The perfectionist in you will feel right at home.

Meet the 2006 Dynasty — designed to satisfy those with the highest of standards. Need proof? Simply step inside and count the number of times you say “wow.” From the spacious 6’10” interior height with tiered ceiling to the designer carpeting, to the plush furnishings and gleaming Corian® tops — this is signature styling you’ll find only in a Monaco. And then there’s the craftsmanship. Solid wood raised panel cabinet doors. Crown molding. Pewter finished hardware. These are just a few of the many distinctive elements that make the Dynasty a home.

Versatility is also a key to the Dynasty’s popularity. In the dinette, a legless Corian® table with side-slide adjustment comes standard, or you have the option of a booth dinette in fabric, or fabric/leather combination. In the living area, plush fabric upholstery comes standard, or you may choose luxurious leather. And the optional wraparound computer table with leather Euro-recliner and ottoman makes an excellent choice.

1  The slide-out houses are framed with beautiful decorative hardwood fascia trim that blends seamlessly with the cabinetry.

2  The galley combines the very best in style and efficiency. You’ll love the carefree maintenance of the Corain® countertop with integrated sink and ceramic tile backsplash. And you’ll enjoy the many thoughtful extras, including a built-in Corian® cutting board, a four-compartment drawer organizer and roomy pantry space.

3  A handy option this year is this dishwashing drawer with a well-designed handle for easy opening. It’s just one more timesaving convenience you won’t have to miss while you’re on the road.

4  An exciting new feature you’ll find throughout the coach is Multiplex wiring. This sophisticated system allows switch panels like these to be located in multiple convenient locations — giving you easier access to the controls for slide-outs, lighting and more. Multiplexing also reduces the amount of wiring needed in the coach, reducing weight and making servicing easier.
Interior, 42 Diamond IV, Spiced Maple, Metallo Platinum II.
In a Monaco, the most stylish cockpit is also the safest.

At first glance, you’ll notice all the luxurious comforts that await you behind the wheel of the Dynasty — including a new two-tone leather steering wheel and leather seats with six-way power controls. We’d also like to point out some important safety features, beginning with the steel cage cockpit construction — the strongest you’ll find anywhere. In addition, the exclusive Panaview™ one-piece windshield provides the largest unobstructed view you’ll find anywhere, with low-mounted wipers and more slender side pillars. And for 2006, the Dynasty offers a complete package of state-of-the-art electronics, including color rear vision with audio, the Aladdin™ video system and the optional GPS navigation, SEE-Vision coach monitoring and OnStar® mobile assistance systems.

1 As you study the many features in the front of the coach, allow us to point out an exciting new highlight. To give you more space in the living area, the pilot seat now automatically moves forward when the slide-out is engaged.
The 2006 Dynasty is available in a remarkable selection of innovative floorplans ranging from 39’ to 42’, with double, triple and quad slide-outs. No matter which one you choose, you’ll enjoy more livable interior space and more easy-to-reach storage than any other manufacturer has to offer.

Furniture Options:
- King Bed (70” x 80”) (N/A: 42 Countess III)

When you think Monaco, you think impeccable styling. And 2006 is no exception. No matter where your tastes lie — from traditional to contemporary, conservative to bold — we give you more ways to turn your motorhome into your dream home.

Better Stain Protection
Manufactured in, not added on. For added protection against stains, Dupont Teflon® soil repellant is applied to virtually all upholstery fabric during the finishing process for superior coverage.*

* Brand and application of upholstery fabric protection may vary depending on date recreational vehicle was manufactured.

1. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order. Component part and appliance manufacturers issue limited warranties covering those portions of the recreational vehicle not covered by the Limited Warranties issued by Monaco Coach Corporation. To learn which specific component, part, or material or component specifications are its sole option, without notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance.

2. Actual filled LP capacity is 80% of listing due to safety shut-off required on tank. The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Monaco Coach provides a weight sticker on each unit we produce which includes that unit’s tank capacities and approximate weight. Consult your local Monaco Coach dealer for unit availability and further information.

3. Actual filled LP capacity is 80% of listing due to safety shut-off required on tank. The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Monaco Coach provides a weight sticker on each unit we produce which includes that unit’s tank capacities and approximate weight. Consult your local Monaco Coach dealer for unit availability and further information.

4. All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual “usable capacity” may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

There’s strength in our numbers.

As you consider your RV purchase, there’s one thing we’d like you to keep in mind: Nobody does customer service like Monaco. Period. Our staff is available 24/7/365 to help you with virtually any situation that may arise — with troubleshooting, operational instruction or facilitating repairs at the nearest of our 350 nationwide service centers. In addition, you’ll be enrolled in our Owner Advantage Roadside Assistance Program free of charge for your first year of ownership — providing additional emergency assistance, including towing, tire repairs and many more services around the clock. In short, when you purchase an RV from Monaco Coach Corporation, you get a wider array of benefits than any other manufacturer can offer.

To see it all for yourself, call 1-800-634-0855 or 1-800-650-7337, to arrange a tour of one of the 350 Monaco Coach Corporation facilities in Oregon or Indiana.
