

MONACO®

DRIVING YOUR DREAM.

## FOR THE JOURNEY AND THE DESTINATION

For those RV enthusiasts who wish to combine your appreciation for life's finer things with your passion for blazing a trail, the 2011 Dynasty was designed just for you. Your choice of three 45-foot floorplans, including two quad-slide bath-in-a-half plans and a roomy five-slide plan, along with three stunning décor and paint packages, including a Ralph Lauren package. Just the start to creating your perfect living environment, and the ultimate living experience. Like its historical namesake, Dynasty offers the best of all worlds — power, prestige, luxury and elegance. *(Pictured: Majestic V/Cognac Swirl/Glazed Cherry with Accent Door Trim)*

## A RECIPE FOR LIVING

State-of-the-art amenities and impeccable styling grace Dynasty's kitchen and dining area. Standards include a stainless steel residential refrigerator, high gloss solid surface countertops throughout, decorative tile backsplashes, ceramic tile flooring, and a central vacuum system for convenience. Nice optional touches include a stainless steel four-door refrigerator and dishwasher.

*(Pictured: Majestic V/Cognac Swirl/  
Glazed Cherry with Accent Door Trim)*

## AT THE END OF THE DAY

Dynasty's luxurious master suite is designed to give you standard and optional features that best suit you. Select a rear bedroom or a bath-in-a-half layout that features a full private bath beyond the bedroom. A queen or king Select Comfort air mattress. Manual or power solar screens with blackout shades. Ceramic tile or plush carpet. It's all up to you. (Pictured: Majestic V/Cognac Swirl/Glazed Cherry with Accent Door Trim)

**Roadmaster**  
Chassis

## ROADMASTER S-SERIES SEMI-MONOCOQUE CHASSIS

**1** 10,000 lb. hitch receiver offers powerful towing capacity with 7/4-way trailer plug. Optional 15,000 lb. hitch receiver also available.

**2** Allison® 4000 MH 6-speed transmission for smooth shifting; our exclusive use of synthetic transmission fluid allows for up to three-year maintenance intervals.

**3** Cushion Air Glide suspension system positions ten shocks and ten air bags, eight of which are outboard-mounted with auto-leveling for greater stability, a smoother ride and the best handling in its class.

• **Unique three-degree rear axle tilt** perfectly aligns the engine, transmission and differential, minimizing stress on the drivetrain and

reducing noise in the coach.

• **Automatic Traction Control (ATC)** eliminates wheel slippage in slick conditions and heightens controls.

• **Tag axle lifts** for added maneuverability in tight spots.

**4** Full length frame rails fabricated from 3" by 8" by 1/4" 60,000 PSI structural steel; rails are spaced 44" on center for a wider stance and unmatched strength.

**5** The semi-monocoque design, with trussed superstructure, distributes stress evenly throughout the entire chassis and adds strength to sidewalls and bays.

**6** P295/80R/22.5 Goodyear steel-belted all-season tires ensure a safe and quiet ride (G670 RV tire).

**7** The power steering box allows for a 50-degree front wheel turn angle in both directions for better maneuverability and

returns the steering wheel to its center position to eliminate driver fatigue.

**8** All chassis are equipped with steel cage construction, steel firewall and steel stepwell and added safety.

**9** Accuride rim with AccuShield coating that cleans easily with soap and water.

## CUMMINS MUSCLE

Dynasty boasts a powerful Cummins® ISM 500 HP diesel engine with 1,550 lbs./ft. of torque standard on all three of its floorplans. Power you never dreamed possible.

## THE ULTIMATE FOUNDATION.

Take the wheel of a luxury motorhome, and you're taking the wheel of the chassis it rides on. That's why the Dynasty rides exclusively on a Roadmaster chassis that is custom built to deliver the very best diesel motorhome experience. Roadmaster's semi-monocoque construction utilizes advanced design and engineering to distribute stress evenly throughout the entire chassis, reducing the possibility of twisting and increasing durability and reliability. It's really the ultimate foundation for a luxury ride.

## MULTIPLEX WIRING

Multiplex wiring, used throughout the coach, replaces cumbersome bundles of wire with separate modules. These modules communicate via a single wire, making servicing easier and reducing the overall weight of the RV. A service technician can simply hook up a laptop directly to the modules for easy troubleshooting.

## ROOF CONSTRUCTION

(top to bottom)

- One-piece peaked fiberglass roof
- Luaun backing
- Thick, tapered bead foam insulation
- Tubular steel framework
- Vapor barrier
- Structure foam: thermal insulative barrier
- Marine grade plywood sheeting
- Foam padding for extra insulation
- Padded vinyl ceiling

## SIDEWALL CONSTRUCTION

(left to right)

- Wallpaper
- Décor board
- Heavy-gauge tubular steel
- High performance thermal insulation
- Gel coat fiberglass composite sidewall

## FLOOR CONSTRUCTION

(top to bottom)

- Tile or carpet pad and carpeting
- Steel framed five layer flooring
- OSB flooring
- Decibal paper
- OSB flooring
- Waterproof underbelly

## AROUND-THE-CLOCK SERVICE AND SUPPORT

When you take delivery of your new recreational vehicle, it's just the beginning of our exclusive around-the-clock Owner Advantage Program. We offer an extensive support program that provides complete roadside assistance and special motor club benefits that follow you wherever your travels take you. We've teamed up with the largest RV emergency road service company in the country to give you immediate access to fast, dependable service when and where you need it. Add our toll-free service appointment assistance, plus a technical assistance hotline, and you have the security of full-time support at your fingertips.

For details, call toll-free (877) 211-8135

## WARRANTIES

12 month/24,000 mile basic limited warranty

5 year/50,000 mile limited warranty on aluminum or steel frame structure

3 year/50,000 mile limited warranty on Roadmaster Chassis

(\*Review your coach's limited warranty in full for complete terms and conditions.)

<sup>1</sup>Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner's manual for further towing information.

<sup>2</sup>All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual "usable capacity" may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

<sup>3</sup>Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Monaco provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Monaco dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications

as its sole option, without notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may depict a floorplan option that has been discontinued or is no longer available at the time of your purchase. Photographs may show props or decorations that are not standard equipment. Monaco, the Monaco logo and its design, are registered trademarks. Other products and company names are trademarks and/or registered trademarks of their respective holders. While the color of the motorhome's exterior and the interior fabrics depicted in this sales brochure are fair and

reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and printing. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer. Component part and appliance manufacturers issue limited warranties covering portions of the recreational vehicle not covered under the Limited Warranties issued by Monaco RV, LLC. To learn specific details regarding warranty coverage, please contact your selling dealership or review the warranty packet inside the recreational vehicle.
