisu/Glazed Stained Cherry)
Camelot’s luxurious bedroom features beautiful raised panel hardwood cabinetry throughout, plush carpet, day/night pleated blackout shades, solid surface nightstands and a 26-inch LCD television (with optional DVD player). Nice optional touches include the stackable washer/dryer and tile flooring in the bedroom.

The 43DFT is a bath-and-a-half floorplan that features a full private bath beyond the bedroom (shown above). Highlights include a one-piece round shower, vanity with solid surface countertop and tile backsplash, a full rear-wall wardrobe and plenty of additional storage. (Pictured: 43DFT/Tiramisu/ Glazed Stained Cherry)

BED, BATH-AND-A-HALF AND BEYOND
ROADMASTER RR10S–SERIES CHASSIS

1. Equipped with a steel firewall and steel stepwell for added safety.
2. Three monitored leveling sensors (two in the rear, one in the front) continually adjust the air pressure within each air bag to maintain a level ride and eliminate nose diving, weight transfer, and floating on curved roads.
3. Automatic Traction Control (ATC) eliminates wheel slippage in slick conditions and heightens control. The Anti-Lock Braking System (ABS) is the ultimate foundation for a luxury ride.

MULTIPLEX WIRING

Multiplex wiring, used throughout the coach, replaces cumbersome bundles of wire with separate modules. These modules communicate via a single wire, making servicing easier and reducing the overall weight of the RV. A service technician can simply hook up a laptop directly to the modules for easy troubleshooting.

CUMMINS POWER

For 2011, the Camelot boasts a powerful Cummins® ISL 425 HP diesel engine. A 10,000 lb. tow hitch is the highest rating in its class. Prewired for supplemental braking system that works with your tow vehicle.

The Cusion Air Glide suspension features ten gas-charged shocks and ten air bags, eight of which are outboard-mounted.

Goodyear® tires 295/80R/22.5.

Allison® 3000 MH 6-Speed World Transmission with electronic shifter. Our exclusive use of synthetic transmission fluid allows for up to three-year maintenance intervals on the Allison transmission.

WARRANTIES

12 month/24,000 mile basic limited warranty
5 year/50,000 mile limited warranty on aluminum or steel frame structure
3 year/50,000 mile limited warranty on Roadmaster Chassis

ROOF CONSTRUCTION

• One-piece peaked fiberglass roof
• Luau backing
• Thick, tapered bead foam insulation
• Aluminum double I-beam superstructure filled with fiberglass insulation
• Vapor barrier
• Structure foam: thermal insulative barrier
• 1/2" bead foam insulation
• Foam padding for extra insulation
• Padded vinyl ceiling

FLOOR CONSTRUCTION

• Decor board
• 1-1/2" x 1-1/2" square tubular aluminum frame
• High performance thermal insulation
• Gel coat fiberglass composite sidewall

SIDEWALL CONSTRUCTION

• Wallcovering
• Decor board
• Structural foam: thermal insulative barrier
• 1/2" bead foam insulation

AROUND-THE-CLOCK SERVICE AND SUPPORT

When you take delivery of your new recreational vehicle, it’s just the beginning of our exclusive around-the-clock Owner Advantage Program. We offer an extensive support program that provides complete roadside assistance and special motor club benefits that follow you wherever your travels take you. We’ve teamed up with the largest RV emergency road service company in the country to give you immediate access to fast, dependable service when and where you need it. Add our toll-free service appointment assistance, plus a technical assistance hotline, and you have the security of full-time support at your fingertips.

For details, call toll-free (877) 211-8135

THE ULTIMATE FOUNDATION.

Take the wheel of a luxury motorhome, and you’re taking the wheel of the chassis it rides on. That’s why Camelot rides exclusively on a Roadmaster chassis that is custom built to deliver the very best diesel motorhome experience. Roadmaster’s construction utilizes advanced design and engineering to distribute stress evenly throughout the entire chassis, reducing the possibility of twisting and increasing durability and reliability. It’s really the ultimate foundation for a luxury ride.

ROADMASTER RR10S–SERIES CHASSIS

1. Equipped with a steel firewall and steel stepwell for added safety.
2. Three monitored leveling sensors (two in the rear, one in the front) continually adjust the air pressure within each air bag to maintain a level ride and eliminate nose diving, weight transfer, and floating on curved roads.
3. Automatic Traction Control (ATC) eliminates wheel slippage in slick conditions and heightens control. The Anti-Lock Braking System (ABS), with front disc brakes and rear drum brakes, gives you superior stopping power, especially on steep grades. Together, these sophisticated systems offer the very best safety on the road.
4. Our exclusive raised rail design provides for larger full-pass-through storage bays with flush floors.
5. Frame rails are constructed of 3-1/2" by 6-1/4" by 3/8" 100,000 PSI steel for greater strength; a side-mounted aluminum radiator and intercooler reduce weight, won’t rust, and deliver better heat transfer than steel cooling components.
6. The Cusion Air Glide suspension features ten gas-charged shocks and ten air bags, eight of which are outboard-mounted.
8. Allison® 3000 MH 6-Speed World Transmission with electronic shifter. Our exclusive use of synthetic transmission fluid allows for up to three-year maintenance intervals on the Allison transmission.
